Distorting the Law William Haltom, Michael McCann, 2009-11-15 In recent years stories of reckless lawyers and greedy citizens have given the legal system and victims in general a bad name Many Americans have come to believe that we live in the land of the litigious where frivolous lawsuits and absurdly high settlements reign Scholars have argued for years that this common view of the depraved ruin of our civil legal system is a myth but their research and statistics rarely make the news William Haltom and Michael McCann here persuasively show how popularized distorted understandings of tort litigation or tort tales have been perpetuated by the mass media and reform proponents Distorting the

Law lays bare how media coverage has sensationalized lawsuits and sympathetically portrayed corporate interests supporting big business and reinforcing negative stereotypes of law practices Based on extensive interviews nearly two decades of newspaper coverage and in depth studies of the McDonald s coffee case and tobacco litigation Distorting the Law offers a compelling analysis of the presumed litigation crisis the campaign for tort law reform and the crucial role the media play in this process

Black Men from behind the Veil George Yancy, 2022-01-14

The Black male scholars within this important book are painfully aware that the brutal murder of George Floyd was not due to a few bad apples. They understand that they are perceived as threats and criminals within a distorted white imaginary that is embedded with processes of mythopoetic construction, racial capitalism, and a deep anti-Black male social ontology. Edited by prominent philosopher George Yancy, *Black Men from behind the Veil* ontologically interrogates and emphasizes the importance of Black male epistemic agency and the courage to speak the truth regarding an America that values Black male life on the cheap and that attempts to control the movement of Black men, their capacity to breathe, and their being through anti-Black technologies of surveillance, confinement, policing, and white nation building. There is no single monolithic Black male voice that dominates this crucial and necessary text. Each voice speaks of pain behind the Veil, revealing narrative specificity and an important recursive truth: Black men within the white American psyche are both necessary and yet disposable. The existential and sociohistorical weight of this truth is made painfully clear through the voices of these Black men.

The Prisonhouse of Nations - America! Casey Luczak, 2021-08-03

Centuries of foul play in the Department of Justice (DOJ) in this country, fortified through deceptive practices, has temporized the freedom of far too many innocent people with puritanical, senseless prison sentences. This reasoning is laced with a mythology rich in ideals that are spoon-fed to the American people by this country's political leaders: judges are infallible and neutral; the objective of all prosecutors is justice; public defenders serve the indigent; the poor and the accused, whose assets have been stolen by the government when they are arrested or raided, and anyone accused of a crime in this country is presumed innocent until proven guilty. Sorry, Virginia, there is no Santa Claus. These are all myths employed by this government to perpetuate its

business activities in the field of crime Judges are opinionated with attitudes and they conspicuously favor the government The only objective of prosecutors is a conviction and they will obtain it under any circumstances just short of murder Public defenders are an extension of the criminal justice system whose mission is constant get the defendant to sign a plea agreement The ministers of justice those who appear in this writing are not good people for the most part Their power was wrongly used and did not follow justice it preceded it Hopefully their exposure in the hastening of justice will finally lead them to the stepmother of misfortune These ministers call themselves judges prosecutors and defense attorneys mere labels Prisons should be for only the most serious federal crimes not these fabricated acts prohibited by law this government creates for self preservation The DOJ s lies have become this country s heritage are conveyed generationally and have been accepted over time as status quo We allow our legal caretakers to indict convict and sentence individuals under false pretenses Plea agreements should be challenged as unconstitutional The basic tenets of living in a free society are violated routinely when it comes to crime While the government pretends to be interested in justice for the American people it s nothing but a chicanery This public servant has made a major business out of offenses against the law and there seems to be no end in sight It targets individuals and corporations gratuitously This book brings to the forefront the sad truth of a deterioration of a criminal justice system that never was These real experiences of pain and suffering against targeted innocent people is appalling arousing aversion There may be good judges prosecutors and defense attorneys out there but your chances of finding one are fifty fifty There exists the presumption that individuals are innocent until proven guilty It s undoubted law axiomatic and elementary Its enforcement lies at the foundation of the administration of our criminal system Somehow though this undoubted law of presumed innocence has been tossed to the wayside in the courts though the government continues to teach it in the classrooms as it grooms our youths to join the herd of sheep called Americans What once was elementary is now a complicated and convoluted field of law America is the land of the free after all Does it really matter whether the DOJ bends the truth here and there to profit from crime The DOJ keeps this prison house of nations filled through any way possible Unfortunately when the stench of this purported system of justice is traded for lies the people s freedoms become diminished never to return The DOJ does as it pleases and keeps telling us how we are being protected by its unquestionable answers Only when you personally get caught in this government radar will you realize the truth Regrettably by then it will be too late America s freedom as guaranteed by the US Constitution has been forfeited by a justice system more protective of its own power than its obligations to preserve the welfare of the populace The Prison House of Nations America exposes how this distorted system of justice operates case by case with facts It illustrates how this mendacious interpretation of justice translates to loss for Americans loss of life loss of property loss of freedom The people suffer while this public servant created by the people runs amok The costs are staggering the tail clearly wags the dog Amidst this bleak revelation is a call to action There s no blueprint to restore the DOJ to its intended role as an instrument to

protect the people for too much money is being made by those operating the system with beguilement and misdirection About a hundred years ago this government realized there is much more to get out of crime than simply chasing real criminals and it has been proactive ever since Be forewarned The stories you are about to experience are all true with real people so named There remains no more places for these masked servants of justice to hide These are stories of wrongly convicted and or sentenced people They were forced by this government to play this game with their very lives at stake and they lost hopefully only temporarily Regrettably at this moment in time there is little hope for anyone entrapped in the government radar This writing of collected anecdotes is intended to draw attention to crimes and prisons in this country a subject matter the American public prefers to keep out of sight Admittedly the people can no longer afford to continue this demeanor The author comes from the inside He knows the system he knows the law and he can find flaws in any case Prosecutors and judges make mistakes first because they employ misconduct when necessary to preserve a conviction and second because they are in a hurry always in a hurry which is when legal mistakes are made that lead to proper affirmative relief Enjoy the read Hopefully when you finish you will better appreciate the imminent danger of crime in this country assuredly not because of the criminal action itself but deplorably because of what follows 1 The Central Law Journal ,1905 Vols 65 96 include Central law journal s international law list A New Juvenile Justice System Nancy E. Dowd,2015-05-15 A New Juvenile Justice System aims at nothing less than a complete reform of the existing system not minor change or even significant overhaul but the replacement of the existing system with a different vision The authors in this volume academics activists researchers and those who serve in the existing system all respond in this collection to the question of what the system should be Uniformly they agree that an ideal system should be centered around the principle of child well being and the goal of helping kids to achieve productive lives as citizens and members of their communities Rather than the existing system with its punitive destructive undermining effect and uneven application by race and gender these authors envision a system responsive to the needs of youth as well as to the community s legitimate need for public safety How they ask can the ideals of equality freedom liberty and self determination transform the system How can we improve the odds that children who have been labeled as delinquent can make successful transitions to adulthood And how can we create a system that relies on proven family focused interventions and creates opportunities for positive youth development Drawing upon interdisciplinary work as well as on the ground programs and experience the authors sketch out the broad parameters of such a system Providing the principles goals and concrete means to achieve them this volume imagines using our resources wisely and well to invest in all children and their potential to contribute and thrive in our society Unchained Dr. Bernard Fitzgerald Moses,2016-12-29 This book is about a system of public policy within public school education that has scarred the lives of many young Black students with school suspension expulsion and or police arrest Many will have received roughly three criminal charges on their police records well before they will ever receive a diploma The two key

perpetrators of this public policy called zero tolerance are the weak School Principal and the over zealous School Resource Officer
