Siena Jane Tylus, 2015-05-15 Jane Tylus's *Siena* is a compelling and intimate portrait of this most secretive of cities often overlooked by travelers to Italy. Cultural history intellectual memoir travelogue and guidebook it takes the reader on a quest of discovery through the well and not so well traveled roads and alleys of a town both medieval and modern. As Tylus leads us through the city she shares her passion for Siena in novelistic prose while never losing sight of the historical complexities that have made Siena one of the most fascinating and beautiful towns in Europe. Today Siena can appear on the surface standoffish and old fashioned especially when compared to its larger flashier cousins Rome and Florence. But first impressions wear away as we learn from Tylus that Siena was an innovator among the cities of Italy the first to legislate the building and maintenance of its streets the first to publicly fund its university the first to institute a municipal bank and even the first to ban automobile traffic from its city center. We learn about Siena's great artistic and architectural past hidden behind centuries of painting and rebuilding and about the distinctive characters of its different neighborhoods exemplified in the Palio the highly competitive horserace that takes place twice a year in the city's main piazza and that serves as both a dividing and a uniting force for the Sienese. Throughout we are guided by the assured voice of a seasoned scholar with a gift for spinning a good story and an eye for the telling detail whether we are traveling Siena's modern highways exploring its underground tunnels tracking the city's financial history or celebrating giants of painting like Simone Martini or giants of the arena Siena's former Serie A soccer team. A practical and engaging guide for tourists and armchair travelers alike *Siena* is a testament to the powers of community and resilience in a place that is not quite as timeless and serene as it may at first appear.

Thicker Than Water Megan Collins, 2024-03-26 Two sisters in law find themselves at painful odds when the man who connects them the brother of one the husband of the other is accused of a brutal crime in this twisty thriller from the author of the exceedingly entertaining *The New York Times* *The Family Plot*. Julia and Sienna Larkin are sisters in law connected by Julia's husband and Sienna's brother Jason. More than that the two have been devoted best friends since Jason introduced them. To Sienna Jason can do no wrong and although Julia knows he's not perfect they've built a comfortable life and family together. Recently Jason has been putting in long hours to secure a promotion at work so when his boss is found brutally murdered his lips sewn shut the Larkins are shocked and unsettled especially as local gossip swirls. A few days later Julia and Sienna's lives are upended when Jason gets into a car accident and is placed in a medically induced coma. Worse the police arrive with news that he's the prime suspect in the murder investigation. With Jason unable to respond and with Julia and Sienna working to clear his name the two women find their friendship threatened for the first time. Sienna staunchly maintains her brother's innocence but as their investigation uncovers a complicated web of secrets Julia is less sure she's willing to defend her husband. With her signature moody and atmospheric USA TODAY writing Megan Collins has crafted a suspenseful story that explores just how fragile our closest bonds can be.
