Making A Historical Culture Historiography In Norway

Kristin B. Aavitsland, Line M. Bonde

Making A Historical Culture Historiography In Norway:

Making a Historical Culture William H. Hubbard, 1995 *Making Nordic Historiography* Pertti Haapala, Marja Jalava, Simon Larsson, 2017-09-01 Is there a Nordic history If so what are its origins its scope and its defining features In this informative volume scholars from all five Nordic nations tackle a notoriously problematic historical concept Whether recounting Foucault's departure from Sweden or tracing the rise of movements such as aristocratic empiricism each contribution takes a deliberately transnational approach that is grounded in careful research yielding rich nuanced perspectives on shifting and contested historical terrain **Historical Dictionary of Norway** Terje Leiren, Jan Sjøvik, 2019-10-08 Norway has a thousand year history from the Vikings 750 1100 to modern times Historically a poor country on Europe's periphery its natural resources and hardy people have established a successful modern welfare state Norway has exploited its natural resources of fish water oil and gas to become one of Europe's most successful small states This second edition of I contains a chronology an introduction and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Norway Storia della storiografia, 2005 *The Transformation of Humanities Education* Vidar Grøtta, 2019-02-20 This first comprehensive study of Norwegian humanities education employs systems theory to analyze its transformation from a form of teacher training to its modern status as research oriented generalist education Using historical documents and statistical analyses Vidar Grøtta shows that the expansion of the post war research system in Norway led to an increase in admissions to humanities education in the 1960s and an ensuing research drift in humanities curricula Interacting with certain political dynamics and the knowledge economy that has emerged since the 1970s this research drift resulted in a shift in humanists career patterns and a transformation of the societal functions of the humanities The most recent developments in Norwegian humanities education from 2000 to 2018 are outlined and discussed in the afterword to this volume **The Sámi World** Sanna Valkonen, Áile Aikio, Saara Alakorva, Sigga-Marja Magga, 2022-06-07 This book provides a comprehensive and multifaceted analysis of the Sámi society and its histories and people offering valuable insights into how they live and see the world The chapters examine a variety of social and cultural practices and consideration is given to environment legal and political conditions and power relations The contributions by a range of experts of Sámi studies and Indigenous scholars are drawn from across the Sápmi region which spans from central Norway and central Sweden across Finnish Lapland to the Kola Peninsula in Russia Sámi perspectives concepts and ways of knowing are foregrounded throughout the volume The material connects with wider discussions within Indigenous studies and engages with current concerns relating to globalization environmental and cultural change Arctic politics multiculturalism postcolonialism and neoliberalism The Sámi World will be of interest to scholars from a number of disciplines including Indigenous studies anthropology sociology geography history and political science

Territory, State and Nation Ragnar Björk, Thomas Lundén, 2021-08-13 Rudolf Kjellén regularly referred to as the father of geopolitics developed in the first decade of the twentieth century an analytical model for calculating the capabilities of great power states and promoting their interests in the international arena It was an ambitious intellectual project that sought to bring politics into the sphere of social science Bringing together experts on Kjellén from across the disciplines Territory State and Nation explores the century long international impact analytical model and historical theories of a figure immensely influential in his time who is curiously little known today

A Comparative Study of Social and Religious Movements in Norway, 1780s-1905 Inger Furseth, 2002 This study includes three social movements the Lofthus revolt the Thrane movement and the early labor movement and two religious movements the Hauge movement and Norwegian Methodism The analysis examines how they mobilized resources to reach their goals the external and internal factors that influenced their degrees of success and failure and the interactions and exchanges between them It uses a combination of resource mobilization theory and political process theory for analysis

History and Identity Stefan Berger, 2022-01-20 This introduction to contemporary historical theory and practice shows how issues of identity have shaped how we write history Stefan Berger charts how a new self reflexivity about what is involved in the process of writing history entered the historical profession and the part that historians have played in debates about the past and its meaningfulness for the present He introduces key trends in the theory of history such as postmodernism poststructuralism constructivism narrativism and the linguistic turn and reveals in turn the ways in which they have transformed how historians have written history over the last four decades The book ranges widely from more traditional forms of history writing such as political social economic labour and cultural history to the emergence of more recent fields including gender history historical anthropology the history of memory visual history the history of material culture and comparative transnational and global history

The Cambridge History of Scandinavia: Volume 2, 1520-1870 E. I. Kouri, Jens E. Olesen, 2016-03-24 Volume 2 of The Cambridge History of Scandinavia provides a comprehensive and authoritative account of the Scandinavian countries from the close of the Middle Ages through to the formation of the nation states in the mid nineteenth century Beginning in 1520 the opening chapters of the volume discuss the reformation of the Nordic states and the enormous impact this had on the social structures cultural identities and traditions of individual countries With contributions from 38 leading historians the book charts the major developments that unfolded within this crucial period of Scandinavian history Chapters address topics such as material growth and the centralisation of power in the sixteenth and seventeenth centuries as well as the evolution of trade foreign policy and client states in the eighteenth century Volume 2 concludes by discussing the new economic and social orders of the nineteenth century in connection with the emergence of the nation states

The Uses of the Middle Ages in Modern European States R. Evans, G. Marchal, 2010-12-20 An assessment of the role of the Middle Ages in national historiography and in modern conceptions of national identity looking at relatively young nations and regions which claim national traditions

but were slow to achieve or regain separate statehood Examples range from Ireland and Iceland through Austria and Italy to Finland and Greece

The Rise of Little Big Norway John F. L. Ross,2019-11-30 The Rise of Little Big Norway explores the unlikely rise of Norway from peripherality to today's global steward with an enviable work life balance influential oil fund and Arctic front row seat Drawing on wide ranging source material John Ross's original approach combines astute observation thoughtful analysis and a flowing essay style leavened with the comparative insight that only a seasoned observer of the region can bring The book examines the settings histories and niche elements that lend Norway its distinctiveness and differentiate it from its Nordic neighbors It gives special attention to the northern and Arctic dimensions of Norwegian life and elaborates a connecting thematic thread the mobility that once took Vikings across the Atlantic in open boats and makes today's Norwegians the most traveled people on the planet The result is a carefully crafted general study of Norway a country long overlooked in favor of its Nordic neighbors but now a quiet force in its own right and a touchstone for twenty first century issues ranging from identity politics to the Arctic melt This book fills a major gap in the literature on Norway and the Nordic region

Scandinavia and Bismarck Rasmus Glenthøj,Morten Nordhagen Ottosen,2024-05-13 This book accounts for Scandinavian unification efforts in a time of great upheaval The ideological repercussions of the European revolutions of 1848 1849 and the Crimean War 1853 1856 transformed both the international political system and nationalism into more realist types The First Schleswig War 1848 1851 having nearly turned into one of Scandinavian unification the influence of Scandinavianism extended into the Danish Swedish and Norwegian courts cabinets and parliaments attracting interest from the great powers The Crimean War offered another window of opportunity for Scandinavian unification before the Danish German conflict over the duchies of Schleswig and Holstein nearly united Scandinavia upon the outbreak of the Second Schleswig War in 1864 The ultimate failure of Scandinavianism in its unification efforts was not predetermined although historiography has made it appear as such Napoleon III Cavour and Bismarck all actively contributed to plans for Scandinavian unification the latter even declaring himself as very strongly Scandinavian

Constant Crisis Hans Jacob Orning,2025-05-15 No detailed description available for Constant Crisis

Unpredictability and Presence Hans Jacob Orning,2008 This book applies a legal anthropological framework to high medieval Norwegian history It formulates the question of state formation in a new and challenging way by showing how the king a substantial degree based his dominion on unpredictability and presence

The Incorporation and Integration of the King's Tributary Lands into the Norwegian Realm c. 1195-1397 Randi Bjørshol Wærdahl,2011-05-23 The emergence of a Norwegian medieval state had consequences beyond Norway Inspired by transnational research on state formation this book presents a comprehensive study of the political incorporation and subsequent judicial and administrative integration of Iceland the Faroes Shetland and Orkney into the Norwegian realm c 1195 1397 Building on centuries old cultural economic and political ties the Norwegian crown established direct royal lordship over the former autonomous and semi autonomous

areas Judicial unity administrative development and the king s local representatives ensured that the tributary lands were comprised in the state formation process Although the political and administrative system allowed for local variation the process led development in the direction of a unitary state at least in judicial and administrative terms *National Days* D. McCrone,G. McPherson,2009-10-15 The book shows how national days are best understood in the context of debates about national identity It argues that national days are contested and manipulated as well as subject to political cultural and social pressure It brings together some of the most recent research on national days and sets it in a comparative context

Symbols of Nations and Nationalism Gabriella Elgenius,2018-11-12 Providing an original perspective on the construction of nations and national identities this book examines national symbols and ceremonies arguing that far from being just superficial or decorative they are in fact an integral part of nation building maintenance and change Tracing the Jerusalem Code Kristin B. Aavitsland,Line M. Bonde,2021-04-19 With the aim to write the history of Christianity in Scandinavia with Jerusalem as a lens this book investigates the image or rather the imagination of Jerusalem in the religious political and artistic cultures of Scandinavia through most of the second millennium Jerusalem is conceived as a code to Christian cultures in Scandinavia The first volume is dealing with the different notions of Jerusalem in the Middle Ages Tracing the Jerusalem Code in three volumes Volume 1 The Holy City Christian Cultures in Medieval Scandinavia ca 1100 1536 Volume 2 The Chosen People Christian Cultures in Early Modern Scandinavia 1536 ca 1750 Volume 3 The Promised Land Christian Cultures in Modern Scandinavia ca 1750 ca 1920 **The A to Z of Norway** Jan Sjøvik,2010-05-11 One of the smallest countries in Europe Norway has created for itself a position in the world community which is completely out of proportion to the size of its population Originally the home of sub Arctic hunters and gatherers then of ferocious Vikings it lost perhaps half of its population to the Black Death in 1349 ended up in a union with Denmark that lasted until 1814 and then became united with Sweden gaining complete independence only as recently as 1905 Over the centuries the Norwegians eked out a meager living from stony fields and treacherous seas while suffering through hunger darkness and cold however its recent productive use of such natural resources as hydroelectric power natural gas and oil has made the Norwegians some of the richest people in the world The A to Z of Norway supplies a wealth of information that illuminates Norway s remarkable history society and culture This is done through a chronology a bibliography an introductory essay appendixes and over 250 cross referenced dictionary entries covering events and individuals of historical political social and cultural significance Both past and present political parties are discussed major economic sectors are described and basic economic facts are provided Several entries describe the history and attractions of major Norwegian cities and Norway s role in the international community is detailed as well providing a full portrait of this vibrant country
