The Making of an American Ram Galindo,2006      The Making of an American Jacob A. Riis,2019-12-03 In *The Making of an American* Jacob A Riis intricately weaves together a compelling narrative that melds autobiography with social commentary chronologically tracing his journey from a humble Danish immigrant to a pioneering social reformer in the United States Riis employs vivid imagery and candid anecdotes capturing the stark realities of life in New York City's tenements His unflinching style not only illuminates the struggles of the urban poor in the late 19th century but also utilizes elements of realism reflecting the broader social tensions and aspirations that characterized the American landscape during this transformative period Jacob A Riis 1849-1914 was a journalist social reformer and photographer whose own experiences as an immigrant profoundly shaped his worldview His work in social reform was largely influenced by the harsh conditions he witnessed in urban America which he sought to expose through his writings and photographs Riis's dedication to improving living conditions for the impoverished was pivotal to the progressive movement and his firsthand accounts serve as critical historical documentation of the time I wholeheartedly recommend *The Making of an American* for readers who are interested in the immigrant experience the social fabric of 19th century America and the transformative power of rhetoric in promoting social change Riis's narrative is not just a personal history it is a clarion call for empathy and action that resonates with contemporary dialogues on immigration and social justice

The Making of an American Jacob August Riis,1970-01-01      **God's Interpreters: The Making of an American Mission and an African Church** Les Switzer,2023-10-20 This study of the pioneer mission to the Zulu people differs from others in South African mission studies by offering a more nuanced understanding of the relationship

between mission and church during the formative stages in the making of an African Christian community both in America and in British Natal. Critical scholars continue to view the Western mission enterprise as an adjunct if not a tool of colonialism or at best a clash of cultures between white mission powerbrokers and powerless black Christian acolytes. The author argues that they were partners from the beginning and in this endeavor the Christian identities of the missionaries as well as the Zulu were changed forever.

**Gertrude Stein and the Making of an American Celebrity** Karen

Leick, 2013-05-13 This book is a cultural history of Stein's rise to fame and the function of literary celebrity in America from 1910 to 1935. By examining not the ways that Stein portrayed the popular in her work but the ways the popular portrayed her, this study shows that there was an intimate relationship between literary modernism and mainstream culture and that modernist writers and texts were much more well known than has been previously acknowledged. Specifically, Leick reveals through the case study of Stein that the relationship between mass culture and modernism in America was less antagonistic, more productive and integrated than previous studies have suggested.

**The Making of an American Thinking Class**

Darren Staloff, 2001 This pathbreaking study offers a radical new interpretation of the political, religious, and intellectual history of Puritan Massachusetts. More than simply a theologically inspired Biblical commonwealth, the church state of the Bay Colony was a seventeenth-century one-party state where congregations served as ideological cells.

**Portrait of a Novel: Henry James and the Making of an American Masterpiece** Michael Gorra, 2012-08-27 Finalist for the Pulitzer Prize, Finalist for National Book Critics Circle Award, Biography One of the Best Books of 2012, The New Yorker, Wall Street Journal, Guardian, The Millions, Kirkus Reviews, Boston Phoenix. A revelatory biography of the American master as told through the lens of his greatest novel. Henry James (1843-1916) has had many biographers, but Michael Gorra has taken an original approach to this great American progenitor of the modern novel, combining elements of biography, criticism, and travelogue in re-creating the dramatic backstory of James's masterpiece, *Portrait of a Lady* (1881). Gorra, an eminent literary critic, shows how this novel, the scandalous story of the expatriate American heiress Isabel Archer, came to be written in the first place. Traveling to Florence, Rome, Paris, and England, Gorra sheds new light on James's family, the European literary circles, George Eliot, Flaubert, Turgenev, in which James made his name, and the psychological forces that enabled him to create this most memorable of female protagonists. Appealing to readers of Menand's *The Metaphysical Club* and McCullough's *The Greater Journey*, *Portrait of a Novel* provides a brilliant account of the greatest American novel of expatriate life ever written. It becomes a piercing detective story on its own.

**Architects of an American Landscape** Hugh Howard, 2022-01-25 A dual

portrait of America's first great architect, Henry Hobson Richardson, and her finest landscape designer, Frederick Law Olmsted, and their immense impact on America. As the nation recovered from a cataclysmic war, two titans of design profoundly influenced how Americans came to interact with the built and natural world around them through their

pioneering work in architecture and landscape design Frederick Law Olmsted is widely revered as America's first and finest parkmaker and environmentalist the force behind Manhattan's Central Park Brooklyn's Prospect Park Biltmore's parkland in Asheville dozens of parks across the country and the preservation of Yosemite and Niagara Falls Yet his close friend and sometime collaborator Henry Hobson Richardson has been almost entirely forgotten today despite his outsized influence on American architecture from Boston's iconic Trinity Church to Chicago's Marshall Field Wholesale Store to the Shingle Style and the wildly popular open plan he conceived for family homes Individually they created much beloved buildings and public spaces Together they married natural landscapes with built structures in train stations and public libraries that helped drive the shift in American life from congested cities to developing suburbs across the country The small reserved Olmsted and the passionate Falstaffian Richardson could not have been more different in character but their sensibilities were closely aligned In chronicling their intersecting lives and work in the context of the nation's post war renewal Hugh Howard reveals how these two men created original all American idioms in architecture and landscape that influence how we enjoy our public and private spaces to this day

poverty and homelessness and important work remains to be done **Hispanic Americans in Congress, 1822-2012** Congress, 2014-04-14 A compilation of historical essays and short biographies about 91 Hispanic Americans who served in Congress from 1822 to 2012 Provided by publisher **Portrait of an American Rabbi: In His Own Words** Rabbi Lance J. Riis,1901      **Rough Writing** Aviva F. Taubenfeld,2008-11-01 As the United States struggled to absorb a massive influx of ethnically diverse immigrants at the turn of the twentieth century the question of who and what an American is took on urgent intensity It seemed more critical than ever to establish a definition by which Americanness could be established transmitted maintained and judged Americans of all stripes sought to articulate and enforce their visions of the nation s past present and future central to these attempts was President Theodore Roosevelt Roosevelt fully recognized the narrative component of American identity and he called upon authors of diverse European backgrounds including Israel Zangwill Jacob Riis Elizabeth Stern and Finley Peter Dunne to promote the nation in popular written form With the swell and shift in immigration he realized that a more encompassing national literature was needed to express and guide the soul of the nation Rough Writing examines the surprising place and implications of the immigrant and of ethnic writing in Roosevelt s America and American literature      *A Documentary History of Religion in America* Edwin Scott Gaustad,Mark A. Noll,Heath W. Carter,2018 Students and scholars have long turned to the two volume Documentary History of Religion in America for access to the most significant primary sources relating to American religious history Published here in a single volume for the first time the work in this fourth edition has been both updated and condensed allowing instructors to more easily use the material in one semester      The Literary Quest for an American National Character Finn Pollard,2009 What then is the American this new man This question is explored here through the lives and writings of a sequence of imaginative authors each of whom confronted a crucial moment in the evolution of the new nation from Crèvecoeur and the Revolution through Washington Irving and Jeffersonian Democracy to James Fenimore Cooper and the Era of Good Feelings At the centre of these confrontations was a division between those who claimed national perfection had been obtained and those who while desperately wanting to believe this perceived all too clearly that that perfection had not yet come Rediscovering this neglected literary debate The Literary Quest for an American National Character illuminates afresh the traumatic birth and development of the new American nation
