practise ranging from limited to more open ended dialogues where students apply the language they've acquired. Listening and responding activities are integral to each lesson as are the simple explanations and deductive activities enabling students to understand the grammar. Writing activities are given at the end of every lesson and may be completed in class or later.

Tutto bene sitcom In the Tutto bene sitcom series we follow an almost normal group of friends through their quotidian ups and downs living and working in Rome and on holidays in other parts of Italy. The off beat humour, original soundtrack and idiosyncrasies of the characters in these short episodes are both entertaining and a great stimulus for learning while importantly also serving to make the language memorable. By viewing an episode multiple times at intervals and particularly before starting a new lesson, students will recognise their progress with the language and gain a sense of accomplishment. The sitcom series is the foundation of the course with a short episode of under four minutes duration introducing the new language and themes for each lesson in the book and on the app. All episodes of the series can be easily accessed in and out of the classroom: search for Lingopont Tutto bene on YouTube or download the Lingopont Italian app. Lingopont Italian app Tutto bene. The app delivers the Tutto bene course in an interactive mobile format allowing maximum learning flexibility. It is both a vibrant alternative to the classroom for wholly independent learners as well as a rich resource for classroom students to further revise, consolidate and practise. The app offers an engaging and culturally immersive learning experience with instant feedback for students to monitor their progress. With a transparent structure and supported step by step learning in all the skills, students have the choice of working progressively through the course or working selectively on a particular area. Each lesson comprises an episode of the Tutto bene sitcom series followed by vocabulary building, speaking, listening, pronunciation and writing activities and culminates in a quiz. There is also a grammar reference for each lesson. Download the Lingopont Italian app from the app store.

Did early modern people care about their health? And what did it mean to lead a healthy life in Italy and England? Through a range of textual evidence, images and material artefacts, *Conserving health in early modern culture* documents the profound impact which ideas about healthy living had on daily practices as well as on intellectual life and the material world in this period. In both countries, staying healthy was understood as depending on the careful management of the six Non Naturals: the air one breathed, food and drink, excretions, sleep, exercise and repose, and the passions of the soul. To a close scrutiny, however, models of prevention differed considerably in Italy and England, reflecting country specific cultural, political and medical contexts and different confessional backgrounds.
