Makers Of The Modern Thoroughbred:

Makers of the Modern Thoroughbred Peter Willett, 1984-01-01 Makers of the Modern Thoroughbred Peter Willett, 1986 Horse People Rebecca Louise Cassidy, 2007-12-01 The world of Thoroughbred racing is glamorous secretive dangerous and seductive the sport of kings and the poor man's obsession While the spectacle of racing stirs the imagination it belies the ruthless business that lies beneath This engaging original study demystifies this complex world by comparing centers of excellence in Britain and North America Drawing from intensive field work in Suffolk's Newmarket and Kentucky's Lexington Rebecca Cassidy gives us the inside track on all players in the industry from the elite breeders and owners to the stable boys racetrack workers and veterinarians She leads us through horse farms breeding barns and yearling sales explains rigorous training regimens and brings us trackside on race day But the history of Thoroughbred racing culture is more than a collection of fascinating characters and exciting events Cassidy's investigation reveals the factors ethical cultural political and economic that have shaped the racing tradition Thoroughbred Record, 1922 Includes a statistical issue title varies slightly 1947 Armoured Horseman Peter Willett, 2020-01-31 A veteran with the Queen's Bays in the British Army recounts service during World War II and his career in horse racing post war New memoirs by combatants in the Second World War are sadly rare today due to the passage of time Armoured Horsemen will be warmly welcomed as the author now into his 90s fought through with The Bays from Alamein to Tunis and then on up Italy until VE Day As a young tank troop commander his chances of survival were slim and tragically many of his friends were killed Peter Willett a professional journalist and prolific author is superbly qualified to describe his war and the experiences of his fellow cavalrymen He tells a moving story with characteristic lightness of touch and modesty As well as satisfying the military enthusiast Armoured Horseman will find a ready audience in the racing fraternity Peter describes equestrian activities in post war Austria and goes on to summarise his career as a racing journalist authority on breeding membership of the Jockey Club and long association with Goodwood Praise for Armoured Horseman Overall this is a rather entertaining description of life in a unit at the heart of some of the most significant events of the Desert War History of War This new book covers familiar ground because there have been many books that tell the story of the major North African and Italian campaigns but it brings forward a unique story that is fascinating compelling and charming This is a must read WWII account but it will also appeal for its horse racing connections and the very human story that it tells Firetrench What a truly wonderful book I almost felt I was there and realised that between all the horrors of war there were also some better times and great friendships recounted so brilliantly It should be made into a film Nicola Howard Jones *Equine Infectious Diseases V* David G. Powell, 1988-01-01 Proceedings of the Lexington KY Meeting Oct 1987 Covers influenza herpesviruses strangles and other respiratory infections infections of the reproductive system vector borne diseases and gastrointestinal infections Forty one papers are included and original research findings are presented *The Irish National Stud, 1900-2025* Declan Monaghan, 2025-06-25 This book examines

the history of a pioneering Thoroughbred horse breeding operation the Irish National Stud By incorporating and integrating a diverse array of primary sources from various repositories and supplementing them with contemporary and secondary materials the main narrative reveals the intricate details of Ireland's complex relationship with Britain through sport and politics The publication adopts a chronological thematic approach beginning at the turn of the nineteenth century and tracing the development of the Stud through the twentieth century and into the twenty first century This book encompasses the political cultural and social dimensions of horse breeding racing and the role of what would become the Irish National Stud The first period of its history covers the establishment of Tully Stud in Kildare under Colonel William Hall Walker in 1900 The second period from 1916 to 1944 begins with Hall Walker gifting Tully Stud to the British government which then rebranded it as the National Stud This coincided with the Irish independence struggle and the formation of the new Irish Free State leading to over two decades of deadlock over which government Irish or British legally owned the Stud The third period saw the progression of the new Irish National Stud from its creation in 1944 to the present day offering a comparison with the British National Stud and providing a thorough analysis of the influence of elite Thoroughbred breeders on the Irish National Stud and the broader industry in both Ireland and Great Britain

Never Say Die James C. Nicholson,2013-05-04 A history of the American horse that won Britain s greatest race and changed the Thoroughbred racing world A quarter of a million people braved miserable conditions at Epsom Downs on June 2 1954 to see the 175th running of the prestigious Derby Stakes Queen Elizabeth II and Sir Winston Churchill were in attendance along with thousands of Britons who were all convinced of the unfailing superiority of English bloodstock and eager to see a British colt take the victory They were shocked when a Kentucky born chestnut named Never Say Die galloped to a two length triumph at odds of 33 1 winning Britain s greatest race and beginning an important shift in the world of Thoroughbred racing Never Say Die traces the history of this extraordinary colt beginning with his foaling in Lexington Kentucky as well as the stories of the influential individuals brought together by the horse and his victory from the heir to the Singer sewing machine fortune to the Aga Khan Most fascinating is the tale of Mona Best of Liverpool England whose well placed bet on the long shot Derby contender allowed her to open the Casbah Coffee Club There her son met musicians John Lennon Paul McCartney and George Harrison later joining their band Featuring a foreword by the original drummer for the Beatles Pete Best this remarkable book reveals how an underdog s surprise victory played a part in the formation of the most successful and influential rock band in history and made the Bluegrass region of Kentucky the center of the international Thoroughbred industry Praise for Never Say Die Nicholson has done a very fine job of placing the unique role of Never Say Die in perspective within the specific confines of Thoroughbred racing history while at the same time explaining how this horse was touched by a vivid array of characters in other social and historical contexts Who would have imagined that a racehorse would link such diverse institutions as the Singer sewing machine company the Epsom Derby and the Beatles Edward L Bowen author of The Lucky Thirteen As a reader I was left with a clear understanding of how the breeding industry has gone global and importantly how it will always follow the money Racing enthusiasts will enjoy how the author sews together this unusual patchwork of characters into a narrative John Eisenberg author of The Great Match Race When North Met South in America s First Sports Spectacle E nlightening and entertaining Nicholson s tale of close connections and global links is a yarn worth following Wall Street Journal

[The Global Horseracing Industry](#) Phil McManus,Glenn Albrecht,Raewyn Graham,2013 Horseracing thoroughbred breeding and gambling on racing are global industries worth several hundred billion dollars They are also industries facing serious challenges from the rise of alternative forms of leisure gambling to concerns about the ethical treatment of animals in all equestrian sports This book offers a broad

ranging examination of the contemporary horseracing industry from geographical economic social ethical and environmental perspectives The book draws on in depth mixed method research into the racing and breeding industries in the US Australia the UK Canada and New Zealand and includes comparative material on other key racing centres such as Ireland Singapore and Hong Kong It explores the economic structure of the global racing business including comparisons with other major international sport businesses and other equestrian sports It examines the social and cultural roots of the sport through its association with and impact on rural places communities and environments from Kentucky to Newmarket highlighting racing's particular blend of tradition and scientific and technological innovation The book also explores the ethical issues at the heart of horseracing from reproduction to the use of the whip and the inescapable tension between the horse as an instrumentally valuable commodity and the horse as an intrinsically valuable animal with needs and interests The Global Horseracing Industry concludes by considering alternative futures for this major international sports business The book is illuminating reading for anybody with an interest in sport business cultural geography animal studies or environmental studies
