## **Making Love Grow:**

*Making Love Last* Laura Taggart, 2017-07-04 With thirty years of experience as a licensed marriage and family therapist Laura Taggart understands the unique struggles of newly married couples who find marriage much more difficult than they imagined Failed expectations unanticipated conflict and disagreements about money sex children and more have many young couples assuming they made a mistake married the wrong person or just weren't ready As a result one third of all married couples divorce before their ten year anniversary In this practical and hopeful book Taggart offers the wisdom and help she would share as a counselor with a couple beginning their marriage She helps couples examine their true expectations for marriage provides six action steps for improving the way couples relate and gives couples a new picture of what it means to enjoy marriage for a lifetime Each chapter includes discussion questions for couples or small groups as well as additional questions for personal reflection     For Him Thomas Orsi, 2020-03-08 If you are looking for that spark to re-ignite your spirit or after giving so much a trigger to imagine something totally new If curious to find a lateral thought that will spur new ideas an open new directions Maybe just looking to fill that something that so far cannot be filled Then this is the book for you

*Cook Eat Love Grow* Louise Westerhout, 2012-05-25 Louise Westerhout delights in cooking for herself her son her family and friends and seeing the results of good and wholesome food as well as happy mealtimes For her cooking eating and growing in the wonderful culture of food is an integral part of the fun of life This philosophy is reflected in her ideas and recipes for meals for babies upwards of four months as well as dishes suitable for the whole family There is an emphasis on organic food and most of the 70 odd recipes are wheat and sugar free with many dairy egg and gluten free options as well You will find new ideas and healthy combinations using simple and inexpensive ingredients The text will appeal to all parents as it encourages without being prescriptive yet it is simple and practical to eliminate guesswork when it comes to feeding babies and children     Cody Coffey, 2009-11 I wrote this book because I feel there is a reason for all that is going on in the world a cauldron of misery suffering anguish and strife Everyone is caught up in it and those who feel they are not or feel they have an educated reason and philosophy for what they see are not seeing the bigger picture Most people come up with the biggest most elaborate questions and answers but most do not tap into another reason or meaning for what life is about and what is transpiring What if there is a very deeper meaning deeper purpose besides the basic fundamentals of life that we know of and our purpose here What if everything we say do and think about are just conforming to our own selfish reasons I am trying to put forth the argument of what the real reasons are The answers so many accept and try to figure out based on nothing else but the theoretical speculation and trial and error The most brilliant minds in the world the most compelling arguments explanations and theories have played and still play a major role into where we are where we are going and what we have reduced ourselves to While many may look to rationalize an incoherent world with rational thought many are ignoring what could be a devastating calamity taken place right under our noses Something so subtle that it is less resound

then a feather hitting the ground half way around the world yet would have the impact to wipe out humanity or create hell on earth

*As I See It* Cody Coffey,2010-03 People will be interested in this book because it offers insight and a different look at the cycle of life and death and why they are never ending The who what where and why are just fill ins for the curious but logical questions and answers that we ponder as humans I hope to take it further by examining the meaning behind the meaning The possibilities and the consequences of ignoring the very basis of not just life but the survival of humanity that we are not here by some kind of accident in the cosmos What happens and transpires when people no longer feel a purpose to life and this feeling causes an insurrection and destruction of one s soul where not only do they lash out at each other they eventually despise themselves This issue is what happens in the absence of God in one s life and how the soul starves while the flesh feasts in misery and selfishness The absence of purpose which is a greater good God causes a systematic breakdown where the tentacles of misery and chaos run wild as one adopts the mentality of every man women and child The more selfish people become the less they care about those further and further away from their personal space to the point where they do not care about their own country their own state community right up to their own backyard As evil advances the faithless retreat one grows more and more selfish in the absence of God Good and evil right and wrong become meshed together and a veil of gray causes one unable to discern between the two

**and Tears** Gerald W. Peterman, 2013-02-18 This book presents a biblical and practical look at Christians and their emotions building off of the concept that most contemporary Christians have misconceptions about why we have emotions and how we should handle them Trusting God doesn't mean being consistently tranquil or subdued Truth is such a view makes life flat and two dimensional We often forget that emotions are a gift to fear them or stow them away would be to deny a huge part of what makes us human This book explores the significance of the gift and the benefits of living a robust life of thought action and feeling Illuminating the emotional life of Christ and his followers As Dr Gerald Peterman asks If I'm forgiven why do I feel guilt and shame What about anger What if I'm angry with God What is the place of sadness in the Christian life Is love only an action Emotions don't just happen to us like the virus or the flu they are inherently part of us Readers will find that the discussion extends beyond good and bad as many emotions are neutral and it is up to them to figure out how to glorify God with them Extended chapters on love and anger are included The National Magazine, 1830
