SPLASH!

A true story about determination and Success of a Paralympian!

The image displays a variety of educational resources for the book 'Splash!'. At the top, the title 'SPLASH!' is prominently featured in a large, bold, black font. Below the title, a subtitle reads 'A true story about determination and Success of a Paralympian!'. To the left of the book cover is a circular graphic with the text 'Sprinkle Some Magic' and a small illustration of a girl jumping. The book cover itself shows a young girl with blonde hair, wearing a red swimsuit, jumping into blue water. Below the book cover is a large grid of 24 reading comprehension questions, each with a numbered box for the answer. To the right of the grid is a 'Character Traits' chart with a table for recording traits and a section for a character analysis. The entire page is framed by a decorative black border with a white scalloped pattern.

Now this sequel, Step by Step Letterland Guide, provides fresh support for your children's second school year in their journey to full literacy *Once Upon a Life Science Book: 12 Interdisciplinary Activities to Create Confident Readers* Jodi Wheeler-Toppen, 2010 Reading skills and life science come together in this engaging new book for middle school teachers. Once Upon a Life Science Book makes it easy for teachers to improve their students' reading abilities and teach science content simultaneously through clearly outlined inquiry-based lessons. Author Jodi Wheeler-Toppen offers science activities for students and explains how these activities relate to the National Science Education Standards. Topics as varied as the cell cycle, skeletal and muscular systems, genetics and food chains are covered in a concise manner that will appeal to teachers and students alike. She doesn't stop there, however. She follows these activities with reading strategies such as comprehension, coding, chunking and previewing diagrams and illustrations that students can apply to science lessons and other subjects. The reading passages on science content are more student friendly and easier to follow than typical textbooks which might not provide the background knowledge or connections that students need to learn science content. With this interdisciplinary volume, teachers can help students learn the science in a straightforward manner and develop strategies to improve their reading.
