and Beyond Kenneth Womack, 2008-10-30 There is a strong interest in reading for pleasure or self improvement in America as shown by the popularity of Harry Potter and book clubs including Oprah Winfrey's. Although recent government reports show a decline in recreational reading the same reports show a strong correlation between interest in reading and academic achievement. This set provides a snapshot of the current state of popular American literature including various types and genres. The volume presents alphabetically arranged entries on more than 70 diverse literary categories such as cyberpunk, fantasy, literature, flash fiction, GLBTQ literature, graphic novels, manga and anime and zines. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's reception, a discussion of authors and works, and suggestions for further reading. Sidebars provide fascinating details and the set closes with a selected general bibliography. Reading in America for pleasure and knowledge continues to be popular even while other media compete for attention. While students continue to read many of the standard classics, new genres have emerged. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's critical reception, a discussion of authors and works, and suggestions for further reading. Are the demands of motherhood keeping you from a rich relationship with God? Given the inherent busyness of being a parent, the concept of a contemplative mom makes many people laugh. When Ann Kroeker's husband almost died, she realized that her life had gotten out of control. In this book, she passes on to others what she learned in the process of getting her life back in perspective. She discusses some ways moms can live a life filled with reflective moments even in chaos, including finding solitude, walking with God, making use of some of the traditional spiritual disciplines, using the senses, and listening to God. This is not a theological treatise but one woman's thoughts from the trenches. **Called To Be Creative** Mary Potter
