Board of Supervisors,1923 Includes fiscal statement The Road to Reinvention Josh Linkner,2014-05-07 Companies communities and individuals fall for many reasons but one of the most common and easily avoidable is the failure to reinvent When people and organizations rest on prior successes rather than driving purposeful transformation they discover too late that they have lost their market position altogether to competitors and external forces The most successful companies brands and individuals make reinvention a regular part of their business strategies Transformation demands an ongoing process of discovery and imagination and The Road to Reinvention lays out a systematic approach for continually challenging and reinventing yourself and your business Venture capitalist and serial entrepreneur Josh Linkner identifies six elements in any business that are ripe for reinvention and shares examples methods and step by step techniques for creating deliberate productive disruption Throughout The Road to Reinvention Linkner also explores the history the great rise unprecedented fall and now rebirth of his beloved hometown Detroit First rising to greatness as the result of breathtaking innovation Detroit had generations of booming growth before succumbing to apathy atrophy and finally bankruptcy Now the city is rising from the ashes and driving sustainable success through an intense focus on reinvention Linkner brings an insider's view of this incredible story of grit determination and creativity sharing his perspective on Detroit's successes and setbacks as a profound example of large scale organizational and personal transformation Change is inevitable You need to decide Will you drive that change or be driven away by it Will you disrupt or be disrupted By choosing to deliberately reimagine your own status quo you can secure a strong future for both your company and your career
