Makarios Pragmatism V Idealism:

Makarios: Pragmatism V. Idealism P. N. Vanezis, **Makarios** Stanley Mayes, 1981-03-26 Makarios Demetris Assos, 2018-08-30 When Mikhail Makarios became head of the Church of Cyprus in 1950 Greek Cypriots presumed that he would lead the struggle for union with Greece partly because the Church was perceived to be the custodian of this nationalist tradition And though Archbishop Makarios III pursued this objective energetically by 1959 he had signed the agreements that established an independent Cyprus republic ending the dream of enosis and setting the scene for today's struggles to bring peace to the island In this first English language biography of one of the most important figures in Cypriot modern history Demetris Assos shows how Makarios oscillated between his personal nationalist romantic idealism and the management of hard political realities on the ground and argues a nuanced understanding of this ambivalence is crucial to contextualise and explain his actions Assos shows how by the 1950s the political authority of Makarios position became intertwined with his spiritual power He also unpicks the influence of the Orthodox Church on modern Cypriot history A new analysis of the Cyprus experience this is an essential addition to our understanding of the Cyprus problem and a new portrait of one of the great Cypriots **The Archbishops of Cyprus in the Modern Age** Michalis N. Michael, Andrekos

Varnava, 2013-07-26 Cyprus Historical and Contemporary Studies Since the onset of Ottoman rule but more especially from the mid 18th Century the archbishops of the autocephalous Cypriot Orthodox Church have wielded a great deal of political power Most people of a certain age will remember the bearded monk who became a Greek nationalist politician and the first President of the Republic of Cyprus in 1960 Archbishop Makarios III Indeed his presence at Madame Tussaud's is a reminder of his stature But were all Cypriot archbishops such political and powerful Greek nationalists This study is unique in its exploration of the peculiar role of the archbishop ethnarch and as such offers valuable historical and political insights into the phenomenon This book offers a political history of religious authorities in the pre modern modern and post modern eras It examines how nationalist politics evolved and was co-opted by religious authorities in order to re-establish political hegemony from a secular European colonial power and the consequences this entailed after the end of the British empire

Propaganda and the Cyprus Revolt Maria Hadjiathanasiou, 2020-05-14 During the EOKA period of Greek Cypriot revolt against British colonial rule the Greek Cypriots and the British deployed propaganda as a means of swaying allegiances both within Cyprus and on the international scene Propaganda and the Cyprus Revolt places new emphasis on the vital role propaganda played in turning the tide against British colonial control over Cyprus Examining the increase of violence and coercion during this period of revolt this book examines how the opposing sides mobilization of propaganda offered two alternative visions for the future of Cyprus that divided opinion to the ultimate detriment of British counterinsurgency efforts Detailing the deployment of propaganda by both parties across radio television and print channels the book draws upon previously unpublished archival material in order to paint a detailed picture of how the British Empire

lost control over the hearts and minds of the Greek Cypriot people This study shines new light on a crucial period of Cypriot history and contributes to wider transnational debates around the use of propaganda and the end of empire This will be an essential read for students of Cyprus history and British colonial history The Turkish-American Relationship Between 1947 and 2003 Nasuh Uslu, 2003 Turkish American Relationship Between 1947 2003 The History of a Distinctive Alliance

Politics of Violence Charlotte Heath-Kelly, 2013-10-15 Critical thinkers like Foucault Benjamin Derrida and Iek have long challenged the liberal separation of violence and politics by highlighting the implicit violence within political and economic structures But in an era of international terrorism and counter terrorism should we not also reverse the question to ask what is political about violence Using interviews with ex militants from Italian leftist struggle of the 1970s and the Cypriot anti colonial militancy of the 1950s Heath Kelly explores the political utility of violence Studies of conflict and international politics rarely address how killing and injuring function to win wars or overturn regimes But by rejecting conceptions of violence as a means to an end found in the works of Clausewitz and Arendt this book draws upon studies of pain to explore the ways in which armed struggle produces new political subjects and regimes and discredits others through experiences of violence Using Elaine Scarry's conception of pain as world destroying and Walter Benjamin's delineation of violence as either lawmaking or law preserving to frame ex militant discussions of participation in armed struggle the book contributes a pathbreaking empirical exploration of violence to international politics literatures moving the study of political violence away from an understanding of violence as just a means to an end Drawing out insights that have a far wider resonance and significance for the analysis of the politicality of political violence this work will be of interest to students and scholars in areas such as international relations security studies and international relations theory Great Power Politics in Cyprus Haralambos Alexandrou, Michalis Kontos, Nikos Panayiotides, 2014-06-30 This volume approaches foreign interventions in Cyprus from two different angles a vertical angle which corresponds to a case by case historical analysis of foreign interventions which have taken place throughout the modern history of Cyprus and a horizontal angle which corresponds to the implementation of systemic models of analysis in approaching foreign interventions in Cyprus Furthermore the volume deals with domestic perceptions formed as a result of foreign interventions in Cyprus focusing particularly on their impact on the politics and public rhetoric of the Cyprus problem especially as regards the Greek Cypriot community *The United States and the Making of Modern Greece* James Edward Miller, 2009 Focusing on one of the most dramatic and controversial periods in modern Greek history and in the history of the Cold War James Edward Miller provides the first study to employ a wide range of international archives _American Greek English and French_ t **The Cyprus Question as an Issue of Turkish Foreign Policy and Turkish-American Relations, 1959-2003** Nasuh Uslu, 2003 This book mainly focuses on the Cyprus question as a pivotal issue of Turkish foreign policy and Turkish American relations The Cyprus question was a constant factor in US Turkish relations in the past and it still conditions the Turkish American alliance

which is an important element of the present international relations The period covered in this book is from 1960 1975 After experiencing a perfect honeymoon period in the 1950s the durability strength and cohesion of the US Turkish alliance were tested by severe problems between 1960 and 1975 At the core of all the problems was there the Cyprus question affecting the general tendency of the relationship between the two countries and the attitude of policy makers of both states Finally the period covering from 1974 onward up to the present is generally studied with particular emphasis on Turkish American relations and a supplementary chapter at the end of the book gives the latest developments from the Turkish point of view

Turkey and the World Sedat Laçiner,2001 **The EOKA Cause** Andrew R. Novo,2020-11-12 This book explores the origins conduct and failure of Greek Cypriot nationalists to achieve the unification of Cyprus with Greece Andrew Novo addresses the anti colonial struggle in the context of the competition for the nationalist narrative in Cyprus between the Left and Right the duelling Greek Cypriot and Turkish Cypriot nationalisms in Cyprus the role of Turkey and Greece in the conflict on the island and the concerns of the British Empire during its retrenchment following the Second World War More than a narrative history of the period an analysis of British policy or a description of counter insurgency operations this book lays out an examination of the underpinnings of the enosis cause and its manifestation in action It argues that the strategic myopia of the enosis movement shackled the cause defined its conduct and was the primary reason for its failure Divided and occupied Cyprus and the world deal with its unresolved legacy to this day *The Foreign Policy of the Douglas-Home Government* A. Holt,2014-03-07 This book provides an important study of a short lived government making foreign policy in the shadow of an impending general election It considers Britain's relations with the United States Africa Asia and the Middle East Historical Dictionary of Cyprus Farid Mirbagheri,Emilios A. Solomou,2021-12-10 As a major tourist destination and the most eastern member of the European Union housing two British Sovereign Bases and sitting at the intersection of three continents Cyprus attracts international attention in more ways than one hence the complex web of converging and conflicting outside interests that has marked and scarred the country's history Since 2009 when the previous edition appeared further big changes have occurred with the United Nations led efforts to bring about a settlement to the Cyprus problem as well as the latest on the exploration of hydrocarbon in the eastern Mediterranean seabed Historical Dictionary of Cyprus Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has several hundred cross referenced entries on important personalities politics economy foreign relations religion architecture and culture This book is an excellent resource for students researchers and anyone wanting to know more about Cyprus The Cyprus Referendum Chrysostomos Pericleous,2009-06-17 The Cyprus referendum of 2004 was a definitive moment in the recent history of Cyprus The island's future hung in the balance specifically the fate of the controversial Annan Plan which proposed the creation of a single United Cyprus Republic with two constituent states Accepted by the Turkish side but rejected by Greek Cypriots the Plan was not implemented In this balanced account of a highly charged

period Chrysostomos Pericleous offers an exhaustive treatment of the events that culminated in the referendum and through his comparative study explains the positions ultimately taken by Greek and Turkish Cypriots The Cyprus Referendum presents the definitive account of the course of action taken by President Tassos Papadopoulos and his ruling coalition which ultimately led to the resounding No vote on the Annan Plan by the Greek Cypriots at the referendum Pericleous places the events on the island within a wider global context focusing especially on the re orientation of US foreign policy in the Greece Turkey Cyprus triangle Drawing together all the evidence the author explores the consequences for the island and whether the rejection of the referendum will lead to a period of decline for Cyprus unless a dramatic change occurs in Greek Cypriot politics An important contribution to the study of Cypriot politics The Cyprus Referendum provides readers with a deeper insight into the broader political framework within which the UN peace initiative in Cyprus has developed It is a meticulous study of a critical moment in Cypriot history and the depth of its research makes the book invaluable for anyone interested in the island past present and future

Foreign Acquisitions Newsletter ,1977 **No More States?** Richard N. Rosecrance,Arthur A. Stein,2006-08-04 This provocative and compelling book contends that the explosive growth of new political states is finally coming to an end Examining the forces that determine the emergence of new nation states the distinguished contributors consider a rich array of specific cases from the

Naval War College Review ,1976 *Journal of Political & Military Sociology* ,1978 **Naval War College Review** Naval War College (U.S.),1976
