Ambrose, 2011-11 In this sweeping adventure story Stephen E Ambrose the bestselling author of D Day presents the definitive account of one of the most momentous journeys in American history Ambrose follows the Lewis and Clark Expedition from Thomas Jefferson s hope of finding a waterway to the Pacific through the heart stopping moments of the actual trip to Lewis lonely demise on the Natchez Trace Along the way Ambrose shows us the American West as Lewis saw it wild awesome and pristinely beautiful Undaunted Courage is a stunningly told action tale that will delight readers for generations In 1803 President Thomas Jefferson selected his personal secretary Captain Meriwether Lewis to lead a voyage up the Missouri River to the Rockies over the mountains down the Columbia River to the Pacific Ocean and back Lewis was the perfect choice He endured incredible hardships and saw incredible sights including

vast herds of buffalo and Indian tribes that had had no previous contact with white men He and his partner Captain William Clark made the first map of the trans Mississippi West provided invaluable scientific data on the flora and fauna of the Louisiana Purchase territory and established the American claim to Oregon Washington and Idaho Ambrose has pieced together previously unknown information about weather terrain and medical knowledge at the time to provide a colorful and realistic backdrop for the expedition Lewis saw the North American continent before any other white man Ambrose describes in detail native peoples weather landscape science everything the expedition encountered along the way through Lewis's eyes Lewis is supported by a rich variety of colorful characters first of all Jefferson himself whose interest in exploring and acquiring the American West went back thirty years Next comes Clark a rugged frontiersman whose love for Lewis matched Jefferson's There are numerous Indian chiefs and Sacagawea the Indian girl who accompanied the expedition along with the French Indian hunter Drouillard the great naturalists of Philadelphia the French and Spanish fur traders of St Louis John Quincy Adams and many more leading political scientific and military figures of the turn of the century This is a book about a hero This is a book about national unity But it is also a tragedy When Lewis returned to Washington in the fall of 1806 he was a national hero But for Lewis the expedition was a failure Jefferson had hoped to find an all water route to the Pacific with a short hop over the Rockies Lewis discovered there was no such passage Jefferson hoped the Louisiana Purchase would provide endless land to support farming but Lewis discovered that the Great Plains were too dry Jefferson hoped there was a river flowing from Canada into the Missouri but Lewis reported there was no such river and thus no U S claim to the Canadian prairie Lewis discovered the Plains Indians were hostile and would block settlement and trade up the Missouri Lewis took to drink engaged in land speculation piled up debts he could not pay made jealous political enemies and suffered severe depression High adventure high politics suspense drama and diplomacy combine with high romance and personal tragedy to make this outstanding work of scholarship as readable as a novel

André Michaux in North America André Michaux, 2020-03-31 Journals and letters translated from the original French bring Michaux's work to modern readers and scientists Known to today's biologists primarily as the Michx at the end of more than 700 plant names Andr Michaux was an intrepid French naturalist Under the directive of King Louis XVI he was commissioned to search out and grow new rare and never before described plant species and ship them back to his homeland in order to improve French forestry agriculture and horticulture He made major botanical discoveries and published them in his two landmark books *Histoire des ch nes de l Am rique* 1801 a compendium of all oak species recognized from eastern North America and *Flora Boreali Americana* 1803 the first account of all plants known in eastern North America Straddling the fields of documentary editing history of the early republic history of science botany and American studies Andr Michaux in North America Journals and Letters 1785 1797 is the first complete English edition of Michaux's American journals This copiously annotated translation includes important excerpts from his little known correspondence as well as a substantial introduction situating Michaux and his work in the

larger scientific context of the day To carry out his mission Michaux traveled from the Bahamas to Hudson Bay and west to the Mississippi River on nine separate journeys all indicated on a finely rendered color coded map in this volume His writings detail the many hardships debilitating disease robberies dangerous wild animals even shipwreck that Michaux endured on the North American frontier and on his return home But they also convey the soaring joys of exploration in a new world where nature still reigned supreme a paradise of plants never before known to Western science The thrill of discovery drove Michaux ever onward even ultimately to his untimely death in 1802 on the remote island of Madagascar **The**

Jeffersonian Cyclopedia Thomas Jefferson,1900 *The Jeffersonian cyclopedia, a collection of the views of T. Jefferson, ed. by J.P. Foley* Thomas Jefferson,1900 **Discovering Nothing** David L. Nicandri,2024-06-01 The many attempts by

navigators to find a Northwest Passage via its Pacific portal all ended in failure however their discoveries spurred expansionist developments that would forever alter the landscape of North America In *Discovering Nothing* David L Nicandri maps a cast of geographic visionaries and practical explorers as they promoted or sought a workable commercial route linking the Pacific Ocean to the Atlantic The discovery of the legendary northern passage proved elusive but the equivalent land bridges that were built in the form of two transcontinental railroads changed the futures of Canada and the United States Drawing from close readings of explorers personal journals Nicandri provides readers a detailed engaging and multifaceted investigation into the many players and failed enterprises at the core of this search beginning in the eighteenth century through to today and to the unexpected impact of climate change on this fabled passage *Oregon Historical*
