McAuliffe, K. O'Donnell, L. Lane, 2009-04-27 This book provides a much needed historiographical overview of modern Irish History which is often written mainly from a socio political perspective This guide offers a comprehensive account of Irish History in its manifold aspects such as family famine labour institutional women cultural art identity and migration histories      **The Shaping of Modern Ireland** Eugenio Biagini, Daniel Mulhall, 2016-02-01 Originally published in 1960 and edited by Conor Cruise O'Brien The Shaping of Modern Ireland was a seminal work surveying the lives of prominent early twentieth century figures who influenced Irish affairs in the years between the death of Charles Stewart Parnell in 1891 and the Easter Rising of 1916 The chapters were written by leading historians and commentators from the Ireland of the 1950s some of whom personally knew the subjects of their essays This volume draws its inspiration from that seminal work Written by some of today's leading figures from the world of Irish history politics journalism and the arts it revisits a crucial phase in the country's history one that culminated in the Easter Rising and the Revolution when everything changed utterly With chapters on men and women of the stature of Carson Connolly and Markievicz but also industrialists such as Guinness who contributed to shaping modern Ireland in the social and economic sphere this book offers an important contribution to the renewal of the debate on the country's history      **British Spies and Irish Rebels** Paul McMahon, 2008 One of the Irish Times Books of the Year 2008 Rebellion partition and a messy peace settlement ensured that Ireland was a constant thorn in Britain's side after 1916 Britain was confronted by the bombs and bullets of militant republicans the clandestine intrigues of foreign powers and the strategic dangers of Ireland's wartime neutrality a final irrevocable step in the country's difficult transition to independence Using newly opened archives this book

reveals for the first time how the British intelligence system responded to these threats. It lifts the lid on the underground activities of Britain's secret agencies MI5, MI6, SIS and the Special Branch. It puts secret intelligence in the context of the government's other sources of information and explores how deep-rooted cultural stereotypes distorted intelligence and shaped perceptions. And it shows how for decades British intelligence struggled to cope with Ireland but then rose to the challenge after 1940 largely because the Dublin government began to share its secrets. The author casts light on characters long kept in the shadows: IRA gunrunners, Bolshevik agitators, Nazi agents, Irish loyalists who acted as British spies. His compelling book fills a gap in the history of the British intelligence community and helps explain the twists and turns of Anglo-Irish relations during a time of momentous change. **PAUL MCMAHON** gained his PhD from Cambridge University. **Party Politics in a New Democracy** Mel Farrell, 2017-11-16 This book offers a timely and fresh historical perspective on the politics of independent Ireland. Interwar Ireland's politics have been caricatured as an anomaly with the distinction between Fianna Fáil and Fine Gael bewildering political commentators and scholars alike. It is common for Ireland's politics to be presented as an anomaly that compare unfavourably to the neat left-right cleavages evident in Britain and much of Europe. By offering an historical re-appraisal of the Irish Free State's politics anchored in the wider context of inter-war Europe, Mel Farrell argues that the Irish party system is not unique in having two dominant parties capable of adapting to changing circumstances and suggests that this has been a key strength of Irish democracy. Moreover, the book challenges the tired cliché of Civil War Politics by demonstrating that events subsequent to Civil War led the Fine Gael-Fianna Fáil cleavage dominant in the twentieth century. **Can American Manufacturing Be Saved?** Michele Nash-Hoff, 2012-12-15 This book details how manufacturing developed in America through the industrial revolution and labor movement, analyzes the impact of outsourcing offshore and our nation's trade policies, looks at what various organizations are doing to try to help save American manufacturing and what we can do as individuals from the perspective of business owners, employees, consumers and voters to save American manufacturing. Author Michele Nash-Hoff argues that we will not be able to save American manufacturing unless we develop a national manufacturing strategy and change our trade policies. She supports a Buy American policy, recommends preventing the sale of strategic U.S.-owned companies to foreign companies and enacting legislation to prevent corporations from avoiding income taxes by incorporating in a foreign country. The 2012 edition also describes the Reshoring Initiative and considers the reasons why companies are returning manufacturing back to America from Asia. **Richard Mulcahy** Pádraig Ó Caoimh, 2019-11-04 Chief of Staff of the IRA, successor to Michael Collins as Commander in Chief of the National Army, founding member of Cumann na nGaedheal and later leader of Fine Gael. Richard Mulcahy was a leading figure in revolutionary Ireland and the new Irish State. But who was the enigmatic man behind the myth: Conspiratorial IRB nationalist, stubborn military tribune, pragmatic political officeholder or a fascinating combination of these and other traits? In *Richard Mulcahy: From the Politics of War to the Politics of Peace* Pádraig Ó Caoimh expertly explores

the awkward often competitive relationships Mulcahy had with Brugha Cosgrave de Valera O Higgins and Stack and investigates the forging of the Irish national army out of the furnace of change brought about by the rise of militarism a mismanaged rebellion and two wars one of liberation the other of brothers This long overdue new biography also reveals the ambiguous role of the IRB and the strategically important military and political executive positions that Mulcahy occupied during the post rebellion army building and state building phase of 1917-24 This extensively researched new study of Richard Mulcahy and the struggle for supremacy concerning the post revolutionary government army relationship is a vital contribution to understanding Ireland's revolutionary past *The Irish Culture Book 1 - Student Book* Ian

commemorate their victory hailing their conquering heroes with the blood of their former comrades still fresh on their boots Or should they cover themselves in shame and hope that the nation soon forgets In this book Anne Dolan explores the tensions between memory and forgetting in twentieth century Ireland By examining the memory of winning the Irish Civil War she discusses the extent to which it has been used to serve party political ends where private grief finds consolation when the dead have fallen from political favour and how the dead are remembered when no one wanted to fight the war The book addresses the Irish Civil War at its most public point at the statues and crosses and in the ritual and rhetoric of commemoration It will be of central interest to all students and scholars of European history and politics *Books for All*
