Nineteenth-Century Jewish Literature Jonathan M. Hess, Maurice Samuels, Nadia Vaiman, 2013-05-15 Recent scholarship has brought to light the existence of a dynamic world of specifically Jewish forms of literature in the nineteenth century fiction by Jews about Jews and often designed largely for Jews This volume makes this material accessible to English speakers for the first time offering a selection of Jewish fiction from France Great Britain and the German speaking world The stories are remarkably varied ranging from historical fiction to sentimental romance to social satire but they all engage with key dilemmas including assimilation national allegiance and the position of women Offering unique insights into the hopes and fears of Jews experiencing the dramatic impact of modernity the literature collected in this book will provide compelling reading for all those interested in modern Jewish history and culture whether general readers students or scholars Beyond Jewish Identity Jon A. Levisohn, Ari Y. Kelman, 2019-12-31 There is something deeply problematic about the ways that Jews particularly in America talk about Jewish identity as a desired outcome of Jewish education For many the idea that the purpose of Jewish education is to strengthen Jewish identity is so obvious that it hardly seems worth disputing and the only important question is which kinds of Jewish education do that work more effectively or more efficiently But what does it mean to strengthen Jewish identity Why do Jewish educators policy makers and philanthropists talk that way What do they assume about Jewish education or about Jewish identity when they use formulations like strengthen Jewish identity And what are the costs of doing so This volume the first collection to examine critically the relationship between Jewish education and Jewish identity makes two important interventions First it offers a critical assessment of the relationship between education and identity arguing that the reification of identity has hampered much educational creativity in the pursuit of this goal and that the nearly ubiquitous employment of the term obscures significant questions about what Jewish education is and ought to be Second this volume offers thoughtful responses that are not merely synonymous replacements for identity

suggesting new possibilities for how to think about the purposes and desired outcomes of Jewish education potentially contributing to any number of new conversations about the relationship between Jewish education and Jewish life **The**
