**Korean War Filmography** Robert J. Lentz, 2016-05-01 The Korean experience changed the way Americans viewed war. The lack of a clear cut victory inspired filmmakers to try to make sense of fighting another country's civil war and risking American lives for an unpopular cause. This filmography details more than 90 English language films. Each entry includes complete cast and credit listings, a plot synopsis, evaluation, review snippets, and notice of video availability. This book places each film in its historical context, assesses the essential truthfulness of each film, and evaluates its entertainment value and discusses how and why Korean War films differ from other Hollywood war genres. Four appendices list the films by chronology, production company, and studio level of historical accuracy, and subject and theme. Additional appendices list films with incidental references to the Korean War, documentaries on the Korean War, and South Korean films about the war. Photographs, a bibliography, and an index are included. **The Publishers' Trade List Annual**, 1985 Paperbound Books in Print, 1984 *Heroes with Humble Beginnings* F.M. Kail, 2019-05-10 We are a nation of underdogs founded by immigrants seeking a better life. This book reminds us of the humble beginnings of some of the greatest ballplayers, movie stars, and Presidents of all time: men who faced adversities growing up and who, in overcoming them, gave credence to the American Dream. **International Dictionary of Films and Filmmakers: Actors and actresses** Tom Pendergast, Sara Pendergast, 2000 Contains over two thousand entries arranged alphabetically within four volumes that provide information about significant films, actors, and actresses, directors, and writers, and production artists in North American, British, and West European cinematic history. Includes photographs and indexes. *Your Reading* Jane Christensen, National Council of Teachers of English. Committee on the Junior High and Middle School Booklist, 1983 An annotated listing of over 3000 fiction and non-fiction books recommended for junior high and middle school students. *The Film Cheat* Murray Pomerance, 2020-10-15 Murray Pomerance, a venerated film scholar, is the first to take on the cheat in film, where cheating constitutes a collection of production performance and structuring maneuvers intended to foster the impression of a screen reality that does not exist as presented. This usually calls for a suspension of disbelief in the viewer, but that rests on the assumption that disbelief is problematic for viewership and that we must find some way to suspend or disconnect it in order to allow for the entertainment of the fiction in its own terms. *The Film Cheat* explores forty-five aspects of the cheat, analyzing classic films such as *Singin' in the Rain* and *Chinatown* to more contemporary films like *The Revenant* and *Baby Driver*, with Pomerance engaging his encyclopedic knowledge of film history to point out numerous instances of suspensions of disbelief. Whether or not Gene Kelly is actually dancing in the rain or if Elliott is really flying on his bicycle carrying E.T., these cheats are what make movie magic. Elegantly weaving the narrative for one to dip into at random or to read from cover to cover, Pomerance turns things upside down so that the audience actually finds pleasure in the cheat itself: pleasure in the disbelief. To see the elegant fake, the supremely accomplished simulacrum, is a pleasure in its own right; indeed, one of the fundamental

pleasures of cinema      **The Coretta Scott King Awards, 1970-2009** Henrietta M.
