Sightseers And Scholars:

The Naturalists Stephen R. Bown, 2002 This volume provides portraits of the early naturalists who explored the New World in the pre Darwinian Age The late eighteenth and early nineteenth centuries in Europe and America saw the dawn of a golden age of science in which society energetically sought to quantify categorize and rationally explain the world The author profiles nine important naturalists both dedicated professionals and amateurs who set off for what is now North and South America to discover and document the natural wonders they found there Their stories of adventure are punctuated with hardship both in finding the financing to get their ventures off the ground and the vagaries of the elements they encountered in the New World Despite the odds these explorers either traveling with artists or as artists themselves chronicled their adventures in both words and pictures providing a unique portrait of the natural world in North South and Central America before parts of it became widely settled

Taiko Eiji Yoshikawa, 2012-08-03 In the tempestuous closing decades of the sixteenth century the Empire of Japan writhes in chaos as the shogunate crumbles and rival warlords battle for supremacy Warrior monks in their armed citadels block the road to the capital castles are destroyed villages plundered fields put to the torch Amid this devastation three men dream of uniting the nation At one extreme is the charismatic but brutal Nobunaga whose ruthless ambition crushes all before him At the opposite pole is the cold deliberate Ieyasu wise in counsel brave in battle mature beyond his years But the keystone of this triumvirate is the most memorable of all Hideyoshi who rises from the menial post of sandal bearer to become Taiko absolute ruler of Japan in the Emperor's name When Nobunaga emerges from obscurity by destroying an army ten times the size of his own he allies himself with Ieyasu whose province is weak but whose

canniness and loyalty make him invaluable Yet it is the scrawny monkey faced Hideyoshi brash impulsive and utterly fearless who becomes the unlikely savior of this ravaged land Born the son of a farmer he takes on the world with nothing but his bare hands and his wits turning doubters into loyal servants rivals into faithful friends and enemies into allies In all this he uses a piercing insight into human nature that unlocks castle gates opens men s minds and captures women s hearts For Hideyoshi s passions are not limited to war and intrigue his faithful wife Nene holds his love dear even when she must share it the chaste Oyu sister of Hideyoshi s chief strategist falls prey to his desires and the seductive Chacha whom he rescues from the fiery destruction of her father s castle tempts his weakness As recounted by Eiji Yoshikawa author of the international best seller Musashi Taiko tells many stories of the fury of Nobunaga and the fatal arrogance of the black toothed Yoshimoto of the pathetic downfall of the House of Takeda how the scorned Mitsuhide betrayed his master how once impregnable ramparts fell as their defenders died gloriously Most of all though Taiko is the story of how one man transformed a nation through the force of his will and the depth of his humanity Filled with scenes of pageantry and violence acts of treachery and self sacrifice tenderness and savagery Taiko combines the panoramic spectacle of a Kurosawa epic with a vivid evocation of feudal Japan

Examcart Experts, Specters, Scholars, and Sightseers Robin DeRosa, 2002 This dissertation examines the relationships among performance history and tourism Through an exploration of the Salem Witch Trials of 1692 it considers how historical originality gets produced through a complicated series of theatricalizations This project postulates that the transcripts from the 1692 hearings are primary sources that have no knowable direct tie to any genesis of the witchcraft events instead they function as representations of an unfolding drama complete with sets staging scripts and excellent acting After an explication of these transcripts that stresses their performative qualities the dissertation takes a close look at accepted historical accounts of the trials especially those by Cotton Mather Robert Calef Charles Upham Paul Boyer and Stephen Nissenbaum Chadwick Hansen and Linnda Caporael and fictional accounts of the trials in particular those by Nathaniel Hawthorne Henry Wadsworth Longfellow Marion Starkey Arthur Miller Maryse Conde and Robin Cook exploring how writers have interpreted the events at Salem and suggesting that these interpretations produce rather than reproduce the truth about what happened in 1692 Finally the dissertation visits current day Salem linking the abundant tourist productions in that city to the historiographical methodologies that create both Salem's past and the popular American understanding of the very category of the past itself By focusing on Salem as a complex of representations rather than as a singular truth this project aims to redefine the way we think about history it aspires to textualize the Witch Trials so that instead of revealing the facts representations of the trials might reveal the mythologies that have produced and reified those facts across the years
