**The Second Most Powerful Man in the World** Phillips Payson O'Brien, 2020-03-03 The life of Franklin Roosevelt's most trusted and powerful advisor Admiral William D Leahy Chief of Staff to the Commander in Chief O'Brien's biography at last gives Leahy his due John Lewis Gaddis Fascinating greatly enriches our understanding of Washington wartime power Madeleine Albright Beautifully written and thoroughly researched Douglas Brinkley Transforms our understanding of America's wartime decision making Hew Strachan Aside from FDR no American did more to shape World War II than Admiral William D Leahy not Douglas MacArthur not Dwight Eisenhower and not even the legendary George Marshall No man including Harry Hopkins was closer to Roosevelt nor had earned his blind faith like Leahy Through the course of the war constantly at the president's side and advising him on daily decisions Leahy became the second most powerful man in the world In a time of titanic personalities Leahy regularly downplayed his influence preferring the substance of power to the style A stern faced salty sailor his U S Navy career had begun as a cadet aboard a sailing ship Four decades later Admiral Leahy was a trusted friend and advisor to the president and his ambassador to Vichy France until the attack on Pearl Harbor Needing one person who could help him grapple with the enormous strategic consequences of the war both at home and abroad Roosevelt made Leahy the first presidential chief of staff though Leahy's role embodied far

more power than the position of today Leahy's profound power was recognized by figures like Stalin and Churchill yet historians have largely overlooked his role In this important biography historian Phillips Payson O'Brien illuminates the admiral's influence on the most crucial and transformative decisions of WWII and the early Cold War From the invasions of North Africa Sicily and France to the allocation of resources to fight Japan O'Brien contends that America's war largely unfolded according to Leahy's vision Among the author's surprising revelations is that while FDR's health failed Leahy became almost a de facto president making decisions while FDR was too ill to work and that much of his influence carried over to Truman's White House
