

Making Of U S Foreign Policy

John J. Mearsheimer, Stephen M. Walt

Making Of U S Foreign Policy:

The Making of U.S. Foreign Policy John Dumbrell,1997 Fully revised and updated this new edition analyses the relationship between the process and substance of US foreign policy since the mid 1960s

The Making of US Foreign Policy John Dumbrell,David M. Barrett,1997 Fully revised and updated this new edition analyses the relationship between the process and substance of US foreign policy since the mid 1960s

Decision-Making in American Foreign Policy Nikolas K. Gvosdev,Jessica D. Blankshain,David A. Cooper,2019-01-24 This book translates US foreign policymaking theory into practical analytic tools for those preparing to be national security professionals

Making U.S. Foreign Policy Toward South Asia ,2008

The Politics of United States Foreign Policy James M. Scott,Jerel A. Rosati,2023-06-22 What are the factors that shape and determine the foreign policy choices of the United States The Politics of United States Foreign Policy helps students consider the players processes and politics that drive US decisions and involvement in foreign policy Blending substance theory and stimulating analysis James Scott and Jerel Rosati emphasize that society government and global forces play a role in the struggle over competing values when it comes to foreign policymaking The book discusses historical patterns the president s ability to influence both at home and abroad and the tension between democracy and national security The Eighth Edition has been updated to cover developments since the end of the Trump administration the transition to the Biden administration the challenges of changing international and domestic contexts and the increasingly partisan political environment It also incorporates key recent national and international developments including the global pandemic the Russian invasion of Ukraine US global reengagement and competition between the US and key rivals like China and Russia

U.S. Foreign Policy Steven W. Hook,2015-12-18 The same aspects of American government and society that propelled the United States to global primacy have also hampered its orderly and successful conduct of foreign policy This paradox challenges U S leaders to overcome threats to America s world power in the face of fast moving global developments and political upheavals at home The fully updated Fifth Edition of Steven W Hook s U S Foreign Policy The Paradox of World Power explores this paradox identifies its key sources and manifestations and considers its future implications as it asks whether U S foreign policymakers can manage these dynamics in a manner that preserves U S primacy

US Foreign Policy in Action Jeffrey S. Lantis,Patrick Homan,2022-07-12 This book represents a timely exploration of the dynamics of U S foreign policy development It introduces historical developments and theories of U S foreign policy and engages students in the politics and debates of the foreign policy process both directly and by proxy through innovative learning exercises This book offers a rich understanding of the politics behind clashing perspectives towards contemporary foreign policy challenges ranging from immigration policy controversies to COVID 19 pandemic responses climate change to the China trade war All of these issues are presented in dynamic ways that focus on activism and engagement in the policy process and so this text speaks directly to a new generation of college students who have mobilized to political activism The book is intended to serve

as a core text for classes on U S foreign policy at the 200 level or above and will appeal to a broad audience New to the Second Edition Provides insights on contemporary foreign policy challenges facing the Biden administration and future presidents such as climate change the rise of China sanctions and trade policies and changing U S engagement in the Middle East Offers stronger theoretical foundations for the study of domestic constraints in the foreign policy decision making process including the power of interest groups and political polarization in Congress Explains pedagogical treatments of online and hybrid learning applications along with presenting new exercises to engage students both in person in the classroom and online Presents more detailed and critical historical analyses of U S foreign policy including greater attention to the U S as an imperial power and its implications for politics and society Creates new and exciting active learning exercises for instructors and students including role playing simulations of global public health crisis management and group research projects on cybersecurity and immigration policy Enriches the graphics and illustrations of foreign policy actors and processes in a full color presentation Analyzes contemporary foreign policy issues in the Trump and Biden administrations Adds new web components and features some authored by undergraduate students who are becoming experts in U S foreign policy Includes new writing exercises and assignments designed to promote creative and critical thinking about foreign policy actors and processes

US Foreign Policy in World History David Ryan,2000 A survey of US foreign relations and its perceived crusade to spread liberty and democracy in the two hundred years since the American Revolution It is structured around central episodes and ideas in the history of US foreign policy The Foreign Policy of Modern Japan Robert A. Scalapino,2022-05-13 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1977 *Multilateralism and U.S. Foreign Policy* Stewart Patrick,Shepard Forman,2002 Puzzled by the disjunction between global trends and US foreign policy since the end of the Cold War mostly American scholars of political science law and economics explore the causes and consequences of US ambivalence to multilateral cooperation They consider such dimensions as the growing influence of domestic factors US grand strategy the chemical weapons convention and the International Criminal Court Annotation copyrighted by Book News Inc Portland OR

US Foreign Policy Michael Cox,Doug Stokes,2018 Critical and connected brings together diverse political perspectives from the world s leading experts giving students the tools to critically evaluate America s ever changing role in international politics and to connect theory to real events **American Exceptionalism and US Foreign Policy** S. McEvoy-Levy,2001-04-06 The book examines a critical time and place in recent world history the end of the Cold War and the strategies and values employed in the public diplomacy of the Bush and Clinton Administrations to build domestic and international consensus It provides insight into the uses of Presidential power and provides a model and an illustration of

how the role of rhetoric may be used to study the foreign policy of the United States

A Companion to U.S. Foreign Relations Christopher R. W. Dietrich, 2020-03-04 Covers the entire range of the history of U S foreign relations from the colonial period to the beginning of the 21st century A Companion to U S Foreign Relations is an authoritative guide to past and present scholarship on the history of American diplomacy and foreign relations from its seventeenth century origins to the modern day This two volume reference work presents a collection of historiographical essays by prominent scholars The essays explore three centuries of America s global interactions and the ways U S foreign policies have been analyzed and interpreted over time Scholars offer fresh perspectives on the history of U S foreign relations analyze the causes influences and consequences of major foreign policy decisions and address contemporary debates surrounding the practice of American power The Companion covers a wide variety of methodologies integrating political military economic social and cultural history to explore the ideas and events that shaped U S diplomacy and foreign relations and continue to influence national identity The essays discuss topics such as the links between U S foreign relations and the study of ideology race gender and religion Native American history expansion and imperialism industrialization and modernization domestic and international politics and the United States role in decolonization globalization and the Cold War A comprehensive approach to understanding the history influences and drivers of U S foreign relation this indispensable resource Examines significant foreign policy events and their subsequent interpretations Places key figures and policies in their historical national and international contexts Provides background on recent and current debates in U S foreign policy Explores the historiography and primary sources for each topic Covers the development of diverse themes and methodologies in histories of U S foreign policy Offering scholars teachers and students unmatched chronological breadth and analytical depth A Companion to U S Foreign Relations Colonial Era to the Present is an important contribution to scholarship on the history of America s interactions with the world

Democracy Promotion as US Foreign Policy Nicolas Bouchet, 2015-06-19 The role of democracy promotion in US foreign policy has increased considerably in the last three decades booming especially in the immediate years after the end of the Cold War The rise of democracy promotion originated in a long historical tradition that saw exporting American political values as instrumental in securing US security and economic interests an idea which was expressed freely once Cold War strategic constraints disappeared Under Bill Clinton there was an explicit attempt to do so by reframing American strategy in terms of democratic enlargement and this book assesses the strategic use of democracy promotion in US foreign policy and its different outcomes during his presidency Offering a comprehensive global review of American democracy engagement with different regions of the world and key countries during a whole presidency this book assesses how far the US has benefited from democracy promotion It evaluates the instrumental value of democracy promotion for America by seeing whether the Clinton administration s efforts in this field and their varying impacts to democratization abroad were matched by progress in securing US strategic goals defined under enlargement in particular

reducing international conflicts and spreading economic liberalization around the world The book explores how democracy became central to US post Cold War strategy how the Clinton administration developed the concept of democratic enlargement and tried to implement it and why it remained influential on foreign policy throughout Clinton s presidency With an analysis of the legacy of Clinton s democracy promotion and its relevance to the subsequent policies of George W Bush and Barack Obama this book is essential reading for students and scholars interested in Foreign Policy American History and Security Studies

Making Foreign Policy Decisions Christopher J. Fettweis, 2015-08-31 It is often said that voters hold presidents responsible for two things the economy and foreign policy Economic performance is generally beyond presidential control but foreign policy is defined by the president The White House is justifiably blamed or credited for how it manages relations with the outside world How then can presidents maximize their chances to achieve successful foreign policies What kinds of considerations should they bear in mind as they make important decisions for their country Foreign policy begins with the process of making decisions This briefing book examines foreign policy decision making and offers advice to current and future presidents drawn from fields ranging from political science and history to psychology and economics It identifies basic guidelines that presidents should consider when making choices Such guidelines apply to almost any area of human endeavor and they are certainly central to choices made in and outside of the Oval Office When the strong make mistakes the weak often suffer As the strongest country in the history of the world the United States has a special responsibility to run a sagacious foreign policy This briefing book will benefit students policy makers and the general public

Neoliberalism and U.S. Foreign Policy Catherine V. Scott, 2018-01-23 While there has been a flood of scholarly efforts to extend adapt and revise Foucault s exploration of the emergence and operations of neoliberalism the study of foreign policy has remained steeped in the analysis of partisanship institutions policies and personality and their influence on various issue areas toward particular countries or specific presidential doctrines This book brings the political rationality of neoliberalism to bear on U S foreign policy in two distinct ways First it challenges complicates and revises the numerous interpretations of U S nationalism that posit a homologous relationship between 1898 and contemporary nationalism instead arguing that alterations in the operations of capitalism and its correlative forms of governance have produced a differently formatted nationalism which in turn has produced different operations of U S hegemony in the twenty first century that markedly depart from earlier eras Second this book argues for a new timeline one that starts with the Carter Reagan era and the crisis of capitalism ultimately encouraging us to think beyond particular presidencies wars bureaucratic politics and policies in order to train our sights on how long term and sustained shifts in the economy and attendant government practices have emerged to produce new myths of exceptionalism that more fully cohere with the neoliberal foundations of the U S nation state

Changing US Foreign Policy toward India Carina van de Wetering, 2016-10-26 This book uncovers how US India relations have changed and intensified during the administrations of Bill Clinton George Bush Jr and Barack Obama Throughout the Cold War US India

relations were often distant and volatile as India mostly received attention at times of grave international crises but from the late 1990s onwards the US showed a more sustained interest in India How was this shift possible While previous scholarship has focused on the civilian nuclear deal as a turning point this book presents an alternative account for this change by analyzing how India's identity has been constructed in different terms after the Cold War It examines the underlying discourse and explains how this enables or constrains US foreign policymakers when they establish security policies with India and improve US India relations

[The Israel Lobby and U.S. Foreign Policy](#) John J. Mearsheimer, Stephen M. Walt, 2007-09-04 Originally published in 2007 The Israel Lobby and U S Foreign Policy by John Mearsheimer of the University of Chicago and Stephen M Walt of Harvard's John F Kennedy School of Government provoked both howls of outrage and cheers of gratitude for challenging what had been a taboo issue in America the impact of the Israel lobby on U S foreign policy A work of major importance it remains as relevant today as it was in the immediate aftermath of the Israel Lebanon war of 2006 Mearsheimer and Walt describe in clear and bold terms the remarkable level of material and diplomatic support that the United States provides to Israel and argues that this support cannot be fully explained on either strategic or moral grounds This exceptional relationship is due largely to the political influence of a loose coalition of individuals and organizations that actively work to shape U S foreign policy in a pro Israel direction They provocatively contend that the lobby has a far reaching impact on America's posture throughout the Middle East in Iraq Iran Lebanon and toward the Israeli Palestinian conflict and the policies it has encouraged are in neither America's national interest nor Israel's long term interest The lobby's influence also affects America's relationship with important allies and increases dangers that all states face from global jihadist terror The publication of The Israel Lobby and U S Foreign Policy led to a sea change in how the U S Israel relationship was discussed and continues to be one of the most talked about books in foreign policy

[Contemporary Cases in U.S. Foreign Policy](#) Ralph Carter, 2021-03-12 This engaging case study approach brings together a diverse set of contributors to help students question motives consider alternatives and analyze outcomes in many of the most controversial foreign policy issues now confronting the United States Many actors from the president and members of Congress to interest groups NGOs and the media compete to shape U S foreign policy While previous editions of this popular text focused more on national security issues in the wake of 9 11 and the War on Terror the 13 case studies in this edition deal with a wide range of policy areas national security homeland security diplomacy trade immigration epidemics climate change and Russian interference in the 2016 presidential election Many reflect how the demarcation between foreign and domestic policy has become even more blurred and polarization has come to play a significantly increased role in American foreign policy

American Political Culture Michael Shally-Jensen, Mark J. Rozell, Ted G. Jelen, 2015-04-28 This all encompassing encyclopedia provides a broad perspective on U S politics culture and society but also goes beyond the facts to consider the myths ideals and values that help shape and define the nation Demonstrating that political culture is equally rooted in public

events internal debates and historical experiences this unique three volume encyclopedia examines an exceptionally broad range of factors shaping modern American politics including popular belief political action and the institutions of power and authority Readers will see how political culture is shaped by the attitudes opinions and behaviors of Americans and how it affects those things in return The set also addresses the issue of American exceptionalism and examines the nation s place in the world both historically and in the 21st century Essays cover pressing matters like congressional gridlock energy policy abortion politics campaign finance Supreme Court rulings immigration crime and punishment and globalization Social and cultural issues such as religion war inequality and privacy rights are discussed as well Perhaps most intriguingly the encyclopedia surveys the fierce ongoing debate between different political camps over the nation s historical development its present identity and its future course By exploring both fact and mythology the work will enable students to form a broad yet nuanced understanding of the full range of forces and issues affecting and affected by the political process
