Shrink Rap:

Eavesdropping Lucy Huskinson, Terrie Waddell, 2014-11-27 What can depictions of psychotherapy on screen teach us about ourselves In Eavesdropping a selection of contributions from internationally based film consultants practicing psychotherapists and interdisciplinary scholars investigate the curious dynamics that occur when films and television programmes attempt to portray the psychotherapist and the complexities of psychotherapy for popular audiences The book evaluates the potential mismatch between the onscreen psychotherapist whose raison d'être is to entertain and engage global audiences and the professional real life counterpart who becomes intimately involved with the dramas of their patients While several contributors conclude that actual psychotherapy and the way psychotherapists and their clients grapple with notions of fantasy and reality would make a rather poor show Eavesdropping demonstrates the importance of psychotherapy and psychotherapists on screen in assisting us to wrestle with the discomfort and humour of our lives Offering a unique insight into perceptions of psychotherapy Eavesdropping will be essential and insightful reading for analytical psychologists psychoanalysts academics and students of depth psychology film and television studies media studies and literature as well as filmmakers

The Private Life Josh Cohen, 2013-10-03 The war over private life spreads inexorably Some seek to expose invade and steal it others to protect conceal and withhold it Either way the assumption is that privacy is a possession to be won or lost But what if what we call private life is the one element in us that we can't possess Could it be that we're so intent on taking hold of the privacy of others or keeping hold of our own only because we're powerless to do either In this groundbreaking book Josh Cohen uses his experience as a psychoanalyst literature professor and human being to explore the concept of private life as the presence in us of someone else an uncanny stranger both unrecognisable and eerily familiar who can be neither owned nor controlled Drawing on a dizzying array of characters and concerns from John Milton and Henry James to Katie Price and Snoopy from philosophy and the Bible to pornography and late night TV The Private Life weaves a richly personal tapestry of ideas and experience In a culture that

floods our lives with light it asks how is it that we remain so helplessly in the dark

My Confection Lisa Kotin,2016-01-05 A funny candid and original coming of age story told through sugar addiction She doesn't drink or do drugs but like millions of other Americans Lisa Kotin has a substance abuse problem Kotin is addicted to sugar My Confection is a darkly funny and candid memoir of where sugar took this teenage mime when she left her San Francisco Bay Area home in pursuit of artistic greatness From the strict macrobiotic house where she is kicked out for smuggling Snickers to her early days of Overeaters Anonymous meetings where she is bewildered by the idea of submitting to a higher power to the stylish shrink who suggests she figure out how many minutes of tennis equal the calories in one jelly donut to the men she unwraps and consumes like cheap chocolate bars Kotin careens from romantic disasters to caloric catastrophes Original and surprisingly affecting this portrait of a sugar addict has nothing to do with losing weight or getting fit but rather with coming out of the sugar closet finding allies who understand and learning how to live healthfully in spite of her compulsion
