recounts the action and reaction to Ian Smith's unilateral declaration of Rhodesia's independence the second such declaration since the American one of 1776 It examines the dilemmas of both sides Smith's problem was how to legitimise his rebellion to secure crucial investment capital markets trade and more His antagonist the British Prime Minister Harold Wilson was determined not to transfer sovereignty until Rhodesia accepted African majority rule in common with the rest of Africa Given British feelings for their Rhodesian kith and kin and Rhodesia's landlocked position Wilson eschewed the use of force He could only impose sanctions but hoped they would defeat Smith in a matter weeks rather than months The Rhodesians however evaded the sanctions with such success that they forced Wilson to negotiate a settlement Negotiations were nevertheless doomed because the self-confident Rhodesians would not accept a period of direct British rule while rapid progress to majority rule was made or the imposition of restraints on powers they had possessed since gaining self-government in 1923 In tune with their allies in the African National Congress of South Africa the Rhodesian or Zimbabwean African nationalists had already adopted the Marxist concept of the Armed Struggle as a means to power Sponsored by the Communist Bloc its surrogates and allies they began a series of armed incursions from their safe haven in Zambia Although bloodily and easily repulsed they would learn from their mistakes as the Rhodesian forces would discover in the 1970s

Challenge To Imperialism Carol B. Thompson,2019-08-27 Challenge to Imperialism is the first comprehensive analysis of the Zimbabwean struggle for independence in its international context Based on extensive research in the southern African region and on interviews with the ZANU and ZAPU leaders in exile during the war this study is an analysis of the crucial support given to the Zimbabwean nationalists by the five Frontline States Angola Botswana Mozambique Tanzania and Zambia The book begins with a summary of the variable relations among the Frontline States and between those states and the Zimbabwean nationalists More than once Frontline governments put Zimbabwean nationalists in their own jails as tensions arose over leadership conduct of the war and terms for peace Yet the Frontline States maintained their support in spite of the extremely high cost to their own economic development How could these weak and economically dependent states confront the dominant interests in the region Was Lancaster House simply a capitulation to imperialist interests a constitution forced on the nationalists by the beleaguered Frontline States This theoretical analysis addresses the complexity of these questions and suggests lessons for the current struggles in Namibia and in South Africa Further Dr Thompson discusses the formation of the Southern African Development Coordination Conference SADCC as an attempt to transform the Zimbabwean political victory into regional economic cooperation This study of the political and economic background of Zimbabwean independence is important not only to those concerned about Zimbabwe and southern Africa but also to those interested in the nature of liberation struggles and in the role of the state in developing countries **AF Press Clips** ,1982

Interrogation in War and Conflict Christopher Andrew, Simona Tobia, 2014-04-29 This edited volume offers a comparative and interdisciplinary analysis of interrogation and questioning in war and conflict in the twentieth century. Despite the current public interest and its military importance, interrogation and questioning in conflict is still a largely under-researched theme. This volume's methodological thrust is to select historical case studies ranging in time from the Great War to the conflicts in former Yugoslavia and including the Second World War, decolonization, the Cold War, the Troubles in Northern Ireland, and international justice cases in The Hague, each of which raises interdisciplinary issues about the role of interrogation. These case studies were selected because they resurface previously unexplored sources on the topic or revisit known cases which allow us to analyse the role of interrogation and questioning in intelligence, security, and military operations. Written by a group of experts from a range of disciplines including history, intelligence, psychology, law, and human rights, *Interrogation in War and Conflict* provides a study of the main turning points in interrogation and questioning in twentieth-century conflicts over a wide geographical area. The collection also looks at issues such as the extent of the use of harsh techniques, the value of interrogation to military intelligence, security, and international justice, the development of interrogation as a separate profession in intelligence, as well as the relationship between interrogation and questioning and wider society. This book will be of much interest to students of intelligence studies, strategic studies, counter-terrorism, international justice, history, and IR in general. *Sub-Saharan Africa and the United States* Gilbert Edward Clark, 1980

The Legacies of Law Jens Meierhenrich, 2008-10-13 Focusing on South Africa during the period 1650-2000, this book examines the role of law in making democracy work in changing societies. *The Legacies of Law* sheds light on the neglected relationship between path dependence and the law. Meierhenrich argues that legal norms and institutions, even illiberal ones, have an important and hitherto undertheorized structuring effect on democratic outcomes. Under certain conditions, law appears to reduce uncertainty in democratization by invoking common cultural backgrounds and experiences. In instances where interacting adversaries share a law reasonably convergent mental model, transitions from authoritarian rule are shown to be less intractable. Meierhenrich's historical analysis of the evolution of law and its effects in South Africa during the period 1650-2000, compared with a short study of Chile from 1830-1990, shows how and when legal norms and institutions serve as historical causes to both liberal and illiberal rule. **From Conflict Resolution to Peacebuilding** Charles Hauss, 2019-11-05 *From Conflict Resolution to Peacebuilding* is designed to introduce students to the key concepts of conflict resolution from a real-world perspective. Covering both micro and macro sites of conflict, it offers ways to resolve conflicts at all levels, from the interpersonal to the international. Starting with the notion that conflict is a fact of life, but peacebuilding is not, this text analyzes protracted conflicts and wicked problems and also tackles the harder task of how to resolve conflict and build peace. Hauss' approach to peace and conflict studies is deeply personal and richly informed. Based on a strong research base and decades of experience in the field, the book offers new paradigms for considering the intractable conflicts in our

world Each chapter provides real world examples stories and cases that illustrating practical work at both the grass roots and elite levels In a world where conflict seems to be on the rise at home and abroad this text provides students with the tools to deal with conflict constructively in their daily lives as citizens and as future professionals in the growing field of conflict resolution Features Full suite of textboxes for study and application Key terms and references for further reading Conflict labs to help students apply concepts to real world situations Out on a Limb boxes ask readers to consider bold new ideas and paradigm shifts for analyzing conflict and building peace A dynamic range of open access instructor and student resources can be found at the author s website www.chiphauss.info including Videos of interviews Curated web links Updates on breaking news Author s weekly blog Reviews of new books documentaries and other publications A discussion forum in which students and faculty members can interact with each other and with the author on issues of their choosing Regular video office hours with the author
