Eugene Davidson, 1978 Tysklandshistorie biografi Engelsk bog om Hitler med nye oplysninger om hans barndom og ungdom hans familie og specielt hans mor og hans politiske og filosofiske udvikling is r hans fattigdom og antisemitisme Men først og fremmest analyseres og beskrives de specielle forhold i og udenfor Tyskland der gjorde det muligt for Hitler at komme til magten While Hitler himself was unique the destructive elements that enabled him to seize power were and are ever present The author examines these elements by tracing the dissolution of a modern industrial society through portraits of the leaders and the led Through contemporary evidence in books documents letters and memoirs as well he shows how a highly successful state a mixture of pioneering social democracy and ultra conservative forces was transformed into an unstable malfunctioning radicalized society overburdened with problems for which it had no solutions other than the promises of a demigod *The Making of Adolf Hitler* Eugene Davidson (historien.), 1977

The Making of Adolf Hitler Mike Rothmiller, Walter Langer, 2014-09-25 During World War 2 President Roosevelt established the OSS Office of Special Services which is today's CIA One of its first tasks was to conduct a top secret psychological analysis of Adolf Hitler The team of psychiatrist clandestinely interviewed people close to Hitler and accessed scores of intelligence sources They dissected Hitler's childhood service during WW 1 and rise to power Included in this top secret report is a detailed account of Hitler's bizarre sexual practices and a finding that Hitler was in all likelihood bisexual The report provides evidence that for years Hitler was a deeply troubled man and while at the height of his power was treated and acted as a child by a woman he considered a surrogate mother Evidence that many on his senior staff believed he was gay Two women close to Hitler allegedly committed suicide with his pistol The report provides a detailed understanding of Hitler's inherent genius and ability to manipulate the minds of his countrymen and convince Germany's Reichstag Germany's Parliament to legally vote him dictatorial powers The final chapter of the book contains Hitler's personal will marriage certificate and last personal political testament which were dictated just hours before he committed suicide These are copies of the original which were seized by British Intelligence shortly after the War translated and given to President Franklin Roosevelt To the end Hitler continued to blame the Jews for all that was wrong

Young Hitler Paul Ham, 2017-11-02 A concise study of one of the most fascinating and evil men in history Essential for anyone interested in military history Soldier Millions of words have been spent and misspent on Adolf Hitler But there remains one aspect as yet insufficiently explored the impact of the First World War on the man who would go on to indelibly shape the Second Hitler fought at First Ypres and he saw something on the battlefields that eluded his fellow soldiers something that would become the cornerstone of his later life He saw this war as heroic noble and natural the last

Becoming Hitler Thomas Weber, 2017-11-07 An award winning historian charts Hitler s radical transformation after World War I from a directionless loner into a powerful National Socialist leader In Becoming Hitler award winning historian Thomas Weber examines Adolf Hitler s time in Munich between 1918 and 1926 the years when Hitler shed his awkward feckless persona and transformed himself into a savvy opportunistic political operator who saw himself as Germany s messiah The story of Hitler s transformation is one of a fateful match between man and city After opportunistically fluctuating between the ideas of the left and the right Hitler emerged as an astonishingly flexible leader of Munich s right wing movement The tragedy for Germany and the world was that Hitler found himself in Munich had he not been in Bavaria in the wake of the war and the revolution his transformation into a National Socialist may never have occurred In Becoming Hitler Weber brilliantly charts this tragic metamorphosis dramatically expanding our knowledge of how Hitler became a lethal demagogue

representation of sport and boxing in sports discourse and political culture and in questions of national identity in modern German history *Christian Nationalism, Nation-Building, and the Making of the Holocaust in Slovakia* Hana Kubátová, 2025-02-10 Previous scholarship on fascism in Slovakia has focused on either state actors operating from urban centres or the mechanisms of violence on a grassroots level with the result being that the Holocaust is seen as primarily a top down and state centred process In contrast Hana Kubátová reveals here a dynamic and unexplored centre periphery relationship and how violence against the Jewish population unfolded in both cities and the countryside and on both national and local levels As an integral component of broader nation building efforts the authority of the fascist regime and the newly founded Slovak state hinged not only on appeasing Hitler but also on civilian populations of the nation's heterogeneous eastern borderlands especially local elites such as priest and teachers as well as the rural masses The book explores how this relationship was forged how it was maintained and how ultimately Christian nationalism operated as a political strategy that brought differently positioned actors together to broker deals over resources and power accrued through the co enactment of genocide by a broad coalition of perpetrators on the ground In so doing this little known chapter of Holocaust history offers a new way to understand the dynamics and escalations of mass violence and how collaborations between elite and popular groups can pave the way for ethnic cleansing across different territories and even times *Make Germany Great Again!* Andrew Sangster, 2025-01-02 An exploration of German resistance to the Nazi regime examining both active opposition and passive resistance during World War II After the Second World War the Allies in referring to the German people used the term collective guilt which after minimal research appeared unfair There was active opposition to Hitler from the moment he led Germany into war which ranged from young teenagers to undergraduates to top level civil servants diplomats and to the highest ranks in the military As the moral depravity of the Nazi regime became apparent many Germans turned against the regime although there was always the dedicated fanatic They had become a repressed society watched by Himmler's SD and above all feared interrogation by the Gestapo what one German described as the silence of the graveyard This did not stop what may be called passive resistance which this book also explores using the work of German diarists who wrote their accounts not postwar with the benefit of hindsight but with genuine integrity at the time as events were unfolding This book explores not just the resistance culminating in the 20 July Plot and the divisions of opinions amongst the various resistance groups but also the reaction of the German public a question which the reader may feel obliged to ask where he or she may have stood under the circumstance of the day and under such a regime **Explaining Hitler** Ron Rosenbaum, 2014-07-08 In *Explaining Hitler* Ron Rosenbaum investigates the meanings and motivations people have attached to Hitler and his crimes against humanity What does Hitler tell us about the nature of evil In often dramatic encounters Rosenbaum confronts historians scholars filmmakers and deniers as he skeptically analyzes the key strains of Hitler interpretation A balanced and thoughtful overview of a subject both frightening and profound this is an extraordinary quest an expedition into the war zone

of Hitler theories a provocative work of cultural history that is as compelling as it is thoughtful as readable as it is smart New York Times First published in 1998 to rave reviews Explaining Hitler became a New York Times bestseller This new edition is an update of that classic and a critically important contribution to the study of the twentieth century s darkest moment

Hitler's Voice: Organisation & development of the Nazi Party Detlef M hberger,2004 Detlef M hberger s work Hitler s Voice The V lkischer Beobachter 1920 1933 is an important addition to the study of National Socialism In today s scholarship it is difficult to locate a detailed work on National Socialism that does not rely in some way on the V lkischer Beobachter it was truly the bullhorn of the party from the time when the National Socialists were no more than a small group of unknowns gathering at the Munich B rgerbr ukeller until they gained power in 1933 Considering the vast amount of literature on National Socialism however it is surprising that until now there have only been shorter articles and two dissertations and not a single comprehensive analysis of the newspaper 1 M hberger s translation of articles from the V lkischer Beobachter addresses this lacuna He has sifted through eleven years of the paper condensing them into two volumes His first volume gives a chronological account of the development and organization of the party until 1933 while the shorter second volume entitled Nazi Ideology and Propaganda examines topical issues such as attacks against the Weimar Republic racism and attempts by the party to garner support from workers farmers and the German Mittelstand **The Nuremberg Trials:**

Complete Tribunal Proceedings (V. 12) International Military Tribunal,2022-01-28 The Nuremberg trials were a series of military tribunals held after World War II by the Allied forces under international law and the laws of war The trials were most notable for the prosecution of prominent members of the political military judicial and economic leadership of Nazi Germany who planned carried out or otherwise participated in the Holocaust and other war crimes The trials were held in Nuremberg Germany _x000D_ This volume contains trial proceedings from 18 April 1946 to 2 May 1946 Let's Make World War II the Last World War Donald Johnson,2023-04-07 The purpose of this book is to let the people mostly the young people of today who think they re living in hard times and that everything around them is so brutal and savage and of so much despair though many think that way because of to the constant negative ambush they receive today from the media schools newspapers and through many elites in our society who are taught that everything around them is going to hell in a handbasket know that this is the best time in the world to be alive Most people are safer better educated and living around modern high tech advances that make their lives easier People have more wealth and leisure time than ever before They are healthier and tend to live longer than ever before The world is also more acceptable among the races and religions of the world and this generation has the chance to live in everlasting peace without no World Wars though there will always be conflicts among people and nations and it will never be perfect This generation today must know that the world was a pretty savage doggy world throughout history climaxed by World War II though savage wars did continue after World War II They must also be taught that the perpetrators of the savagery were all people races and religions not just some For today s media

want to use that narrative and the victims of the savagery were also from all people races and religions We all know that slavery is wrong in America but it ended over 160 years ago Why not also talk about slavery before American slavery like the slavery in Africa And why not talk right now about slavery that s been going on right now in China in North Africa by Isis and in Libya Because it doesn t get the media s narrative on who is good and who is bad And one more thing about the media how about talking about some of the good things that America has done throughout its history instead of bashing America all the time For example if America were to be wiped out by a tidal wave the rest of the world would be in warfare because there will be no America to secure peace

Making Sense of Change Management Esther Cameron, Mike Green, 2004 Written for academics and professionals alike this book is an attempt to make change easier It is aimed at anyone who wants to understand why change happens how it happens and what needs to be done to make change a welcome rather than a dreaded concept

The Unmaking of Adolf Hitler Eugene Davidson, 2004 The Unmaking of Adolf Hitler which includes dozens of photos from German collections covers literally every aspect of Hitler s life from his success after he came to power in 1933 to his self destruction Renowned author Eugene Davidson describes in detail Hitler s stratagems in reviving morale and undoing the inequitable treaties imposed on Germany after World War I and his shrewd moves to take advantage of the fatal miscalculations of the coalition that had been aligned against the Reich Once Hitler had brutally improved Germany s desperate state there followed mortal errors and fateful mistakes of judgment arising from his own inadequacies Compelling well researched and eminently readable The Unmaking of Adolf Hitler strives to explain how and why Hitler s empire collapsed from his own actions Available only in the USA and Canada
