avouer son choix fondamental qui n'est pas le seul philosophiquement possible. Son idéalisme son finalisme ontologique s'est ouvert progressivement des schèmes de pensée laborés sur l'autre bord mais cela précisément pour agir plus efficacement contre les matérialismes antérieurs. La dialectique concrète d'une réflexion travaillant se reprendre et s'élargir sans cesse au service d'une option constamment maintenue voilà ce que nous offre le déroulement historique du Grand Dialogue que Platon a entretenu avec lui-même et avec tous les courants d'une tradition d'une merveilleusement riche. Si l'on met assez d'exigence docile à suivre ce processus sinueux et vivant on s'aperçoit que le Platonisme est bien un système mais un système en train de se faire et de se rectifier. Certains passages n'glissent par les interprètes comme hors d'œuvre négatifs sont en réalité de hauts moments dialectiques et des moteurs de renouvellement. Tel est principalement le cas de la théorie matérialiste de l'harmonie. Transposition critique de l'idéalisme pythagoricien chez des hérétiques inconnus de l'harmonie discordante qu'avait vaticiné le prestigieux Héraclite, cette doctrine prépare son tour d'abord la substance même des conclusions du Phédon puis la faveur des difficultés dont elle grave ce dialogue tout l'approfondissement ultérieur de l'idéalisme platonicien. En ce jeu complexe d'irréductibles antagonismes et d'interactions fondées il n'est pas illégitime de voir une harmonie discordante dont l'exercice de la philosophie comme jadis et naguère reste insparable aujourd'hui.

Si l'on connaît l'importance du nombre dans la philosophie de Platon on connaît moins bien la réflexion qu'il mène sur les nombres irrationnels et donc sur la possibilité de penser un univers en dehors de la rationalité. C'est pourtant la tâche que s'était donné Imre Toth dans un travail de longue haleine interrompu brutalement en mai 2010 et qui a des implications philosophiques et politiques inouïes en ce qu'il remet en question bon nombre de nos a priori logiques et ontologiques concernant ce qui est et ce qui n'est pas. Achevé le 8 mai 2010 ce manuscrit nous est parvenu par courrier électronique 48 heures avant la disparition de l'auteur avec la mention il n'y a aucune urgence. Imre Toth était un mathématicien de renommée internationale qui a enseigné dans de nombreuses universités européennes et américaines. Sa disparition en 2009 a suscité un vif intérêt dans la communauté scientifique et plusieurs hommages lui ont été rendus en France et en Italie où son œuvre est plus largement publiée. **L'Euthyphron de Platon** Platon, 2022-10-10. L'Euthyphron appartient à l'histoire de la philosophie mais il a aussi une place particulière dans l'histoire de la philosophie de la religion. Avec ce Dialogue la religion se constitue comme problème philosophique en même temps que la

philosophie constitue son mode propre de questionnement L'interrogation sur la piété en effet est menée du point de vue de ce qu'il en est de son Idée ce qui conduit à préciser la forme de vie religieuse que représente l'eusebeia et généralement toutes celles qui ne sont pas capables de se justifier Mais cette recherche qui porte sur la piété comme Idée n'est pas seulement un des premiers exemples dans l'œuvre de Platon de recherche eidétique Parce que la philosophie se découvre en un sens originellement pieux comme mouvement de recherche d'un principe ou l'Idée et la Valeur tendent à identifier la vraie piété nous apprend sa manière ce qu'est la vraie philosophie D'où le caractère ambigu des rapports entre philosophie et religion faits de mise à distance critique et de proximité compréhensive La possibilité de tenir ensemble ces deux dimensions est sans doute le problème le plus fondamental de la philosophie de la religion mais la plupart des philosophies optent pour l'une ou l'autre de façon tranchée Une des caractéristiques de l'Euthyphron est de maintenir les deux aspects d'une part une philosophie critique de la religion comprise comme eusebeia piété d'autre part une philosophie religieuse entendue comme pensée de l'hosios d'un juste sentiment du divin d'une vraie piété
