Reinventing Theology in Post-Genocide Rwanda Marcel Uwineza, Elisée Rutagambwa, Michel Segatagara Kamanzi, 2023 In the year 2019 Rwanda marked twenty five years after the genocide against the Tutsi Sadly Catholic priests and nuns were complicit or even participated in the killing of an estimated 800 000 ethnic Tutsis Thousands of people were

slaughtered in Catholic Churches where they took refuge For example 5000 people are estimated to have been killed at the Ntarama Catholic Church in August 1994 In March of 2017 Pope Francis issued an apology remarking that the sins and failings of the Church and its members had disfigured the face of Catholicism This statement recognized that the Catholic Church's role in the genocide has implicated the entire Church and is an invitation to reimagine the very essence of the meaning of the Church theology in its multiple dimensions the missionary enterprise the mission of the Church and the place of human dignity in the Catholic faith The task of rethinking what it means to be the Church and restoring fraternal identity as Christians in post genocide Rwanda is thus crucial if theology is to make sense again This is particularly imperative in as much as theology is compelled to reflect upon the very evils that have disfigured the Church's image and people's identity namely the evils of sin suffering the indifference of bystanders the increasing number of genocide deniers the complexity of memory the lack of credible and prophetic leadership that invites a new way of thinking about theology This book brings together bishops theologians historians and other scholars to reflect on how the Rwandan Catholic Church can restore fundamental peace and rebuild lasting reconciliation

Reading the Bible After Christendom

Lloyd Pieteresen, 2011-04-01. Pieteresen argues that for too long the Old Testament has been the primary source for Christian ethics and the letters of Paul for Christian discipleship. Without disparaging these sources, the author suggests that the church in a postmodern post-Christian society needs to look at Scripture with a different focus. This book seeks to examine what reading the Bible might look like in the current period when the church is no longer central and the Christian story is not well known. This is a provocative and refreshing exploration of the possibilities inherent in reading Scripture from the margins rather than from within the compromised and rapidly receding structures of Christendom. A worthy addition to the challenging After Christendom series. Lloyd Pieteresen's thoughtful work moves the discussion forward in ways that are at times controversial, at other times stretching, but at all times constructive. Highly recommended. Brian Harris, Principal, Vose Seminary, Perth, Australia.
