Autism in Film and Television Murray Pomerance, R. Barton Palmer, 2022-03-29 Global awareness of autism has skyrocketed since the 1980s and popular culture has caught on with film and television producers developing ever more material featuring autistic characters. Autism in Film and Television brings together more than a dozen essays on depictions of autism, exploring how autistic characters are signified in media and how the reception of these characters informs societal understandings of autism. Editors Murray Pomerance and R. Barton Palmer have assembled a pioneering examination of autism's portrayal in film and television. Contributors consider the various means by which autism has been expressed in films such as *Phantom Thread*, *Mercury Rising* and *Life Animated* and in television and streaming programs including *Atypical*, *The Bridge*, *Stranger Things*, *Star Trek: The Next Generation* and *Community*. Across media, the figure of the brilliant, accomplished and quirky autistic has proven especially appealing. Film and television have thus staked out a progressive position on neurodiversity by insisting on screen time for autism but have done so while frequently ignoring the true diversity of autistic experience. As a result, this volume is a welcome celebration of nonjudgmental approaches to disability, albeit one that is still freighted with stereotypes and elisions.

The Peep Diaries Hal Niedzviecki, 2009-06-01 We have entered the age of peep culture: a tell-all, show-all, know-all digital phenomenon that is dramatically altering notions of privacy, individuality, security and even humanity. Peep culture is reality TV, YouTube, MySpace, Facebook, Twitter, over-the-counter spy gear, blogs, chat rooms, amateur porn, surveillance technology. Dr. Phil, Borat, cell phone photos of your drunk friend making out with her ex-boyfriend and more. In the age of peep, core values and rights we once took for granted are rapidly being renegotiated, often without our even noticing. With hilarious exasperated acuity, social critic Hal Niedzviecki dives into peep, starting his own video blog, joining every social network that will have him, monitoring the movements of his toddler, selling his secrets on Craigslist, hiring a private detective to investigate him, spying on his neighbors, trying out for reality TV shows and stripping for the pleasure of a web audience he isn't even sure exists. Part travelogue, part diary, part meditation and social history, *The Peep Diaries* explores a rapidly emerging digital phenomenon that is radically changing not just the entertainment landscape but also the firmaments of our culture and society. *The Peep Diaries* introduces the arrival of the age of peep culture and explores its implications for entertainment, society, sex, politics and everyday life. Mixing first-rate reporting with sociological observations culled from the

latest research this book captures the shift from pop to peep and the way technology is turning gossip into documentary and Peeping Toms into entertainment journalists Packed with stranger than fiction true life characters and scenarios The Peep Diaries reflects the aspirations and confusions of the growing number of people willing to trade the details of their private lives for catharsis attention and notoriety Hal Niedzviecki is the founder of Broken Pencil magazine and has published numerous works of social commentary and fiction including Hello I m Special How Individuality Became the New Conformity and Look Down This Is Where It Must Have Happened which is also published by City Lights Publishers Human Behavior,1974 **The Clinical Interview Using DSM-IV-TR: The difficult patient** Ekkehard Othmer,Sieglinde C.
