Mshaka, 2009-04-23 There is a great mystique about the entertainment industry and a fervent desire in many to be part of it But what many women don't realize is that most entertainment career guides are written from the point of view of the male executive or are filled with industry and legal jargon making them difficult to read and understand Now in Put Your Dreams First Thembisa Mshaka uses her 15 years of experience in the music industry to expose the hidden truths that women need to know as they aspire toward entertainment careers such as how to avoid compromising one's self respect and the little known fact that women run a large part of the business This highly informative guide is for every woman wanting to know how to navigate the entertainment superhighway and find that job of a lifetime Music/Video Gina Arnold, Daniel

Cookney, Kirsty Fairclough, Michael N. Goddard, 2017-08-10 This book is a lively comprehensive and timely reader on the music video capitalising on cross disciplinary research expertise which represents a substantial academic engagement with the music video a mediated form and practice that still remains relatively under explored in a 21st century context The music video has remained suspended between two distinct poles On the one hand the music video as the visual sheen of late capitalism at the intersection of celebrity studies and postmodernism On the other hand the music video as art looking to a prehistory of avant garde film making while perpetually pushing forward the digital frontier with a taste for anarchy controversy and the integration of special effects into a form designed to be disseminated across digital platforms In this way

the music video virally re engenders debates about high art and low culture This collection presents a comprehensive account of the music video from a contemporary 21st century perspective This entails revisiting key moments in the canonical history of the music video exploring its articulations of sexuality and gender examining its functioning as a form of artistic expression between music film and video art and following the music video s dissemination into the digital domain considering how digital media and social media have come to re invent the forms and functions of the music video well beyond the limits of music television
