Major Plays of Chikamatsu Monzaemon Chikamatsu, 1990 *Major Plays of Chikamatsu* gives Western readers a fascinating look at seventeenth-century Japanese culture Like other playwrights before him Chikamatsu created characters who are members of a society driven by its mores However unlike those of other playwrights of the period Chikamatsu's characters have multidimensional personalities and unconventional voices making his art more realistic and complex Publisher's description

The Major Plays of Nikolai Erdman Nikolai Erdman, 2016-02-04 First Published in 1995 Russian Theatre Archive Volume 1 Newly translated by John Freedman Erdman's first biographer Nikola Erdman's two classic tragicomedies *The Warrant* and *The Suicide* come to life as brilliant eccentric and eminently performable works for the theatre as well as fascinating documents of the theatrical boom and social upheaval that took place in Russia in the 1920s Both plays were written expressly for the great Vsevolod Meyerhold who declared that Erdman was the heir to the rich Russian comic dramatic tradition established by Nikolai Gogol and Alexander Sukhovo-Kobylin Meyerhold's staging of *The Warrant* in 1925 was one of the most innovative and successful

His attempt to stage *The Suicide* in 1932 was banned by Stalin. After being exiled to Siberia in 1933, Erdman never again wrote a full length play. But in *The Warrant* and *The Suicide*, Erdman's themes the failure of language as a reliable tool of communication, the degeneration of the human element brought on by the onslaught of mass culture and the extraordinary if not always heroic resilience of the individual human being remain as contemporary and universal as ever.

The Major Plays Anton Chekhov, 2006-12-05 Anton Chekhov *The Major Plays* Ivanov *The Sea Gull* *Uncle Vanya* *The Three Sisters* *The Cherry Orchard*. Let the things that happen onstage be just as complex and yet just as simple as they are in life. Chekhov once declared: "For instance, people are having a meal just having a meal, but at the same time their happiness is being created or their lives are being smashed up." So it is that his plays express life through subtle construction, everyday dialogue and an electrically charged atmosphere in which even the most casual words and actions assume great importance in his characters' lives. This principle sets his plays apart from the rest, steering them clear of melodrama and draws the audience into the lives of Chekhov's colorful characters. Because of his adherence to realism, the playwright has been called an incomparable artist of life. What makes his work great is that it can be felt and understood not only by any Russian but by anybody in the world.
