## **Sicily Italy:**

**The Invention of Sicily** Jamie Mackay, 2021-07-13 Sicily is at the crossroads of the Mediterranean and for over 2000 years has been the gateway between Europe Africa and the East It has long been seen as the frontier between Western Civilization and the rest but never definitively part of either Despite being conquered by empires Romans Byzantines Arabs Normans Hapsburg Spain it remains uniquely apart The island s story maps a mosaic that mixes the story of myth and wars maritime empires and reckless crusades and a people who refuse to be ruled In this riveting rich history Jamie Mackay peels away the layers of this most mysterious of islands This story finds its origins in ancient myth but has been reinventing itself across centuries in conquest and resistance Inseparable from these political and social developments are the artefacts of the nation s cultural patrimony ancient amphitheatres Arab gardens Baroque Cathedrals as well as great literature such as Giuseppe di Lampedusa s masterpiece The Leopard and the novels and plays of Luigi Pirandello In its modern era Sicily has been the site of revolution Cosa Nostra and in the twenty first century the epicentre of the refugee crisis The Invention of Sicily is a dazzling introduction to the island its history and its people

**Italian Annotated Bibliography of Tuna, Tuna-like and Billfish Species** Antonio Di Natale, 2022-12-15 The Italian annotated bibliography on tunas tuna like and billfish species is a sort of unicum because for the very first time it provides annotation in English for all papers published by Italian authors over the centuries in various languages Taking into account that these species are an essential component of the Italian and Mediterranean culture thousands of authors published a very high amount of papers since historical times on various themes and subjects These large fish species are nowadays not only essential elements of the marine trophic chain but also important components of human seafood and the related fishery economy This book makes all these papers internationally available for all scientists helping them in their research activities and the annotations facilitate the searching work by species and keywords
