Jules Schelvis

Show Trial The Conspiracy To Convict John Demjanjuk As Ivan The Terrible:

Show Trial Yoram Sheftel, 1995 Mistakenly identified as the Nazi war criminal Ivan of Treblinka John Demjanjuk was extradited from the United States spent over seven years in prison and was sentenced to death before being acquitted This work written by his lawyer describes how a terrible miscarriage of justice was avoided [The Memory of Judgment](#) Lawrence Douglas, 2001-01-01 This is an examination of the law's response to the crimes of the Holocaust It studies exemplary proceedings including the Nuremberg trial of the major Nazi war criminals and the Israeli trials of Adolf Eichmann and John Demjanjuk **The Historiography of the Holocaust** D. Stone, 2004-01-20 This collection of essays by leading scholars in their fields provides the most comprehensive and up to date survey of Holocaust historiography available Covering both long established historical disputes as well as research questions and methodologies that have developed in the last decade's massive growth in Holocaust Studies this collection will be of enormous benefit to students and scholars alike *The Right Wrong Man* Lawrence Douglas, 2018-01-08 Now the subject of the Netflix documentary *The Devil Next Door* The incredible story of the most convoluted legal odyssey involving Nazi war crimes In 2009 Harper's Magazine sent war crimes expert Lawrence Douglas to Munich to cover the last chapter of the lengthiest case ever to arise from the Holocaust the trial of eighty nine year old John Demjanjuk Demjanjuk's legal odyssey began in 1975 when American investigators received evidence alleging that the Cleveland autoworker and naturalized US citizen had collaborated in Nazi genocide In the years that followed Demjanjuk was stripped of his American citizenship and sentenced to death by a Jerusalem court as Ivan the Terrible of Treblinka only to be cleared in one of the most notorious cases of mistaken identity in legal history Finally in 2011 after eighteen months of trial a court in Munich convicted the native Ukrainian of assisting Hitler's SS in the murder of 28 060 Jews at Sobibor a death camp in eastern Poland An award winning novelist as well as legal scholar Douglas offers a compulsively readable history of Demjanjuk's bizarre case *The Right Wrong Man* is both a gripping eyewitness account of the last major Holocaust trial to galvanize world attention and a vital meditation on the law's effort to bring legal closure to the most horrific chapter in modern history **Sobibor** Jules Schelvis, 2014-05-20 Auschwitz Treblinka The very names of these Nazi camps evoke unspeakable cruelty Sobibor is less well known and this book discloses the horrors perpetrated there Established in German occupied Poland the camp at Sobibor began its dreadful killing operation in May 1942 By October 1943 approximately 167 000 people had been murdered there Sobibor is not well documented and were it not for an extraordinary revolt on 14 October 1943 we would know little about it On that day prisoners staged a remarkable uprising in which 300 men and women escaped The author identifies only forty seven who survived the war Sent in June 1943 to Sobibor where his wife and family were murdered Jules Schelvis has written the first book length fully documented account of the camp He details the creation of the killing centre its personnel the use of railways selections forced labour gas chambers escape attempts and the historic uprising In documenting this part of

Holocaust history this compelling and well researched account advances our knowledge and understanding of the Nazi attempt to annihilate the European Jews Published in association with the United States Holocaust Memorial Museum

Genocide Denials and the Law Ludovic Hennebel, Thomas Hochmann, 2011 In *Genocide Denials and the Law* Ludovic Hennebel and Thomas Hochmann offer a thorough study of the relationship between law and genocide denial from the perspectives of specialists from six countries This controversial topic provokes strong international reactions involving emotion caused by denial along with concerns about freedom of speech The authors offer an in depth study of the various legal issues raised by the denial of crimes against humanity presenting arguments both in favor of and in opposition to prohibition of this expression They do not adopt a pro or contra position but include chapters written by proponents and opponents of a legal prohibition on genocide denial Hennebel and Hochmann fill a void in academic publications by comparatively examining this issue with a collection of original essays They tackle this diverse topic comprehensively addressing not only the theoretical and philosophical aspects of denial but also the specific problems faced by judges who implement anti denial laws *Genocide Denials and the Law* will provoke discussion of many theoretical questions regarding free speech including the relationship between freedom of expression and truth hate memory and history **The Trial on Trial: Volume 2** R A Duff, Lindsay Farmer, Sandra Marshall, Victor Tadros, 2006-04-05 What are the aims of a criminal trial What social functions should it perform And how is the trial as a political institution linked to other institutions in a democratic polity What follows if we understand a criminal trial as calling a defendant to answer to a charge of criminal wrongdoing and if he is judged to be responsible for such wrongdoing to account for his conduct A normative theory of the trial an account of what trials ought to be and of what ends they should serve must take these central aspects of the trial seriously but they raise a number of difficult questions They suggest that the trial should be seen as a communicative process but what kinds of communication should it involve What kind of political theory does a communicative conception of the trial require Can trials ever actually amount to more than the imposition of state power on the defendant What political role might trials play in conflicts that must deal not simply with issues of individual responsibility but with broader collective wrongs including wrongs perpetrated by or in the name of the state These are the issues addressed by the essays in this volume The third volume in this series in which the four editors of this volume develop their own normative account will be published in 2007 *Law Against Genocide* David Hirsh, 2012-09-10 Bringing a sociologist's insight to legal institutions and narratives this book is an innovative and timely sociological contribution to current concerns regarding critical cosmopolitanism human rights and crimes against humanity Defending 'Ivan the Terrible' Yoram Sheftel, 1996-05 Soon in their zeal to send to his death the man they claimed was Ivan U S government officials were concealing evidence that proved Demjanjuk innocent so they could take away his citizenship and extradite him to Israel all the while hiding the truth *In the Maelstrom* Myroslav Shkandrij, 2023-03-15 An estimated 25 000 Ukrainians served in the Fourteenth Waffen SS Galicia Division Conflicting

accounts of their reasons for enlistment and continuing accusations of wartime criminality have fuelled controversial debate for decades The first comprehensive study of the division to address both its wartime experience and its postwar fate In the Maelstrom draws on archival research that includes interrogation records interviews memoirs testimonies and creative literature The accounts of veterans often begin with being drafted into the force in their teenage years and continue into postwar life in Italian and British internment camps These reminiscences are compared with wartime records and recent narratives Myroslav Shkandrij discusses the commissions of inquiry into war crimes during the 1980s recent debates over the issue of monuments and commemoration and different ways in which veterans the diaspora community Western governments and researchers have approached the division and its history In the Maelstrom brings to light the underexplored Ukrainian experience in the Galicia Division during and after the war an experience that resonates strongly today

Extradition, Politics, and Human Rights Christopher H. Pyle, 2001 Three hundred years ago few people cared about the murky past of new arrivals to the United States and the countries they had left made few efforts to pursue them to their new home Today with the growth of bureaucracy telecommunications and air travel extradition has become a full time business But the public's knowledge of and consequent concern about extradition remains minimal aroused from time to time by newspaper headlines only to fade In this readable and compelling history of extradition in America Christopher Pyle remedies that ignorance Using American constitutional law and drawing on a wealth of historical cases he describes the collision of law and politics that occurs when a foreign country demands the surrender of individuals held to be terrorists by some and freedom fighters by others He shows how U S policymakers have attempted to substitute deportation for extradition and turn the surrender of a foreign national or even an American citizen into a political rather than a judicial process Beginning with the New England Puritans refusal to surrender to the regicides who had signed the death warrant of King Charles I he traces the attitudes and ideologies that have shaped American extradition practice culminating in the efforts by the Reagan and Bush administrations to turn the legal extradition process into an executive tool of state policy Along the way we meet such legal luminaries as James Madison and John Stuart Mill William Rehnquist and Oliver North as well as pirates and fugitive slaves anarchists and refugees drug lords and runaway sailors Woven throughout this story is the author's belief that current developments in extradition law ignore or actually violate the principles of individual liberty due process and humanity on which we claim our country was built As he remarks in the Introduction Extradition involves the surrender of human beings persons under the protection of our Constitution to foreign regimes many of which are unjust This reality was well understood in the eighteenth and nineteenth centuries when the United States was a refuge for the victims of European oppression but it has been disregarded frequently in the twentieth century as we have sought to stem the tide of immigration and develop advantageous economic and political relations with autocratic regimes of every stripe

Author note Christopher H Pyle is Professor of Politics at Mount Holyoke College He is the author of several books and

Congressional reports and has frequently testified before Congress on the subject of extradition and deportation *The Cambridge Companion to International Criminal Law* William Schabas, 2016-01-07 An authoritative introduction to international criminal law written by renowned international lawyers judges prosecutors criminologists and historians

The Nuremberg Trials: International Criminal Law Since 1945 Herbert R. Reginbogin, Christoph Safferling, 2011-11-30 60 years after the trials of the main German war criminals the articles in this book attempt to assess the Nuremberg Trials from a historical and legal point of view and to illustrate connections contradictions and consequences In view of constantly reoccurring reports of mass crimes from all over the world we have only reached the halfway point in the quest for an effective system of international criminal justice With the legacy of Nuremberg in mind this volume is a contribution to the search for answers to questions of how the law can be applied effectively and those committing crimes against humanity be brought to justice for their actions No Simple Victory Norman Davies, 2008-08-26 One of the world's leading historians re-examines World War II and its outcome A clear-eyed reappraisal of World War II that offers new insight by reevaluating well-established facts and pointing out lesser-known ones No Simple Victory asks readers to reconsider what they know about the war and how that knowledge might be biased or incorrect Norman Davies poses simple questions that have unexpected answers Can you name the five biggest battles of the war What were the main political ideologies that were contending for supremacy The answers to these questions will surprise even those who feel that they are experts on the subject Davies has established himself as a preeminent scholar of World War II No Simple Victory is an invaluable contribution to twentieth-century history and an illuminating portrait of a conflict that continues to provoke debate

Russian Active Measures Olga Bertelsen, 2021-03-30 The contributions gathered in this fascinating collection in which scholars from a diverse range of disciplines share their perspectives on Russian covert activities known as Russian active measures help readers observe the profound influence of Russian covert action on foreign states policies cultures people's mentality and social institutions past and present Disinformation forgeries major show trials cooptation of Western academia memory and cyber wars and changes in national and regional security doctrines of states targeted by Russia constitute an incomplete list of topics discussed in this volume Most importantly through a nexus of perspectives and through the prism of new documents discovered in the former KGB archives the texts highlight the enormous scale and the legacies of Soviet Russian covert action Because of Russia's annexation of Crimea in 2014 and its on-going war in Ukraine's Donbas Ukraine lately gained international recognition as the epicenter of Russian disinformation campaigns invigorating popular and scholarly interest in conventional and non-conventional warfare The studies included in this collection illuminate the objectives and implications of Russia's attempts to ideologically subvert Ukraine as well as other nations Examining them through historical lenses reveals a cultural clash between Russia and the West in general Crimes of the Holocaust Stephan Landsman, 2013-03-01 The problem of prosecuting individuals complicit in the Nazi regime's Final Solution is almost

insurmountably complex and has produced ever less satisfying results as time has passed In Crimes of the Holocaust Stephan Landsman provides detailed analysis of the International Military Tribunal prosecution at Nuremberg in 1945 the Eichmann trial in Israel in 1961 the 1986 Demanjuk trial in Israel and the 1990 prosecution of Imre Finta in Canada Landsman presents each case and elaborates the difficulties inherent in achieving both a fair trial and a measure of justice in the aftermath of heinous crimes In the face of few historical and legal precedents for such war crime prosecutions each legal action relies on the framework of its predecessors However this only compounds the problematic issues arising from the Nuremberg proceedings Meticulously combing volumes of testimony and documentary information about each case Landsman offers judicious and critical assessments of the proceedings He levels pointed criticism at numerous elements of this relatively recent judicial invention sparing neither judges nor counsel and remaining keenly aware of the human implications Deftly weaving legal analysis with cultural context Landsman offers the first rigorous examination of these problematic proceedings and proposes guideposts for contemporary tribunals Crimes of the Holocaust is an authoritative account of the Gordian knot of genocide prosecution in the world courts which will persist as a confounding issue as we are faced with a trial of Saddam Hussein This volume will be compelling reading for legal scholars as well as laypersons interested in these cases and the issues they address *Commentary* ,1997 *Hitler's Doubles: Fully-Illustrated* Peter Fotis Kapnistos,2018-08-22 Was the brutal dictator of the 20th century the masked instrument of a double image delusion Recently released war records reveal political decoys doppelgangers or body doubles It is documented that the Nazi Fuhrer vetted at least four doubles Look alike and crisis actors were used to impersonate Hitler in order to draw attention away from him and to deal with risks on his behalf Hitler s Doubles details their names their peacetime occupations their deaths and an escape to South America The world s first donor artificial insemination was with the wife of a Quaker in the late 1800s Who was the top secret paternal donor Was the Quaker son British agent Aleister Crowley one of Adolf Hitler s doubles Why did Walt Disney make use of Nazi scientists to build space technology after he visited South America **Jewish-Ukrainian Bibliography** Andrew Gregorovich,1999 Forum ,2002
