Making Of Modern English Society:

The Making of Modern English Society from 1850 Janet Roebuck, 1982 In the second half of the nineteenth century and the first half of the twentieth century a variety of forces emerged which changed society in many profound and subtle ways The Making of Modern English Society from 1850 uses the findings of recent historical and sociological research contemporary literature and a wide range of historical sources to form a clear picture of the main patterns of the social changes which took place in this turbulent period Jane Roebuck shows how in these hundred years the whole fabric of society altered more rapidly and radically than in any preceding century She gives an account of the dramatic change which occurred in all spheres of national life She demonstrates how the drift towards socialism which began in the nineteenth century gathered momentum in the twentieth and how massive social change was on produce of the two world wars In the field of economics the author considers the development of the maturing but still primitive industrial economy of the mid nineteenth century into a modern economy based on mass production and mass consumption She also describes the change in emphasis from desire for world power to concern for domestic prosperity and welfare services

The Origins of Modern English Society Harold Perkin, 2003-09-02 A long awaited revised edition of one of our key History titles one of the bestselling titles on the list This is a seminal text of social history Has a new introduction that evaluates the book within its present historiographical context Part of our informal Vintage history series of new editions with a new classic look and new introduction by the author

Industry and Empire Eric J. Hobsbawm, 1968 *Modern English Society* Judith Ryder, Harold Silver, 2024-01-01 First published in 1970 Modern English Society is primarily concerned with the period since the Great Exhibition of 1851 Judith Ryder and Harold Silver begin by surveying the consequences good and ill of industrialization and go on to explore the changing pattern of social relationships to which it gave rise They discuss such topics as the growth of towns and of large scale administration the development of welfare services the emergence of mass politics the mass media and mass production They show how social attitudes and the interpretation of historical facts are colored by our ideological views In the second half of the book they examine the structure and functioning of contemporary social institutions the family education the economic and political systems and assess their implications for the individual for specific social groups and for society as a whole This book will be of interest to students of history and sociology

Reformation to Industrial Revolution Christopher Hill, 1967 **Bulletin of the American Geographical Society** American Geographical Society of New York, 1911 Remaking English Society Alexandra Shepard, Steve Hindle, John Walter, 2015 Written by leading authorities the volume can be considered a standard work on seventeenth century English social history A tribute to the work of Keith Wrightson Remaking English Society re examines the relationship between enduring structures and social change in early modern England Collectively the essays in the volume reconstruct the fissures and connections that developed both within and between social groups during the sixteenth seventeenth and eighteenth

centuries Focusing on the experience of rapid economic and demographic growth and on related processes of cultural diversification the contributors address fundamental questions about the character of English society during a period of decisive change Prefaced by a substantial introduction which traces the evolution of early modern social history over the last fifty years these essays each of them written by a leading authority not only offer state of the art assessments of the historiography but also represent the latest research on a variety of topics that have been at the heart of the development of the new social history and its cultural turn gender relations and sexuality governance and litigation class and deference labouring relations neighbourliness and reciprocity and social status and consumption STEVE HINDLE is W M Keck Foundation Director of Research at the Huntington Library San Marino California ALEXANDRA SHEPARD is Reader in History University of Glasgow JOHN WALTER is Professor of History University of Essex Contributors Helen Berry Adam Fox H R French Malcolm Gaskill Paul Griffiths Steve Hindle Craig Muldrew Lindsay O'Neill Alexandra Shepard Tim Stretton Naomi Tadmor John Walter Phil Withington Andy Wood

Agriculture, Economy and Society in Early Modern Scotland Robert Allan Houston, 2024 Showcases the latest research on Scotland's rural economy and society Early modern Scotland was predominantly rural Agriculture was the main occupation of most people at the time so what happened in the countryside was crucial economically socially and culturally The essays collected here focus on the years between around 1500 and 1750 This period although before the main era of agricultural improvement in the late eighteenth and early nineteenth centuries was nevertheless far from static in terms of agrarian development Specific topics addressed include everyday farming practices investment landlords tenants and estate management and the cultural context within which agriculture was imagined The disastrous famine of 1622-23 is analysed in detail The volume is completed by a comprehensive survey of recent historiography setting agricultural history in its broader context

The Cambridge Historical Encyclopedia of Great Britain and Ireland Christopher Haigh, 1990-08-31 The history of Britain and Ireland is traditionally presented as a succession of dramatic changes but in this reference work the 60 contributors under the editorship of Christopher Haigh have emphasized patterns of continuity instead including cultural social political and economic themes 300 illustrations

Society and Economy in Modern Britain 1700-1850 Richard Brown, 2002-11-01 For both contemporaries and later historians the Industrial Revolution is viewed as a turning point in modern British history There is no doubt that change occurred but what was the nature of that change and how did it affect rural and urban society Beginning with an examination of the nature of history and Britain in 1700 this volume focuses on the economic and social aspects of the Industrial Revolution Unlike many previous textbooks on the same period it emphasizes British history and deals with developments in Wales Scotland and Ireland in their own right It is the emphasis on the diversity not the uniformity of experience on continuities as well as change in this crucial period of development which makes this volume distinctive In his companion title Richard Brown completes his examination of the period and looks at the changes that took
