Contemporary America Ian Morris, Joanne Diaz, 2015-04-09 Little magazines have often showcased the best new writing in America. Historically these idiosyncratic small circulation outlets have served the dual functions of representing the avant garde of literary expression while also helping many emerging writers become established authors. Although changing technology and the increasingly harsh financial realities of publishing over the past three decades would seem to have pushed little magazines to the brink of extinction, their story is far more complicated. In this collection Ian Morris and Joanne Diaz gather the reflections of twenty-three prominent editors whose little magazines have flourished over the past thirty-five years. Highlighting the creativity and innovation driving this diverse and still vital medium, contributors offer insights into how their publications sometimes succeeded, sometimes reluctantly folded, but mostly how they evolved and persevered. Other topics discussed include the role of little magazines in promoting the work and concerns of minority and women writers, the place of universities in supporting and shaping little magazines, and the online and offline future of these publications. Selected contributors: Betsy Sussler, BOMB; Lee Gutkind, Creative Nonfiction; Bruce Andrews, L A N G U A G E; Dave Eggers, McSweeney's; Keith Gessen, n+1; Don Share, Poetry; Jane Friedman, VQR; Amy Hoffman, Women's Review of Books; and more.

Gayl Jones Casey Clabough, 2008-08-29 Gayl Jones is dedicated to the art of verbal authenticity, stemming from her identification with her African American heritage. Amid widespread critical praise as well as pointed attacks for her controversial first two novels, Jones has shown a constantly evolving cultural consciousness. This first single-author study of Gayl Jones recovers the work of an under-examined yet immensely skillful contemporary writer. It offers a thorough examination of her technical innovations as well as her willingness to explore controversial subject matter. The book addresses such crucial themes as Afrocentrism, diasporas, mythopoesis, post-colonialism, and globalization, and offers close readings of the aesthetic and political interchanges within Jones's fiction, drama, poetry, and criticism. Two interviews with Gayl Jones are included. *Perspectives on Percival Everett* Keith B. Mitchell, Robin G. Vander, 2013 Percival Everett writes novels, short stories, poetry, and essays and is one of the most prolific, acclaimed, yet under-examined African American writers working today. Although to date Everett has published eighteen novels, three collections of short fiction, three poetry collections, and one children's book, his work has not garnered the critical attention that it deserves. Perhaps one of the most vexing problems black and white scholars have had in trying to situate Everett's work is that they have found it difficult to place him and his work within a prescribed African American literary tradition. Because he happens to be African American, critics have expectations of so-called authentic African American fiction; however, his work often thwarts these expectations. In *Perspectives on Percival Everett*, scholars engage all of his creative production. On the one hand, Everett is an African American novelist. On the other hand, he pursues subject matters that seemingly have little to do with African American culture. The operative word here is seemingly, for as these essays demonstrate, Everett's work falls well within as well as outside of what most critics would deem the African American literary tradition. These essays examine issues of identity

authenticity and semiotics in addition to postmodernism and African American and American literary traditions issues essential to understanding his aesthetic and political concerns **African American Pride** Tyehimba Jess, 2003 There are nearly 35 million African Americans in the U S today This volume gives 101 reasons to be proud of being African American
