**Sideshow U.S.A.** Rachel Adams, 2001-12 A staple of American popular culture during the 19th and early 20th centuries the freak show seemed to vanish after World War II This book reveals the image of the freak show with its combination of the grotesque horrific and amusing specimens Venus in the Afternoon Tehila Lieberman, 2012 Winner of the Katherine Anne Porter Prize in Short Fiction 2012 The short stories in this rich debut collection embody in their complexity Alice Munro's description of the short story as a world seen in a quick glancing light In chiseled and elegant prose Lieberman conjures wildly disparate worlds A middle aged window washer mourning his wife and an estranged daughter begins to grow attached to a young woman he sees through the glass a writer against his better judgment pursues a new relationship with a femme fatale who years ago broke his heart and the daughter of a Holocaust survivor struggles with the delicate decision of whether to finally ask her aging mother how it was that she survived It is all here the exigencies of love of lust the raw unlit terrain of grief Whether plumbing the darker depths or casting a humorous eye on a doomed relationship these stories never force a choice between tragedy and redemption but rather invite us into the private moments and crucibles of lives as hungry and flawed as our own **Mythic Imagination Today** Terry Marks-Tarlow, 2021-01-18 Mythic Imagination Today is an

illustrated guide to the interpenetration of mythology and science throughout the ages This monograph brings alive our collective need for story to guide the rules roles and relationships of everyday life Whereas mythology is born primarily of perception and imagination science emerges from systematic observation and experimentation Both disciplines arise from endless curiosity about the workings of the Universe combined with creative urges to transform inner and outer worlds Both disciplines are located within open neural wiring that gives rise to uniquely human capacities for learning memory and metaphor Terry Marks Tarlow explores the origins of story within the social brain mythmakers and myths from multiple cultures and how contemporary sciences of chaos and complexity theories and fractal geometry dovetail with ancient wisdom The ancient Greek myth of Psyche and Eros is unpacked in detail origins of the very concepts of psyche and psychology

The Hydra's Tale R. Rawdon Wilson, 2002-05 Imagine a disgusting experience Now think about your response What was it about the moment that made you turn your head that led your lip to curl and nose to wrinkle Disgust has many triggers some obvious others less so What disgusts us is never irrevocably fixed and certain It changes from culture to culture and even at times within a culture This fluidity makes the term disgust at once deadly simple and extremely complex In The Hydra's Tale Robert Rawdon Wilson treats the experience of disgust not from the perspective of the disgusting object in the world but from its representation Disgust marks either a slip over the border of the socially sanctioned or a struggle to keep someone or something from crossing that border Working through the spectrum of human response culture and art Wilson teases out the assumptions that underpin the disgust response Dreams of Dragons and Fairies: Bedtime Tales for Young Imaginations Elena Northwood, Transform bedtime into a magical adventure with Dreams of Dragons and Fairies Bedtime

*The Creature* Prasanta Chakravarty,2021-09-30 The Creature is an invitation to follow the mechanics between power and pain which begets the creature Creatures confront power in and through conjunctures of radical contingency The casual use of power is an exercise in distraction It is an abiding conundrum that those who endure affliction also exert it as a force over other living bodies in equal measure not as acts of vengeance or bad faith but through deeds of forgetful randomness To ensure social indemnity and security creatures exercise force over kindred embodiments through a process of collective mimicry In the bargain creatures begin to disfigure and distort each other The line between mutual slaughter and mutual embrace begins to blur Each transgresses its own soul At other times power is an opaque magisterial and disdainful style of conveyance It reveals itself out of nowhere But the steadfast creature is as resilient as it is vulnerable The more it endures the greater its perdurance Perduring creatures may sometimes gain a second sight forged out of a sense of lyricality love and abdication But is abdication or taking refuge in the wondrous sufficient to release all creatures from the fatal loop of power and pain Or will they have to slowly shed creaturely affliction by a rigorous process of decreation Sifting through the writings of Giambattista Vico Niccol Machiavelli Gabriel Tarde Miguel de Unamuno Jibanananda Das Lev Shestov Raymond Geuss

Jean Starobinski Ernst Bloch Simone Weil Simon Critchley Sarah Kane and others this volume explores the creaturely predicament and its possibilities of freedom The five chapters in Book I lay down fundamental questions for the creaturely condition the question of mimicry the relationship between taking initiative and being hounded the bridge between senses and destitution and the vehemence of radical contingency Book II posits the question of skepticism fideism and their connection to resilience and generosity in creatures Book III is entirely devoted to various ways of conceiving the aesthetic through the tragic the epiphanic the catastrophic and through militant material eruptions Book II and III essentially delve into the sites of freedom that lurk within the condition of the creaturely Book IV is constituted of a single chapter on the subject of decreation it grapples with questions of attention anonymity and abdication

[With Plates.] John Mackay Wilson, 1880 The River Imp and the Stinky Jewel and Other Tales, 2023-06-20 In Edo period Japan readers relished works known as kiby shi that combined text and illustration on the same page much like comic books and manga Monsters often took center stage in these stories This book presents a selection of Edo monster comics in English for the first time introducing readers to a captivating humorous and eye opening genre of popular fiction The River Imp and the Stinky Jewel and Other Tales collects five kiby shi published between 1778 and 1807 chosen for both entertainment value and stylistic variety Their authors reinvent traditional Japanese monsters as contemporary characters who mirror the foibles of the human world They tell stories such as The lover of the long necked rokuro kubi makes a ridiculous attempt to rescue her from her human captor A mischievous river creature steals a jewel lodged deep inside a boy's buttocks setting off a curious chain of events involving a historical samurai and a real life fart man A demon girl from hell is sent to the world of the living in order to destroy a sacred Buddhist statue but

things don't go quite as she plans Exploring the grotesque comic bumbling salacious and charming world of these creatures the stories also provide a glimpse into the society and culture of Edo period Japan through the monsters distorted lens The kiby shi are reproduced in their entirety conveying the feel of the original comics and allowing readers to experience the full visual impact of the monsters      *Flowering Tales* Takeshi Watanabe,2021-01-11 Telling stories that sounds innocuous enough But for the first chronicle in the Japanese vernacular A Tale of Flowering Fortunes Eiga monogatari there was more to worry about than a good yarn The health of the community was at stake Flowering Tales is the first extensive literary study of this historical tale which covers about 150 years of births deaths and happenings in late Heian society a golden age of court literature in women's hands Takeshi Watanabe contends that the blossoming of tales marked by The Tale of Genji inspired Eiga's new affective history an exorcism of embittered spirits whose stories needed to be retold to ensure peace Tracing the narrative arcs of politically marginalized figures Watanabe shows how Eiga's female authors adapted the discourse and strategies of The Tale of Genji to rechannel wayward ghosts into the community through genealogies that relied not on blood but on literary resonances These reverberations highlighted through comparisons to contemporaneous accounts in courtiers journals echo through shared details of funerary practices political life and characterization Flowering Tales reanimates these eleventh century voices to trouble conceptions of history how it ought to be recounted who got to record it and why remembering mattered      *Before They Were Titans* Elizabeth Cheres Allen,2019-08-28 Dostoevsky and Tolstoy are the titans of Russian literature As mature artists they led very different lives and wrote vastly different works but their early lives and writings display provocative kinships while also indicating the divergent paths the two authors would take en route to literary greatness The ten new critical essays here written by leading specialists in nineteenth century Russian literature give fresh sophisticated readings to works from the first decade of the literary life of each Russian author for Dostoevsky the 1840s for Tolstoy the 1850s Collectively these essays yield composite portraits of these two artists as young men finding their literary way At the same time they show how the early works merit appreciation for themselves before their authors were Titans      Wilson's Historical, Traditionary, and Imaginative Tales of the Borders, and of Scotland John Mackay Wilson,1835
