Making Of Mizoram Role Of Laldenga:

Making of Mizoram Suhas Chatterjee, 1994 Despite seclusion the Mizo Union leaders of Mizoram erstwhile Lushai Hills had a penchant for the mainstream politics But the appeal of Nehru's liberalism and constitutionalism suffered a set back because of manipulative Assam politics Laldenga formed the Mizo National Front to establish Sovereign Mizoram He was brainwashed by the colonialist forces But his revolt plunged Mizoram into a horrible insurgency causing unprecedented bloodbath in North East India China and Pakistan fished in the troubled waters The changed international situation However compelled the MNF supremo to realize his mistake He sought refuge in the constitutionalism Rajiv Gandhi gave that opportunity when MNF abjured violence Laldenga became the legitimate chief minister He was dismissed being betrayed by his own party men

Indira Files: A Critical Look At The Controversial Side of Indira Gandhi Vishnu Sharma, 2023-12-21 Analyze the controversial side of Indira Gandhi's political legacy with *Indira Files* offering a critical examination of her leadership and policies I have always felt that Indira Gandhi is the exceptional and foremost example of the dynastic politics of independent India She is a perfect example of dynastic rule on one hand she is called the Iron Lady on the other hand people pay tribute to her dictatorship for imposing emergency in the country Where on one hand Indira Gandhi carved her name in golden letters in Indian history by dividing Pakistan into two on the contrary she has also endured the slogans like Sanjay ki mummy badi nikammi for blindly loving her son like Gandhari loved Duryodhana Nonetheless we cannot forget that it was Indira Gandhi who gave wings to India's strength and courage by conducting the Nuclear Test however she was also the Prime Minister for whom the High Court issued orders to be removed from her office In fact Indira Gandhi is merely a symbol of dynasty politics The point here is to remind the young people that they cannot strive for ideal politics by idolising those who have flourished through family inheritance of post or position In today's scenario there are numerous political parties that operate under a single family's control Although I hold great admiration for Indira Gandhi however her darker side is perhaps more prominent Hence I believe that young aspirants who are interested in politics can learn valuable lessons from this book on what not to do

Indigeneity, Citizenship and the State Kedilezo Kikhi, Amiya Kumar Das, Piyashi Dutta, 2023-06-16 Whatever be the definition of indigenous vis a vis indigeneity and however consensual it might be both these terms have been inferred applied and questioned in multifarious ways The concept indigeneity in Asia has transformed considerably over a period of time With the rise in the indigeneity movement and large scale migration citizenship within national borders is challenged and the borders in question are also contested This book chronicles the discernible strains on the questions of indigeneity citizenship identity and border making in the Northeast India The issues pertaining to indigeneity citizenship and state are also a reminder of the residues of colonial doings that have had a colossal impact till this day Through empirical evidence backed by theoretical underpinnings each essay in the book demonstrates the diversity of approaches that can be used to interrogate the debate on indigeneity citizenship the state and opens the conversation on Northeast India This book is co published with Aakar Books Print edition not for sale in South Asia India Sri Lanka Nepal Bangladesh Pakistan and Bhutan

Great Game East Bertil Lintner, 2015-01-01 Since the 1950s China and India have been locked in a monumental battle for geopolitical supremacy Chinese interest in the ethnic insurgencies in northeastern India the still unresolved issue of the McMahon Line the border established by the British imperial government and competition for strategic access to the Indian Ocean have given rise to tense gamesmanship political intrigue and rivalry between the two Asian giants Former Far Eastern Economic Review correspondent Bertil Lintner has drawn from his extensive personal interviews with insurgency leaders and civilians in remote tribal areas in northeastern India newly declassified intelligence reports and his many years of firsthand experience in Asia to chronicle this ongoing struggle His history of the Great Game East is the first significant account of a regional conflict which has led to open warfare on several occasions most notably the Sino India border war of 1962 and will have a major impact on global affairs in the decades ahead

Nationalism in the Vernacular Roluah Puia, 2023-08-24 Nationalism in the Vernacular illuminates our understanding of the relationship between orality and nationalist politics In doing so it provides a new angle to the understanding of nationalism by looking at the popular support and participation of ordinary people in the construction of Mizo nationalism in short the vernacularisation of nationalism The book examines this process of vernacularisation at two levels the first concerns the process of creating a vernacular language to express nationalist ideas and second the irrepressibility of the oral against state's violent response to the nationalist movement Drawing from multiple sources the book through the rich oral narratives archival materials including government and media reports shows how Mizos have remained active agents in asserting and claiming their rights to defining ideas of nationalism in their own terms by making it distinctively Mizo

Chima,2015-03-24 This book provides a micro historical analysis of the emergence and contemporary dynamics of recent ethnic sub nationalist insurgencies in South Asia Using comparative case studies it discusses the causes of each insurgency analyses the trajectory and dynamics of each including attempts at resolution and highlights the wider theories of ethno nationalist insurgency and mobilization Bringing together an international group of contributors the book covers insurgencies in India Sri Lanka Pakistan Nepal and Bangladesh It questions why ethnic sub nationalist insurgencies occurred at particular points in time and not at others and explores the comparative trajectories of these movements The book goes on to discern reappearing patterns of conflict escalation de escalation through the method of comparative process tracing It argues that while identity is a necessary factor for insurgency it is not a sufficient one Instead ethnic mobilization and insurgency only emerge when it is activated by tension emerging from political competition between ethnic and central state elites These elite led dynamics when combined with favourable socio economic and political conditions make the ethnic masses primed to accept the often symbolically rich appeals from their leaders to mobilize against the central state Providing an important study on ethno nationalist
