[2nd Edition.].** Richard Symonds (secrétaire de la Commission des Nations Unies pour l'Inde et le Pakistan.), Ahmed Ali, 1950      **The Management of Pakistan's Economy, 1947-82** Viqar Ahmed, Rashid Amjad, 1984 The first volume in a series on Pakistan's economy this book investigates and analyzes the factors responsible for the economic policies followed in Pakistan from 1947 to 1982 These policies the authors argue are largely responsible for the economic situation of Pakistan today      **Making of Pakistan, the Military Perspective** Noor ul Haq, 1993      *Crafting Peace in Kashmir* Verghese Koithara, 2004-08-30 Presenting a completely new perspective on the Kashmir conflict this book argues that resolving the situation can be brought about through a peace strategy rather than a war strategy Through an analysis of the conflicts in Northern Ireland Sri Lanka and Palestine the author draws parallels between the India Pakistan conflict He also presents reasons why a durable peace based on the Line of Control becoming the settled border and the two parts of Jammu and Kashmir being given parallel and substantial autonomy can be achieved in today's conditions The book concludes that peace between India and Pakistan is possible based on political realism and that strategic solutions that safeguard the interests of both countries are available      **Pakistan's Development** Gustav F. Papanek, 2024-10-04 In the 1950s Pakistan

was generally considered to be a country that would remain among the poorest in the world but economic development in the decade to follow exceeded all expectations Gustav Papanek in the first thorough analysis of this achievement shows how Pakistan partly by design and partly by accident arrived at a successful blend of private initiative and government intervention in the economy This book which includes the only comprehensive industrial survey of an underdeveloped country sheds considerable light on the problems facing nations in similar circumstances *Christian Living, Rural Communities, Recreation, Returning Veterans, World Peace* Colorado State University. *Fateful Triangle* Tanvi Madan, 2020-02-04 Taking a long view of the three party relationship and its future prospects In this Asian century scholars officials and journalists are increasingly focused on the fate of the rivalry between China and India They see the U S relationships with the two Asian giants as now intertwined after having followed separate paths during the Cold War In *Fateful Triangle* Tanvi Madan argues that China s influence on the U S India relationship is neither a recent nor a momentary phenomenon Drawing on documents from India and the United States she shows that American and Indian perceptions of and policy toward China significantly shaped U S India relations in three crucial decades from 1949 to 1979 *Fateful Triangle* updates our understanding of the diplomatic history of U S India relations highlighting China s central role in it reassesses the origins and practice of Indian foreign policy and nonalignment and provides historical context for the interactions between the three countries Madan s assessment of this formative period in the triangular relationship is of more than historic interest A key question today is whether the United States and India can or should develop ever closer ties as a way of countering China s desire to be the dominant power in the broader Asian region *Fateful Triangle* argues that history shows such a partnership is neither inevitable nor impossible A desire to offset China brought the two countries closer together in the past and could do so again A look to history however also shows that shared perceptions of an external threat from China are necessary but insufficient to bring India and the United States into a close and sustained alignment that requires agreement on the nature and urgency of the threat as well as how to approach the threat strategically economically and ideologically With its long view *Fateful Triangle* offers insights for both present and future policymakers as they tackle a fateful and evolving triangle that has regional and global implications **Pakistan Affairs** ,1973 **Kashmir "Face-Off" India's Quandary** A K Ganguly, 2021-04-01 The book *Kashmir Face Off India s Quandary* is about Kashmir How it remained in the suspended animated state since 1947 in three parts Pakistan Occupied Kashmir China Occupied Kashmir and rightfully held Indian Jammu and Kashmir So many years have passed in status quo state and none of the actors is ready to budge an inch The legal status of Jammu and Kashmir J K as per the documentary evidence and seconded by the British Empire the day the Maharaja of the State signed the Accord of Accession in 1947 October This had made both Pakistan and China not recognising the accord Pakistan invaded India to take by force J K Indian Army drove out the invading forces but as ceasefire came into being certain territories were still held by Pakistan Same was the case with China who in 1962 captured Aksai Chen and never returned it to India These occupied territories were and have been used in fermenting problems and instability based on communal lines with a view to breakaway Kashmir from India With the abrogation of special status which Pakistan and China have been exploiting both these countries got the jolt which they were never expecting It was for the first time India declared the occupied territories as part of India in August 2019 and put the reclamation of the same In this book the modus modalities and way out have been discussed to get back all the occupied territories even at the cost of going in for forced reclamation The narrative has been made interesting with Maps and debating the pros and cons where India stands

and what it must do to improving its posturing of reclamations      *Alternative to the Imf* Shahida Wizarat,2022-12-13  
Different articles in the book reveal that Pakistan s policies are made abroad governments are made abroad and strategic routes and natural resources are given free or at nominal rates Nothing seems to have changed since 1947 when Pakistan gained independence And after giving our resources and routes for free we go to the IMF for budgetary support Excessive borrowing from the IMF started in the late 1980s causing decline in the growth of output investment and employment creating imbalances in income distribution increasing poverty with very adverse impact on the social and political fabric of the country The book brings to the fore how state power is being used to demolish the state to take us to the colonial world order that existed prior to 1945 Alternative to the IMF offers out of the box solutions to agriculture industry balance of payments public finance natural resources political economy education governance privatization and liberalization problems afflicting the state of Pakistan The strategies formulated for Pakistan are applicable to other countries in Asia Africa Latin America etc that are facing similar problems due to borrowings from the IMF I have also looked at the problems of Jammu and Kashmir and Afghanistan that have affected our economy politics and society very severely and offered solutions
