Biermann, Phillip Tolliday**

## **Making Of The Georgian Nation:**

**The Making of the Georgian Nation, Second Edition** Ronald Grigor Suny, 1994-10-22 the best study in English to date for an understanding of Georgian nationalism Religious Studies Review the standard account of Georgian history in English American Historical Review tour de force research fascinating reading American Political Science Review Like the other republics floating free after the demise of the Soviet empire the independent republic of Georgia is reinventing its past recovering what had been forgotten or distorted during the long years of Russian and Soviet rule Whether Georgia can successfully be transformed from a society rent by conflict into a pluralistic democratic nation will depend on Georgians rethinking their history This is the first comprehensive treatment of Georgian history from the ethnogenesis of the Georgians in the first millennium B C through the period of Russian and Soviet rule in the nineteenth and twentieth centuries to the emergence of an independent republic in 1991 the ethnic and civil warfare that has ensued and perspectives for Georgia's future

**Revolutionary Russia** Rex A. Wade, 2004 Presenting major writings on the revolution and its context bringing together key texts to illustrate interpretive approaches and covering the central topics and themes this volume forms a coherent representation of both the events and the theories and debates that relate to them *Russia* Geoffrey A. Hosking, 1997 Discusses the sixteenth century roots of the lack of a unified Russian identity the division between the gentry and the peasantry and the widening gap in the eighteenth and nineteenth centuries which led to revolution and continues to affect Russia today

Dreams of Emancipation Norihiro Naganawa, 2025-09-30 Given Russia's invasion of Ukraine why do emancipation messages that emanated from Russia count Navigating multilingual sources this book addresses the role of Russia's multiethnic society and borderlands in generating kaleidoscopic repercussions of its 1917 Revolution It also sees the USSR's interactions with its neighboring countries as a crucible of the Soviet modality of communism The book shows how the collapse of the Russian Empire further released a vast range of liberationist projects and dreams far from confined to the goals of Bolshevism in its borderlands and beyond and how the Soviet Union became a highly ambiguous source of emancipatory inspiration in the long twentieth century overshadowing today's global politics

**Empires and Nations from the Eighteenth to the Twentieth Century** Antonello Biagini, 2014-06-19 This volume is the result of an international conference held at Sapienza University in Rome on June 20 and 21 2013 as the final stage of the PRIN Progetto di rilevante interesse nazionale project Empires and Nations from the 18th to the 20th century during which scholars from all over the world academics specialists young researchers PhD students and post doctorates confronted diverse but connected topics on the relations between multinational empires and the idea of the nation In this way the reality of the historical empires and national states was represented and concepts such as identity nationality and sovereignty analyzed The first part of this work is dedicated to the analysis of the origins of nation states in the context of the multinational Habsburg Ottoman and Tsarist empires while the second pays particular attention to the issue of national minorities which followed the dissolution of the

great empires The third part is related to national identity and focuses on art and culture by presenting artists painters writers and intellectuals who had played key roles in the formation of their national identities Such pioneers include Hungarians Romanians Serbs Georgians Chinese and Brazilians Specific sections are dedicated to theoretical approaches and concepts such as imperialism geopolitics nationality and regionalism and to the analysis of religious and gender issues

**The Experiment** Eric Lee, 2017-09-15 For many the Russian Revolution of 1917 was a symbol of hope In the eyes of its critics however Soviet authoritarianism and the horrors of the gulags have led to the revolution becoming synonymous with oppression threatening to forever taint the very idea of socialism The experience of Georgia which declared its independence from Russia in 1918 tells a different story In this riveting history Eric Lee explores the little known saga of the country's experiment in democratic socialism detailing the epic turbulent events of this forgotten chapter in revolutionary history Along the way we are introduced to a remarkable cast of characters among them the men and women who strove for a more inclusive vision of socialism that featured multi party elections freedom of speech and assembly a free press and a civil society grounded in trade unions and cooperatives Though the Georgian Democratic Republic lasted for just three years before it was brutally crushed on the orders of Stalin it was able to offer however briefly a glimpse of a more humane alternative to the Soviet reality that was to come *Central and Eastern Europe after the First World War* Burkhard Olschowsky, Piotr Juskiewicz, Jan Rydel, 2021-11-22 The volume focuses on the years following the First World War 1918-1923 when political military cultural social and economic developments consolidated to a high degree in Eastern Europe This period was shaped on the one hand by the efforts to establish an international structure for peace and to set previously oppressed nations on the road to emancipation On the other hand it was also defined by political revisionism and territorial claims as well as a level of political violence that was effectively a continuation of the war in many places albeit under modified conditions Political decision makers sought to protect the emerging nation states from radical political utopias but simultaneously had to rise to the challenges of a social and economic crisis manage the reconstruction of the many extensively devastated landscapes and provide for the social care and support of victims of war *The Caucasus* Thomas De Waal, 2019 This new edition of *The Caucasus* is a thorough update of an essential guide that has introduced thousands of readers to a complex region Armenia Azerbaijan Georgia and the break away territories that have tried to split away from them constitute one of the most diverse and challenging regions on earth impressing the visitor with their multi layered history and ethnic complexity Over the last few years the South Caucasus region has captured international attention again because of disputes between the West and Russia its unresolved conflicts and its role as an energy transport corridor to Europe The Caucasus gives the reader a historical overview and an authoritative guide to the three conflicts that have blighted the region Thomas de Waal tells the story of the Five Day War between Georgia and Russia and recent political upheavals in all three countries He also finds time to tell the reader about Georgian wine Baku jazz and how the coast of

Abkhazia was known as Soviet Florida Short stimulating and rich in detail The Caucasus is the perfect guide to this fascinating and little understood region **The Disintegration of the Soviet Union** B. Fowkes,1996-11-04 This book tells the dramatic story of the unexpected disintegration of the Soviet Union The author draws on a wide range of sources to illustrate the growth of national awareness among the many subject peoples partly promoted by the actions of the communists themselves He concludes that the efforts of Mikhail Gorbachev to reform the state he initially controlled undermined and eventually destroyed the mechanisms that held the non Russians in check Counsel in the Caucasus: Professionalization and Law in Georgia Christopher P. M. Waters,2013-12-14 This book traces the development of the rule of law in Georgia since its independence and speculates on its future direction It does so by focusing on changes in the legal profession after 1991 Intriguingly the book which is based on extensive field work concludes that culture and informal regulation are key to understanding how Georgian lawyers are governed or rather govern themselves Indeed for several years after independence from the Soviet Union there was no functioning law on attorneys informal regulation based on the importance of reputation and networks was the only sort of regulation Other topics addressed in the book include Georgia s legal history its current human rights situation theories of professionalization and the link between law and development The book also compares the Georgian experience to that country s South Caucasian neighbors Armenia and Azerbaijan thus rounding the book out as a regional study *Representations of Collective Memory in Georgia, Armenia, Abkhazia and Nagorno Karabakh* Bartłomiej Krzysztan,2024-11-29 The book is a unique proposal for an integral description of memory regimes in the South Caucasus region covering both the independent states of Armenia and Georgia but also the separatist entities created as a result of the turbulent changes of the early 1990s Abkhazia and Nagorno Karabakh Being a transdisciplinary proposal encompassing the perspectives of political science history and social anthropology the book may be of interest to researchers from different academic disciplines At the same time due to its narrative form it can also be an interesting proposal for students of eastern studies allowing for a fuller understanding of the dynamics of political change in the post Soviet space The comprehensive and integral approach to the issue of analysing and interpreting collective memory through the prism of its representation presented in the form of an anthropological story based on case studies may also be of interest to those not associated with institutional Academia **The Rise and Fall of the Caucasian Race** Bruce Baum,2008-07-01 The term Caucasian is a curious invention of the modern age Originating in 1795 the word identifies both the peoples of the Caucasus Mountains region as well as those thought to be Caucasian Bruce Baum explores the history of the term and the category of the Caucasian race more broadly in the light of the changing politics of racial theory and notions of racial identity With a comprehensive sweep that encompasses the understanding of race even before the use of the term Caucasian Baum traces the major trends in scientific and intellectual understandings of race from the Middle Ages to the present day Baum s conclusions make an unprecedented attempt to separate modern science and politics from a long

history of racial classification He offers significant insights into our understanding of race and how the Caucasian race has been authoritatively invented embraced displaced and recovered throughout our history      **Societies in Transition**

Carolina Rehrmann,Rafael Biermann,Phillip Tolliday,2020-01-20 Since the end of the Cold War the collapse of the Soviet Union and the dissolution of Yugoslavia the Mediterranean and Black Sea regions have been faced with multiple upheavals of interethnic violence bloody secessions and ethnic cleansing Up to the present both regions are confronted with unresolved border minority and security issues matters of recognition protracted traumata and claims for justice After the fall of the iron curtain simmering ethnic tensions turned into hot wars that created new states new power political hierarchies and a heritage of violence Reaching back to the early 1990s several international and national transitional justice measures have been applied to face these heritages and lay the foundations for a common future For the former Yugoslavia they range from broad criminal trials to a series of restorative justice mechanisms in the North and South Caucasus they encompass numerous mediation measures and primarily restorative justice efforts The present volume is concerned with strategies of conflict resolution and prevention subsumed under the concept of reconciliation It aims at understanding the socio emotional root causes of political cleavages and daily realities of post conflict societies especially regarding the impact of competing narratives and unprocessed pasts on exclusive identities and strategic political choices Applying reconciliation theory insights from collective memory and transitional justice to a series of selected field studies it sheds light on the origins of interethnic violence aims at finding explanations for the fact that many of the above mentioned conflicts have become intractable and discusses the chances and challenges for transforming interests emotions perspectives roles and identities between and within the respective societies      **After the Fall** George N. Katsiaficas,2001 First Published in 2001 Routledge

is an imprint of Taylor Francis an informa company      *Nationalism in a Transnational Age* Frank Jacob,Carsten Schapkow,2021-11-22 Nationalism was declared to be dead too early A postnational age was announced and liberalism claimed to have been victorious by the end of the Cold War At the same time postnational order was proclaimed in which transnational alliances like the European Union were supposed to become more important in international relations But we witnessed the rise a strong nationalism during the early 21st century instead and right wing parties are able to gain more and more votes in elections that are often characterized by nationalist agendas This volume shows how nationalist dreams and fears alike determine politics in an age that was supposed to witness a rather peaceful coexistence by those who consider transnational ideas more valuable than national demands It will deal with different case studies to show why and how nationalism made its way back to the common consciousness and which elements stimulated the re establishment of the aggressive nation state The volume will therefore look at the continuities of empire actual and imagined the role of foreign and otherness for nationalist narratives and try to explain how globalization stimulated the rise of 21st century nationalisms as well      *Force, Movement, Intensity* Ghassan Hage,Emma Kowal,2011-01-06 Of all the scientific works that have

influenced the social sciences and humanities none has matched the profound effect of the work of Isaac Newton In his 1687 masterpiece *Principia Mathematica* he laid the foundation of classical mechanics in his discoveries of the laws of motion and the law of universal gravitation He reoriented human understanding of the cosmos thus boosting the confidence of human beings to access elements of what they saw as the divine logic behind the order of things and to have a sense of control over it From the nineteenth century to the present day Newton's science has inspired scholars of society in their attempts to discern the patterns of social life For others such a positivist project serves as a cautionary tale to be resisted by contemporary social sciences This book considers the original and continuing legacy of Newtonian theories and imaginaries in the vast array of human attempts to understand the world Drawing from a range of disciplines including anthropology sociology the history of science literary studies cultural studies social theory and economics the essays in this volume engage with Newton as a thinker and examine his legacy Some contributions illustrate the power of physical metaphors in understanding the social world many others point to the limits of this endeavour Still others show how since the eighteenth century Newtonian thought has influenced thinkers as diverse as Blake Marx Freud and Pierre Bourdieu This innovative collection prompts a reconsideration of the importance of Newton for the social sciences and humanities

*Beria* Amy Knight, 2020-06-16 This is the first comprehensive biography of Lavrentii Beria Stalin's notorious police chief and for many years his most powerful lieutenant Beria has long symbolized all the evils of Stalinism haunting the public imagination both in the West and in the former Soviet Union Yet because his political opponents expunged his name from public memory after his dramatic arrest and execution in 1953 little has been previously published about his long and tumultuous career

**Russian Foreign Policy in the Twenty-first Century and the Shadow of the Past** Robert Legvold, 2007 Because the turbulent trajectory of Russia's foreign policy since the collapse of the Soviet Union echoes previous moments of social and political transformation history offers a special vantage point from which to judge the current course of events In this book a mix of leading historians and political scientists examines the foreign policy of contemporary Russia over four centuries of history The authors explain the impact of empire and its loss the interweaving of domestic and foreign impulses long standing approaches to national security and the effect of globalization over time Contributors focus on the underlying patterns that have marked Russian foreign policy and that persist today These patterns are driven by the country's political makeup geographical circumstances economic strivings unsettled position in the larger international setting and above all its tortured effort to resolve issues of national identity The argument here is not that the Russia of Putin and his successors must remain trapped by these historical patterns but that history allows for an assessment of how much or how little has changed in Russia's approach to the outside world and creates a foundation for identifying what must change if Russia is to evolve A truly unique collection this volume utilizes history to shed crucial light on Russia's complex occasionally inscrutable relationship with the world In so doing it raises the broader issue of the relationship of history to the study of contemporary

foreign policy and how these two enterprises might be better joined      *The Balkans and Caucasus* Ivan Biliarsky, Ovidiu Cristea, Anca Oroveanu, 2012-01-17 The overall character of the Black Sea region has been defined over time in various ways For specialists in economy and trade it has represented a region at the crossroads of the trade routes between Europe and Asia for political scientists and historians it has been a space of confrontation between the great terrestrial and naval powers for the scholars attentive to its cultural dimensions it has been a contact zone a space of interaction between different peoples religions and cultures These attempts at a definition all revolve around an essential and ambivalent feature of the Black Sea as a factor of connection a bridge and at the same time a border a dividing line between Europe and Asia between the Baltic and the Mediterranean region In this fluctuation between the two the predominance of one over the other bridge or border has depended on a number of factors first among them the distribution of power relations in the region This volume which originated in a symposium hosted by the New Europe College Institute for Advanced Study in Bucharest brings together contributions coming from scholars within the Black Sea region and outside it in an attempt to look at the Balkans and Caucasus from a comparative and multi disciplinary perspective highlighting their differences as well as their common features The overarching question this volume and the papers included in it address and leave open is to what extent we are dealing with a coherent zone whose past present and future can legitimately be considered as being traversed by meaningful interrelations suggesting a shared destiny      **Armenians And The Iranian Constitutional Revolution Of 1905-1911**

Houri Berberian, 2018-02-19 Drawing upon original sources this study provides the most comprehensive treatment to date of the issue of Armenian politicization and participation in the Iranian Constitutional Revolution 1905 1911 Houri Berberian traces the political economic and social situation of Armenians in the nineteenth century with a special emphasis on the Armenian provinces of the Ottoman Empire which became the focus of the Armenian revolutionary movement in the late nineteenth century and on the Russian ruled Caucasus which became the source of the nationalist and socialist revolutionary movement Discussion of the Iranian Armenian community includes for the first time a look into the roles and activism of Iranian Armenian women Berberian explores the ideological political and pragmatic motivations of Armenians and examines the collaboration of Armenian and Iranian constitutionalists drawing attention to the ideological and military contributions of Armenians to the revolution as well as to the internal and external conflicts among Armenian activists and between Armenian and Iranian constitutionalist elements Berberian concludes with a discussion of the causes and consequences of the retreat of Armenians from Iranian politics

This Captivating World of Kindle Books: A Comprehensive Guide Unveiling the Advantages of Kindle Books: A World of Ease and Flexibility Kindle books, with their inherent portability and ease of access, have liberated readers from the limitations of hardcopy books. ### **Making Of The Georgian Nation Introduction**

In today's digital age, the availability of Making Of The Georgian Nation books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Making Of The Georgian Nation books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Making Of The Georgian Nation books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to

purchase several of them for educational or professional purposes. By accessing Making Of The Georgian Nation versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Making Of The Georgian Nation books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Making Of The Georgian Nation books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Making Of The Georgian Nation books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Making Of The Georgian Nation books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Making Of The Georgian Nation books and manuals for download and embark on your journey of knowledge?

## FAQs About Making Of The Georgian Nation Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Making Of The Georgian Nation is one of the best book in our library for free trial. We provide copy of Making Of The Georgian Nation in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Making Of The Georgian Nation. Where to download Making Of The Georgian Nation online for free? Are you looking for Making Of The Georgian Nation PDF? This is definitely going to save you time and cash in something you should think about.
