Making Big Money In 1600 The Life And Times Of Ismail Abu Taqiyya Egyptian Merchant:

Making Big Money in 1600 Nelly Hanna, 1998-05-01 Nelly Hanna's work challenges the standard perceptions about Middle East society and economy of the seventeenth century. Both novel in its approach and information, this book's central theme revolves around the rise of an indigenous form of capitalism existing as early as the 1600s. *Making Big Money in 1600* examines the reemergence of the economic sector and its complex influences on social conditions during this time. By examining the life and work of Isma'il Abu Taqiyya, Hanna traces the relationship between economic activities and culture. As we are introduced to Abu Taqiyya, we learn how he negotiates partnership with other merchants, arranges for the handling of goods, and negotiates loans for colleagues. Hanna reveals his home life, his wives, children, and concubines, his relations with his family and friends, and how these relations evolved and were affected by the changing social and economic conditions, a perspective rarely discussed in works before the modern period. *Making Big Money in 1600* Nelly Hanna, 1998-05-01

Borsch, 2009-09-15 Throughout the fourteenth century AD eighth century H waves of plague swept out of Central Asia and decimated populations from China to Iceland So devastating was the Black Death across the Old World that some historians have compared its effects to those of a nuclear holocaust As countries began to recover from the plague during the following century sharp contrasts arose between the East where societies slumped into long term economic and social decline and the West where technological and social innovation set the stage for Europe s dominance into the twentieth century Why were there such opposite outcomes from the same catastrophic event In contrast to previous studies that have looked to differences between Islam and Christianity for the solution to the puzzle this pioneering work proposes that a country s system of landholding primarily determined how successfully it recovered from the calamity of the Black Death Stuart Borsch compares the specific cases of Egypt and England countries whose economies were based in agriculture and whose pre plague levels of total and agrarian gross domestic product were roughly equivalent Undertaking a thorough analysis of medieval economic data he cogently explains why Egypt s centralized and urban landholding system was unable to adapt to massive depopulation while England s localized and rural landholding system had fully recovered by the year 1500 *Living in the Ottoman Realm* Christine Isom-Verhaaren, Kent F. A History of Muslims, Christians, and Jews in the Middle East Heather J. Sharkey, 2017-04-03 Across centuries the Islamic Middle East hosted large populations of Christians and Jews in addition to Muslims Today this diversity is mostly absent In this book Heather J Sharkey examines the history that Muslims Christians and Jews once shared against the shifting backdrop of state policies Focusing on the Ottoman Middle East before World War I Sharkey offers a vivid and lively analysis of everyday social contacts dress music food bathing and more as they brought people together or pushed them apart Historically Islamic traditions of statecraft and law which the Ottoman Empire maintained and adapted treated Christians and Jews as protected subordinates to Muslims while prescribing limits to social mixing Sharkey shows how amid the pivotal changes of the modern era efforts to simultaneously preserve and dismantle these hierarchies heightened tensions along religious lines and set the stage for the twentieth century Middle East

Inventing Laziness Melis Hafez, 2021-12-09 Neither laziness nor its condemnation are new inventions however perceiving laziness as a social condition that afflicts a nation is In the early modern era Ottoman political treatises did not regard the people as the source of the state's problems Yet in the nineteenth century as the imperial ideology of Ottomanism and

modern discourses of citizenship spread so did the understanding of laziness as a social disease that the Ottoman nation needed to eradicate Asking what we can learn about Ottoman history over the long nineteenth century by looking closely into the contested and shifting boundaries of the laziness productivity binary Melis Hafez explores how laziness can be used to understand emerging civic culture and its exclusionary practices in the Ottoman Empire A polyphonic involvement of moralists intellectuals polemicists novelists bureaucrats and to an extent the public reveals the complexities and ambiguities of this multifaceted cultural transformation Using a wide variety of sources this book explores the sustained anxiety about productivity that generated numerous reforms as well as new understandings of morality subjectivity citizenship and nationhood among the Ottomans *Held in Trust* Pascale Ghazaleh,2011 Waqfs pious endowments long held a crucial place in the political economic and social life of the Islamic world This volume which evolved from papers delivered at the 2005 American University in Cairo Annual History Seminar offers a meticulous set of studies that fills a gap in our knowledge of waqf and its uses *The Cambridge History of Capitalism: Volume 1, The Rise of Capitalism: From Ancient Origins to 1848* Larry Neal,Jeffrey G.
