Makers of the Russian Revolution Georges Haupt, Jean-Jacques Marie, 2017-02-17 Until the publication of this book in 1974 the leaders of the October Revolution remained very badly known This book exhumes the autobiographies written by the men whose actions and ideas have moulded events Unique as sources of documentation on the Bolsheviks these autobiographies encompassing personal and political information up to 1917 add an important historical dimension They allow the reader to appreciate more accurately the role played by each of the protagonists in preparing and carrying out the Revolution and beyond this they put the Bolsheviks of 1917 in the context of their social milieu and of the circumstances that shaped their minds

The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917-1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state
