whiteness **Thematic Guide to Popular Short Stories** Patrick A. Smith, 2002-10-30 Providing easy access to information on nearly 450 short stories, this unique guide surveys a wide spectrum of world literature, canonical works, and contemporary fiction. Librarians and teachers will find multiple purposes for this expertly compiled resource which can be employed in much the same way as a standard bibliography. Educators will appreciate the concise annotations arranged alphabetically by author that form the core of this work. Insightful critical statements synthesize plot summaries and identify the thematic content of each short story. A theme guide utilizes the nearly 100 theme headings matching those at the start of each entry, allowing the user to quickly locate story titles on related themes and construct reading lists based on individual interests and needs. Another component designed to aid librarians offers one bibliography that lists the anthologies from which the stories are drawn. Works Cited and one comprised of a number of recent anthologies that can be adapted for the classroom. Further Reading. In addition to the theme index, the general subject and author indexes make this a user-friendly and invaluable resource. **50 Great American Short Stories** Milton Crane, 1978 **The Geographies of African American Short**

Fiction Kenton Rambsy, 2022-03-25 Perhaps the brevity of short fiction accounts for the relatively scant attention devoted to it by scholars who have historically concentrated on longer prose narratives. *The Geographies of African American Short Fiction* seeks to fill this gap by analyzing the ways African American short story writers plotted a diverse range of characters across multiple locations: small towns, a famous metropolis, city sidewalks, a rural wooded area, apartment buildings, a pond, a general store, a prison, and more. In the process, these writers highlighted the extents to which places and spaces shaped or situated racial representations. Presenting African American short story writers as cultural cartographers, author Kenton Rambsy documents the variety of geographical references within their short stories to show how these authors make cultural spaces integral to their artwork and inscribe their stories with layered and resonant social histories. The history of these short stories also documents the circulation of compositions across dozens of literary collections for nearly a century. Anthology editors solidified the significance of a core group of short story authors including James Baldwin, Toni Cade Bambara, Charles

Chesnutt Ralph Ellison Zora Neale Hurston and Richard Wright Using quantitative information and an extensive literary dataset The Geographies of African American Short Fiction explores how editorial practices shaped the canon of African American short fiction Great American short stories Mary Stegner,1974 *The Facts on File Companion to the British Short Story* Andrew Maunder,2007 A comprehensive reference to short fiction from Great Britain Ireland and the British Commonwealth With approximately 450 entries this A to Z guide explores the literary contributions of such writers as Joseph Conrad James Joyce D H Lawrence Rudyard Kipling Oscar Wilde Katherine Mansfield Martin Amis and others
