Making Meaning The Wilton Diptych:

The Wilton Diptych Dillian Gordon, National Gallery (Great Britain), Caroline M. Barron, Rachel Billinge, Ashok Roy, Martin Wyld, 2015 The Wilton Diptych is one of England's greatest surviving medieval treasures now in the collection of the National Gallery London This beautiful and enigmatic painting depicts King Richard II being presented to the Virgin Mary and Christ by John the Baptist and two English kings revered as saints The brilliant colour and lavish use of gold give it the appearance of a luxury object yet its primary function was religious as a portable diptych for the king's private devotions The authors present a fascinating account of the iconography historical context and style of this unique and precious object together with a detailed explanation of the materials and techniques used to make it They also discuss the likely identity of the artist and the possible evidence that this picture was known to and referenced by William Shakespeare in his play Richard II New photography including exquisite details gives unprecedented access to this remarkable painting while the latest infrared imaging reveals hidden underdrawings *Making & Meaning, the Wilton Diptych*, 1993 The Wilton Diptych Dillian Gordon, 1993 *Making and Meaning, the Wilton Diptych* Dillian Gordon, 1993 Describes in detail the Wilton Diptych painted ca 1395 and commissioned by Richard II for his personal altarpiece Now in the National Gallery it was once a part of the collection at Wilton House The Wilton Diptych [etc.]. National Gallery (Great Britain), 1930 Fourteenth Century England Chris Given-Wilson, 2004 This series provides a forum for the most recent research into the political social and ecclesiastical history of the 14th century **Richard II** Anthony Goodman, James Gillespie, 2003 In this reassessment of Richard II an outstanding group of international contributors re-evaluates the frequently biased evidence to create a new and rounded portrait of this fascinating and much maligned king They investigate Richard's contemporary reputation and key aspects of his policies covering topics which include the conventions of co-operation between kings and communities discourse on the nature and purpose of rule monarchy as spectacle the cultural expression of royal personality and the fiscal basis of government They highlight the seriousness of the problems affecting the exercise of kingship and show how the traditional and innovative panaceas attempted by a conventionally minded prince resulted in his downfall It is a study which repositions the reign within the evolution of English kingship The Regal Image of Richard II and the Wilton Diptych Dillian Gordon, Lisa Monnas, 1997 Nigel Morgan assesses the signification of the banner and Maurice Keen considers the painting as a possible crusading icon How Art is Made Debra N Mancoff, 2023-11-23 How Art Is Made looks at renowned works of art from across the centuries and around the globe and asks the intriguingly simple question how were these works actually made Divided into two sections materials and methods each chapter showcases a single work of art which demonstrates the mastery and innovative use of a single material or method from oil paint pastel and pencil to woodcut litho and impasto Each work is presented as the centerpiece of a capsule history while comparative works are also included to help amplify our understanding How for example did Michelangelo paint the Sistine Chapel fresco or Turner become such a master of

watercolor How did Warhol turn so effectively to screen printing and how does Yayoi Kusama create such beguiling infinity rooms The book enhances the experience of looking at great works of art and guides us to a deeper understanding of how they were created and why we regard them as so important

The Funeral Achievements of Henry V at Westminster Abbey Anne Curry, Susan Jenkins, 2022 Ground breaking new studies of Henry V's chapel tomb and funeral service have new revelations and insights into the time Before Henry V set out in 1415 on the campaign which culminated in victory at Agincourt he made a will laying down precise instructions for a chantry chapel to be constructed in Westminster Abbey after his death so that he could be buried close to his saintly ancestor Edward the Confessor Seven years later the king died at Vincennes and his body was brought back for burial in the Abbey the elaborate funeral took place on 7 November 1422 His chapel was probably finally completed in the 1440s and remains a distinctive feature of Westminster Abbey to this day This book stimulated by the 600th anniversary of the death of this iconic king sheds new light on his funeral service and the design of his ornate chantry chapel and tomb It also considers each of the funeral achievements saddle helm shield and sword traditionally associated with him Drawing on up to date research by experts in each field with exciting input from new technologies it investigates the construction and form of the arms and weapons as well as providing fascinating insights into the material culture and commemoration of royalty in the fifteenth century and beyond Anne Curry is Emeritus Professor of Medieval History at the University of Southampton Susan Jenkins is Curator of Westminster Abbey experts in each field with exciting input from new technologies it investigates the construction and form of the arms and weapons as well as providing fascinating insights into the material culture and commemoration of royalty in the fifteenth century and beyond Anne Curry is Emeritus Professor of Medieval History at the University of Southampton Susan Jenkins is Curator of Westminster Abbey experts in each field with exciting input from new technologies it investigates the construction and form of the arms and weapons as well as providing fascinating insights into the material culture and commemoration of royalty in the fifteenth century and beyond Anne Curry is Emeritus Professor of Medieval History at the University of Southampton Susan Jenkins is Curator of Westminster Abbey experts in each field with exciting input from new technologies it investigates the construction and form of the arms and weapons as well as providing fascinating insights into the material culture and commemoration of royalty in the fifteenth century and beyond Anne Curry is Emeritus Professor of Medieval History at the University of Southampton Susan Jenkins is Curator of Westminster Abbey

The Boundaries of the Human in Medieval English Literature Dorothy Yamamoto, 2000 This study analyzes the fear of beastly transformation that recurs throughout Medieval literature Yamamoto explores how humans envisioned animals with human characteristics in bestiaries and literatures that involve aspects of the hunt and heraldry Minor texts as well as major works like Chaucer's Knight's Tale are investigated Additionally she explores both examples of humans changing into animal form and those that hover enigmatically between species as wild men and women Investigating this topic she looks to Alexander romances the poetry of Gower and other

their force not from the king's real personality but from the fit between certain contemporary assumptions about youth effeminacy and masculinity on the one hand and the actions of Richard's government constrained by difficult and complex circumstances on the other

Late-Medieval Prison Writing and the Politics of Autobiography Joanna Summers, 2004-07-01 Boethius Consolation of Philosophy has long been taken as one of the seminal works of the Middle Ages yet despite the study of many aspects of the Consolation's influence the legacy of the figure of the writer in prison has not been explored A group of late medieval authors Thomas Usk James I of Scotland Charles d Orl ans George Ashby William Thorpe Richard Wyche and Sir Thomas Malory demonstrate the ways in which the imprisoned writer is presented both within and outside the Boethian tradition The presentation of an imprisoned autobiographical identity in each of these authors texts and the political motives behind such self presentation are examined in this study which also questions whether the texts should be considered to form a genre of early autobiographical prison literature

Rulers and Ruled in Late Medieval England G. L. Harriss, Rowena E. Archer, Simon Walker, 1995-01-01 How power was distributed and exercised is a key issue in understanding attitudes and assumptions in late medieval England The essays in this volume all deal with those who had the power to make political decisions whether kings nobles or gentry courtiers or clergy While ultimately power rested on force it was enshrined in the law and more usually exercised by influence and by the dangling of reward Most disputes were settled without violence if often with recourse to prolonged struggles in the courts but those who offended against established interests could be punished severely as the cases of Sir John Mortimer and of Bishop Reginald Pecock show These essays presented to Gerald Harriss who has done so much to illuminate the history of the period show not only how power was exercised but also how men of the time thought about it Contributors Rowena E Archer Christine Carpenter Jeremy Catto Rosemary Horrox R W

Hoyle Maurice Keen Dominic Luckett Philippa Maddern S J Payling Edward Powell Anthony Smith Simon Walker Christopher Woolgar Edmund Wright **The Norman Conquest in English History** George Garnett, 2020-12-02 The Norman Conquest in English History Volume 1 A Broken Chain pursues a central theme in English historical thinking over seven centuries Covering more than half a millennium this first volume explains how and why the experience of the Norman Conquest prompted both an unprecedented campaign in the early twelfth century to write or create the history of England and to excavate and fabricate pre Conquest English law Garnett traces the treatment of the Conquest in English historiography legal theory and practice and political argument through the middle ages and early modern period examining the dispersal of these materials from libraries after the dissolution of the monasteries and the attempts made to rescue edit and print many of them in the late sixteenth and early seventeenth centuries These preservation efforts enabled the Conquest to become still more contested in the constitutional cataclysms of the seventeenth century than it had been in the eleventh and twelfth The seventeenth century resurrection of the Conquest will be the subject of a second volume *Richard II* Nigel Saul, 2008-10-01 Richard II is one of the most enigmatic of English kings Shakespeare depicted him as a tragic figure an irresponsible cruel monarch who nevertheless rose in stature as the substance of power slipped from him By later writers he has been variously portrayed as a half crazed autocrat or a conventional ruler whose principal errors were the mismanagement of his nobility and disregard for the political conventions of his age This book the first full length biography of Richard in more than fifty years offers a radical reinterpretation of the king Nigel Saul paints a picture of Richard as a highly assertive and determined ruler one whose key aim was to exalt and dignify the crown In Richard's view the crown was threatened by the factiousness of the nobility and the assertiveness of the common people The king met these challenges by exacting obedience encouraging lofty new forms of address and constructing an elaborate system of rule by bonds and oaths Saul traces the sources of Richard's political ideas and finds that he was influenced by a deeply felt orthodox piety and by the ideas of the civil lawyers He shows that although Richard's kingship resembled that of other rulers of the period unlike theirs his reign ended in failure because of tactical errors and contradictions in his policies For all that he promoted the image of a distant all powerful monarch Richard II's rule was in practice characterized by faction and feud The king was obsessed by the search for personal security in his subjects however he bred only insecurity and fear A revealing portrait of a complex and fascinating figure the book is essential reading for anyone with an interest in the politics and culture of the English middle ages
