Making Of A Drug Free America:

The Making of a Drug-free America Mathea Falco, 1994 Revised and updated this book argues that Americans need not give in to despair when it comes to the persistent problem of drug abuse Falco showcases effective prevention treatment and law enforcement strategies from around the country This information will shape the debate in 1994 midterm elections Includes a foreword by Michael Crichton **The White House Conference for a Drug Free America** White House Conference for a Drug Free America, 1988 Abstract This is the final report of the White House Conference for a Drug Free America presented to the President of the United States and members of the 100th Congress The primary aim of this conference was to gather integrated view points from American citizens on how to solve illegal drug problems in the country The opinions of the following among others were sought law enforcement health care and research professionals corporate and labor leaders parents and educators The report examines the scope of the drug problem the evolvement of the situation and offers some solutions Emphasis is placed on prevention recommendations Resources on drug issues recommended reading and audiovisual materials are included Drug War Politics Eva Bertram, Morris Blachman, Kenneth Sharpe, Peter Andreas, 1996-07-15 Why have our drug wars failed and how might we turn things around Ask the authors of this hardhitting expos of U S efforts to fight drug trafficking and abuse In a bold analysis of a century s worth of policy failure Drug War Politics turns on its head many familiar bromides about drug politics It demonstrates how instead of learning from our failures we duplicate and reinforce them in the same flawed policies The authors examine the politics of denial that has led to this catastrophic predicament and propose a basis for a realistic and desperately needed solution Domestic and foreign drug wars have consistently fallen short because they are based on a flawed model of force and punishment the authors show The failure of these misguided solutions has led to harsher get tough policies debilitating cycles of more force and punishment and a drug problem that continues to escalate On the foreign policy front billions of dollars have been wasted corruption has mushroomed and human rights undermined in Latin America and across the globe Yet cheap drugs still flow abundantly across our borders At home more money than ever is spent on law enforcement and an unprecedented number of people disproportionately minorities are incarcerated But drug abuse and addiction persist The authors outline the political struggles that help create and sustain the current punitive approach They probe the workings of Washington politics demonstrating how presidential and congressional out toughing tactics create a logic of escalation while the criticisms and alternatives of reformers are sidelined or silenced Critical of both the punitive model and the legalization approach Drug War Politics calls for a bold new public health approach one that frames the drug problem as a public health not a criminal concern The authors argue that only by situating drug issues in the context of our fundamental institutions the family neighborhoods and schools can we hope to provide viable treatment prevention and law enforcement In its comprehensive investigation of our long futile battle with drugs and its original argument for fundamental change this book is essential for
