Directing at Disney Don Peri,Pete Docter,2024-09-17 This untold history collection chronicles the progression of the animation director role during the 1920s through the 1970s For students of filmmaking and management this book serves as go to resource for a complex and sometimes technical role that demanded precision For all Disney fans these personal portraits of Walt s closest creative leaders offer a fuller picture behind the stories characters and magical realms in Disney s beloved and respected animated films When the very first animated films appeared there were no directors With no actors sets costumes or sound what appeared onscreen was simply decided and drawn by an animator Since early films were usually made by only one or two artists there was little need for planning Organization was loose When Walt Disney started animating on shorts and advertising projects in Kansas City Missouri he followed that process along with fellow artist and friend Ub Iwerks Walt found that his strength was in story and character He began writing outlines describing what would appear scene by scene

Soon the text was accompanied by a sketch previsualizing the layout giving all animators working on a film a clear vision of how their parts fit into the whole Ultimately Walt shepherded stories from their inception through every revision and gag He approved every camera angle He dictated what happened in every shot sometimes every frame obsessing over every detail While not credited as such onscreen Walt was the first Disney director As the Disney studio grew Walt organically evolved the role of director reflecting the amount of trust he had in those he worked with his interest in a specific project and what other projects he had on his plate Walt expected his directors to follow his instructions and to improve the work at every turn Directing at Disney The Original Directors of Walt s Animated Films offers the little known history behind Walt s foundational directors such as Wilfred Jackson Clyde Geronimi and Dave Hand These talents directed some of the most beloved films in existence Snow White and Seven Dwarfs Pinocchio Peter Pan and One Hundred and One Dalmatians yet virtually no one has heard of them until now
