Somerville, 2010 Vols for 2004 by Christopher Somerville Medieval Ireland Clare Downham, 2017-12-07 Medieval Ireland is often described as a backward looking nation in which change only came about as a result of foreign invasions By examining the wealth of under explored evidence available Downham challenges this popular notion and demonstrates what a culturally rich and diverse place medieval Ireland was Starting in the fifth century when St Patrick arrived on the island and ending in the fifteenth century with the efforts of the English government to defend the lands which it ruled directly around Dublin by building great ditches this up to date and accessible survey charts the internal changes in the region Chapters dispute the idea of an archaic society in a wide range of areas with a particular focus on land use economy society religion politics and culture This concise and accessible overview offers a fresh perspective on Ireland in the Middle Ages and overthrows many enduring stereotypes *Journal of the Royal Asiatic Society of Great Britain and Ireland* Royal Asiatic Society of Great Britain and Ireland, 1903 Churches in Early Medieval Ireland Tomás Ó Carragáin, 2010 This is the first book devoted to churches in Ireland dating from the arrival of Christianity in the fifth century to the early stages of the Romanesque around 1100 including those built to house treasures of the golden age of Irish art such as the Book of Kells and the Ardagh chalice Carragáin's comprehensive survey of the surviving examples forms the basis for a far reaching analysis of why these buildings looked as they did and what they meant in the context of early Irish society Carragáin also identifies a clear political and ideological context for the first Romanesque churches in Ireland and shows that to a considerable extent the Irish Romanesque represents the perpetuation of a long established architectural tradition **Heritage and Tourism in Britain and Ireland** Glenn Hooper, 2017-02-25 This edited collection examines the natural but sometimes troubled relationship that exists between heritage and tourism Chapters included focus on a selection of topics including literary tourism industrial heritage conservation and care Employing a range of historical and cultural materials as well as an extensive number of case studies the chapters offer an engaging overview of heritage and tourism developments across the Isles especially in terms of recent policy and strategy initiatives new facilities and infrastructure as well as the different and evolving management systems currently in place Interdisciplinary in scope and drawing on the expertise of researchers from within both academia and industry this volume will be of particular importance to those with interests in management and the humanities *Rick Steves Ireland* Rick Steves, Patrick O'Connor, 2022-12-13 Now more than ever you can count on Rick Steves to tell you what you really need to know when traveling through Ireland From rustic towns and emerald valleys to lively cities and moss draped ruins experience it all with Rick Steves Inside Rick Steves Ireland you'll find Fully updated comprehensive coverage for planning a multi week trip through Ireland Rick's strategic advice on how to get the most of your time and money with rankings of his must see favorites Top sights and hidden gems from the Rock of Cashel and the Ring of Kerry to distilleries making whiskey with hundred year old recipes How to connect with local culture Hoist a pint at the corner pub enjoy traditional fiddle music and jump into conversations buzzing with brogue Beat the crowds skip the lines

Power,1925 **Bulletin of the Public Library of the City of Boston** Boston Public Library,1912 **Ireland's Holy Wars** Marcus Tanner,2003-01-01 For much of the twentieth century Ireland has been synonymous with conflict the painful struggle for its national soul part of the regular fabric of life And because the Irish have emigrated to all parts of the world while always remaining Irish the troubles have become part of a common heritage well beyond their own borders In most accounts of Irish history the focus is on the political rivalry between Unionism and Republicanism But the roots of the Irish conflict are profoundly and inescapably religious As Marcus Tanner shows in this vivid warm and perceptive book only by understanding the consequences over five centuries of the failed attempt by the English to make Ireland into a Protestant state can the pervasive tribal hatreds of today be seen in context Tanner traces the creation of a modern Irish national identity through the popular resistance to imposed Protestantism and the common defense of Catholicism by the Gaelic Irish and the Old English of the Pale who settled in Ireland after its twelfth century conquest The book is based on detailed research into the Irish past and a personal encounter with today's Ireland from Belfast to Cork Tanner has walked with the Apprentice Boys of Derry and explored the so called Bandit Country of South Armagh He has visited churches and religious organizations across the thirty two counties of Ireland spoken with priests pastors and their congregations and crossed and re crossed the lines that for centuries have isolated the faiths of Ireland and their history **Journal of the Royal Asiatic Society of Great Britain & Ireland** Royal Asiatic Society of Great Britain and Ireland,1928
