Making Civil Rights Law Thurgood Marshall And The Supreme Court 1936 1961

Brian K. Landsberg

Making Civil Rights Law Thurgood Marshall And The Supreme Court 1936 1961:

Making Civil Rights Law Mark V. Tushnet, 1994 Chronological narrative history of the legal struggle which preceded the political battles for civil rights in the thirties forties and fifties waged by the NAACP Legal Defense Fund led by Thurgood Marshall *Encyclopedia of African American History, 1896 to the Present* Paul Finkelman, 2009 Alphabetically arranged entries from A to C that explores significant events major persons organizations and political and social movements in African American history from 1896 to the twenty first century **A Companion to Ronald Reagan** Andrew L. Johns, 2015-04-20 A Companion to Ronald Reagan evaluates in unprecedented detail the events policies politics and people of Reagan's administration It assesses the scope and influence of his various careers within the context of the times providing wide ranging coverage of his administration and his legacy Assesses Reagan and his impact on the development of the United States based on new documentary evidence and engagement with the most recent secondary literature Offers a mix of historiographic chapters devoted to foreign and domestic policy with topics integrated thematically and chronologically Includes a section on key figures associated politically and personally with Reagan **The Oxford Encyclopedia of American Political and Legal History** Donald T. Critchlow, Philip R. VanderMeer, 2012-06-07 The Oxford Encyclopedia of American Political and Legal History brings together an unparalleled wealth of information about the laws institutions and actors that have governed America throughout its history Entries key political figures important legislation and governmental institutions broad political trends relating to elections voting behavior and party development as well as key court cases legal theories constitutional interpretations Supreme Court justices and other major legal figures Emphasizing the interconnectedness of politics and law the more than 430 expertly written entries in the Encyclopedia provide an invaluable and in depth overview of the development of America's political and legal frameworks [The American Judicial Tradition](#) G. Edward White, 2007-01-18 Previous editions published 1988 expanded 1976 1st *Postwar America* James Ciment, 2015-03-26 From the outbreak of the Cold War to the rise of the United States as the last remaining superpower the years following World War II were filled with momentous events and rapid change Diplomatically economically politically and culturally the United States became a major influence around the globe On the domestic front this period witnessed some of the most turbulent and prosperous years in American history *Postwar America An Encyclopedia of Social Political Cultural and Economic History* provides detailed coverage of all the remarkable developments within the United States during this period as well as their dramatic impact on the rest of the world A-Z entries address specific persons groups concepts events geographical locations organizations and cultural and technological phenomena Sidebars highlight primary source materials items of special interest statistical data and other information and Cultural Landmark entries chronologically detail the music literature arts and cultural history of the era Bibliographies covering literature from the postwar era and about the era are also included as are illustrations and specialized indexes **Enforcing Civil Rights** Brian K. Landsberg, 1997 A former

member of the Civil Rights Division of the US Department of Justice established in 1957 explains the agency's role in combating institutionalized racism. He discusses political realities, national priorities, the widening of the mandate, weathering political shifts in Washington, conflicts between career civil servants and political appointees, and other aspects. He also analyzes the consequences of its litigation positions and considers whether the structure of enforcement should be changed.

Annotation copyrighted by Book News Inc, Portland, OR **Charles H. Thompson** Louis Ray, 2012-07-06

During a period when African American education was at the epicenter of the civil rights movement, Thompson's *Journal* documented the rapid growth of educational discrimination in the South despite significant increases in public school funding, providing irrefutable evidence that racially segregated public education was inherently discriminatory, hence unconstitutional. Between 1932 and 1954, Thompson's editorials provided a nuanced insider's account of one of the most successful policy research ventures in American history: the movement to overturn racial segregation as public policy, chronicling the rise during the Depression, World War II, and the postwar period of a policy community committed to expanding human rights nationally and internationally. A brilliant essayist, Thompson sought to close the gap between America's democratic precepts and its undemocratic practices by molding public opinion favorable to a significant expansion of civil rights among scholars, policymakers, and the public. An expert witness in several landmark higher education cases argued before the U.S. Supreme Court, including *Sipuel* (1948), *Sweatt* (1950), and *McLaurin* (1950). Thompson's editorials provided an informed eyewitness account of African American teachers' pivotal role in the NAACP litigation campaign culminating in the landmark *Brown et al v Board of Education of Topeka et al* (1954) desegregation ruling. This is the first full-length study of Charles H. Thompson's contributions to American education and the civil rights movement.

[Encyclopedia of the Sixties](#) Abbe A. Debolt, James S. Baugess, 2011-12-12

Comedian Robin Williams said that if you remember the 60s, you weren't there. This encyclopedia documents the people, places, movements, and culture of that memorable decade for those who lived it and those who came after. *Encyclopedia of the Sixties: A Decade of Culture and Counterculture* surveys the 1960s from January 1960 to December 1969. Nearly 500 entries cover everything from the British television cult classic *The Avengers* to the Vietnam War and the civil rights movement. The two-volume work also includes biographies of artists, architects, authors, statesmen, military leaders, and cinematic stars, concentrating on what each individual accomplished during the 1960s, with brief postscripts of their lives beyond the period. There was much more to the Sixties than flower power and LSD, and the entries in this encyclopedia were compiled with an eye to providing a balanced view of the decade. Thus, unlike works that emphasize only the radical and revolutionary aspects of the period, to the exclusion of everything else, these volumes include the political and cultural. Right taking a more academic than nostalgic approach and helping to fill a gap in the popular understanding of the era.

The Oxford Guide to the United States Government John J. Patrick, Richard M. Pious, Donald A. Ritchie, **Borders of Equality** Lee Sartain, 2013-03-05

As a border city, Baltimore made an ideal arena to push for change during the civil rights

movement It was a city in which all forms of segregation and racism appeared vulnerable to attack by the National Association for the Advancement of Colored People s methods If successful in Baltimore the rest of the nation might follow with progressive and integrationist reforms The Baltimore branch of the NAACP was one of the first chapters in the nation and was the largest branch in the nation by 1946 The branch undertook various forms of civil rights activity from 1914 through the 1940s that later were mainstays of the 1960s movement Nonviolent protest youth activism economic boycotts marches on state capitols campaigns for voter registration and pursuit of anti lynching cases all had test runs Remarkably Baltimore s NAACP had the same branch president for thirty five years starting in 1935 a woman Lillie M Jackson Her work highlights gender issues and the social and political transitions among the changing civil rights groups In *Borders of Equality* Lee Sartain evaluates her leadership amid challenges from radicalized youth groups and the Black Power Movement Baltimore was an urban industrial center that shared many characteristics with the North and African Americans could vote there The city absorbed a large number of black economic migrants from the South and it exhibited racial patterns that made it more familiar to Southerners It was one of the first places to begin desegregating its schools in September 1954 after the Brown decision and one of the first to indicate to the nation that race was not simply a problem for the Deep South Baltimore s history and geography make it a perfect case study to examine the NAACP and various phases of the civil rights struggle in the twentieth century

Jim Crow Nikki Brown, Barry M. Stentiford, 2014-10-28 This one volume reference work examines a broad range of topics related to the establishment maintenance and eventual dismantling of the discriminatory system known as Jim Crow Many Americans imagine that African Americans struggle to achieve equal rights has advanced in a linear fashion from the end of slavery until the present In reality for more than six decades African Americans had their civil rights and basic human rights systematically denied in much of the nation Jim Crow A Historical Encyclopedia of the American Mosaic sheds new light on how the systematic denigration of African Americans after slavery known collectively as Jim Crow was established maintained and eventually dismantled Written in a manner appropriate for high school and junior high students as well as undergraduate readers this book examines the period of Jim Crow after slavery that is often overlooked in American history curricula An introductory essay frames the work and explains the significance and scope of this regrettable period in American history Written by experts in their fields the accessible entries will enable readers to understand the long hard road before the inception of the Civil Rights Movement in the 20th century while also gaining a better understanding of the experiences of minorities in the United States African Americans in particular

[The Ticket to Freedom](#) Manfred Berg, 2020-10-20 Outstanding Great history and a great story St Petersburg Times A clear and thought provoking assessment of the organization s accomplishments during its first sixty years Louisiana History An outstanding analysis of both the NAACP and the ongoing struggle for the right to vote American Historical Review Berg directs this work to scholars and general readers in an effort to correct what he views as the underrating of the contributions of the NAACP to American racial

equality Berg details the growth of the NAACP its successes and failures and the major figures who helped advance the NAACP including W E B Dubois Thurgood Marshall Moorfield Storey Walter White and Oswald Garrison Villard Booklist The NAACP is regarded as an old fashioned conservative and even Uncle Tom organization by some Berg argues that the association s often conservative aims have to be seen in the context of particular moments in time and the nature of the leadership itself American Studies Berg s narrative style is fluid and compelling revealing a resourceful and dynamic organization which has done much to open up the electoral process to greater black participation AfroAmericanHeritage.com Focusing on the NAACP s campaign for voting rights Manfred Berg challenges the legalistic and bureaucratic image of the NAACP and reveals a resourceful dynamic and politically astute organization that did much to open up the electoral process to greater black participation

The Struggle for Black Equality Harvard Sitkoff, 2008-09-30 The Struggle for Black Equality is a dramatic memorable history of the civil rights movement Harvard Sitkoff offers both a brilliant interpretation of the personalities and dynamics of civil rights organizations and a compelling analysis of the continuing problems plaguing many African Americans With a new foreword and afterword and an up to date bibliography this anniversary edition highlights the continuing significance of the movement for black equality and justice

The Affirmative Action Puzzle Melvin I. Urofsky, 2020-01-28 A rich multifaceted history of affirmative action from the Civil Rights Act of 1866 through today s tumultuous times From acclaimed legal historian author of a biography of Louis Brandeis Remarkable Anthony Lewis The New York Review of Books Definitive Jeffrey Rosen The New Republic and Dissent and the Supreme Court Riveting Dahlia Lithwick The New York Times Book Review a history of affirmative action from its beginning with the Civil Rights Act of 1866 to the first use of the term in 1935 with the enactment of the National Labor Relations Act the Wagner Act to 1961 and John F Kennedy s Executive Order 10925 mandating that federal contractors take affirmative action to ensure that there be no discrimination by race creed color or national origin down to today s American society Melvin Urofsky explores affirmative action in relation to sex gender and education and shows that nearly every public university in the country has at one time or another instituted some form of affirmative action plan some successful others not Urofsky traces the evolution of affirmative action through labor and the struggle for racial equality writing of World War I and the exodus that began when some six million African Americans moved northward between 1910 and 1960 one of the greatest internal migrations in the country s history He describes how Harry Truman after becoming president in 1945 fought for Roosevelt s Fair Employment Practice Act and surprising everyone appointed a distinguished panel to serve as the President s Commission on Civil Rights as well as appointing the first black judge on a federal appeals court in 1948 and by executive order later that year ordering full racial integration in the armed forces In this important ambitious far reaching book Urofsky writes about the affirmative action cases decided by the Supreme Court cases that either upheld or struck down particular plans that affected both governmental and private entities We come to fully understand the societal impact of affirmative action how and why it has

helped and inflamed people of all walks of life how it has evolved and how and why it is still needed *Integration Now* William P. Hustwit, 2019-02-05 Recovering the history of an often ignored landmark Supreme Court case William P Hustwit assesses the significant role that *Alexander v Holmes* 1969 played in integrating the South's public schools Although *Brown v Board of Education* has rightly received the lion's share of historical analysis its ambiguous language for implementation led to more than a decade of delays and resistance by local and state governments *Alexander v Holmes* required integration now and less than a year later thousands of children were attending integrated schools Hustwit traces the progression of the *Alexander* case to show how grassroots activists in Mississippi operated hand in glove with lawyers and judges involved in the litigation By combining a narrative of the larger legal battle surrounding the case and the story of the local activists who pressed for change Hustwit offers an innovative well researched account of a definitive legal decision that reaches from the cotton fields of Holmes County to the chambers of the Supreme Court in Washington **The Vinson Court** Michal R. Belknap, 2004-06-29 Spanning the years from 1946 until 1953 the Vinson Court made the legal transition from World War II to the Korean War and the outspoken justices Felix Frankfurter and Hugo Black helped shape its legacy The Vinson Court summons students and legal professionals to understand the impact and tensions of Fred Vinson's term as Chief Justice from 1946-1953 Court scholar Michal R Belknap explores McCarthyism the Cold War racial segregation and capital punishment from the Supreme Court's view These controversies shaped the most important decision on presidential powers restrictions on political expression and a nasty conflict over the Rosenbergs Significant rulings are reviewed and the 12 justices on the Vinson Court including Felix Frankfurter and Hugo Black are introduced Clashes were common between some of the Supreme Court's strongest personalities and these are highlighted throughout the text The court's legacy completes this powerful study of constitutional law *Cradle of America* Peter Wallenstein, 2014-08-15 As the site of the first permanent English settlement in North America the birthplace of a presidential dynasty and the gateway to western growth in the nation's early years Virginia can rightfully be called the cradle of America Peter Wallenstein traces major themes across four centuries in a brisk narrative that recalls the people and events that have shaped the Old Dominion The second edition is updated with new material throughout including a new chapter on Virginia and world affairs from the Korean War through 9/11 and beyond and an expanded bibliography Historical accounts of Virginia have often emphasized harmony and tradition but Wallenstein focuses on the impact of conflict and change From the beginning Virginians have debated and challenged each other's visions of Virginia and Wallenstein shows how these differences have influenced its sometimes turbulent development Casting an eye on blacks as well as whites and on people from both east and west of the Blue Ridge Mountains he traces such key themes as political power racial identity and education Bringing to bear his long experience teaching Virginia history Wallenstein takes readers back even before Jamestown to the Elizabethan settlers at Roanoke Island and the inhabitants they encountered as well as to Virginia's leaders of the American Revolution He chronicles the state's dramatic

journey through the Civil War era a time that revealed how the nation's evolution sometimes took shape in opposition to the vision of many leading Virginians He also examines the impact of the civil rights movement and considers controversies that accompany Virginia into its fifth century The text is copiously illustrated to depict not only such iconic figures as Pocahontas George Washington and Robert E Lee but also such other prominent native Virginians as Carter G Woodson Patsy Cline and L Douglas Wilder Sidebars throughout the book offer further insight while maps and appendixes of reference data make the volume a complete resource on Virginia's history *The American Supreme Court* Robert G. McCloskey, 2010-07-15

Celebrating its fiftieth anniversary Robert McCloskey's classic work on the Supreme Court's role in constructing the U S Constitution has introduced generations of students to the workings of our nation's highest court For this new fifth edition Sanford Levinson extends McCloskey's magisterial treatment to address the Court's most recent decisions As in prior editions McCloskey's original text remains unchanged In his historical interpretation he argues that the strength of the Court has always been its sensitivity to the changing political scene as well as its reluctance to stray too far from the main currents of public sentiments In two revised chapters Levinson shows how McCloskey's approach continues to illuminate developments since 2005 including the Court's decisions in cases arising out of the War on Terror which range from issues of civil liberty to tests of executive power He also discusses the Court's skepticism regarding campaign finance regulation its affirmation of the right to bear arms and the increasingly important nomination and confirmation process of Supreme Court justices including that of the first Hispanic justice Sonia Sotomayor The best and most concise account of the Supreme Court and its place in American politics McCloskey's wonderfully readable book is an essential guide to the past present and future prospects of this institution *The Harvard Guide to African-American History* Evelyn Brooks Higginbotham, 2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America
