Ross uncovers, celebrates and analyses best practice in teaching. Supported by case studies and research undertaken by Ross in ten primary and secondary schools across Britain, including a pupil referral unit and private, state and grammar schools, as well as explanations from influential educationalists as to why and how these ideas work. Ross explores the issues of marking and assessment, planning, teaching and learning, teacher wellbeing, student mental health, behaviour and exclusions, SEND, curriculum, research-led practice and CPD. With a foreword by Lord Jim Knight and contributions from Priya Lakhani, Andria Zafirakou, Mark Martin, Professor Andy Hargreaves and many more, this book inspires readers to open their eyes to how particular problems can be resolved and how other schools are already doing this effectively.
