*The Making of the Modern Mind. Revised Edition, Etc* John Herman Randall (Jr.), 1940      **The Making of the Modern Mind** John Herman Randall, 1976 Surveys the intellectual background of man from medieval times through the Renaissance to modern times      *Making of the Modern Mind* Philip Hodgkiss, 2001-08-01 The Making of the Modern Mind traces the emergence of consciousness in social thought from the 17th Century to the 21st Against the classical notions of consciousness and self alternative agendas began to be developed in the 19th Century by figures as diverse as Marx and Nietzsche The struggles between classical conceptions of consciousness and these alternatives which promised more radical and emancipatory interpretations continued into the 20th Century From the start the concept of consciousness connected with a range of other notions Questions of the self and of identity were widely disputed in the Enlightenment whilst the 20th Century contributed new concerns chiefly the philosophical issues of being and acting and the problematic status of reality for a theory of mind Today consciousness is viewed much more as a public and linguistic world rather than a private and mentalistic one The Making of the Modern Mind explores the contemporary debates around consciousness and identity crucially setting the analysis within its social and historical context Written in a clear and engaging style the book will be of interest to students in Philosophy Psychology Sociology and Anthropology      *The Making of the Modern Mind. Revised Edition. A Survey of the Intellectual Background of the Present Age. John Herman Randall, Jr...* John Herman Randall, 1954

**Fictions of Fact and Value** Michael LeMahieu, 2013-10-02 Fictions of Fact and Value argues that the philosophy of logical positivism considered the antithesis of literary postmodernism exerts a determining influence on the development of American fiction in the three decades following 1945 in what amounts to a constitutive encounter between literature and philosophy at mid century after the end of modernism as it was traditionally conceived but prior to the rise of postmodernism as it came to be known Two particular postwar literary preoccupations derive from logical positivist philosophy the fact value problem and the correlative distinction between sense and nonsense Even as postwar writers responded to logical positivism as a threat to the imagination their works often manifest its influence specifically with regard to emotive or meaningless terms Far from a straightforward history of ideas Fictions of Fact and Value charts a genealogy that is often erased in the very texts where it registers and disowned by the very authors that it includes LeMahieu complicates a predominant narrative of intellectual history in which a liberating postmodernism triumphs over a reactionary positivism by historicizing the literary response to positivism in works by John Barth Saul Bellow Don DeLillo Iris Murdoch Flannery O Connor Thomas Pynchon and Ludwig Wittgenstein As LeMahieu compelling demonstrates the centrality of the fact value problem to both positivism and postmodernism demands a rethinking of postwar literary history A trenchantly argued study that unearths an important part of postwar literary history Fictions of Fact and Value will interest anyone concerned with postmodernism modernist studies analytic philosophy or the history of ideas      *Montaigne and Bayle* Craig B. Brush, 2012-12-06 It is

traditional in the literature on Pierre Bayle to make some reference to Montaigne as one of the masters of skepticism in whose tracks he follows albeit hardly so closely as Charron had. Time and again critics feel the need to mention Montaigne and Bayle in the same context sometimes to contrast their brands of Pyrrhonism more often to explain similarities in their ideas and methods which have frequently been regarded as important steps in the gradual evolution of un-Christian even anti-Christian thought. Their names were already associated during Bayle's life for example in the mediocre work by Dom Alexis Gaudin *La Distinction et la Nature du Bien et du Mal Traite ou l'on combat l'erreur des Manicheens les sentimens de Jvfontaigne* and his name was inevitably linked with the essayist's. In his *Port Royal Sainte Beuve* pictured Bayle as one of the avowed skeptics in Montaigne's funeral cortege and spoke of both men as *d'autant plus fourbes qu'ils ne le sont pas toujours*. His later works show that he revised his opinion on each somewhat but in this he was unusual for his century.

**Naturalism and Historical Understanding** John P. Anton, 1967-06-30 As philosopher, historian and teacher John Herman Randall Jr. is world renowned and universally respected. In more than fifty years of study he has probed Western thought inclusively from the early Greeks Aristotle and the Peripatetics through contemporary European and American philosophers. Currently Professor Randall is conducting his scholarly research at the University of Padua and the Columbia Padua Institute a society which he helped found devoted to the study of the Aristotelian tradition in the Renaissance. In his introduction to this volume the editor characterizes Professor Randall's relation to the contemporary world of thought. It can be said in truth that Randall never touched a subject matter without making it luminous and intelligible and has scorned no inquiry, no idea, no vision ever ardently pursued by men anywhere. The measure of our intellectual indebtedness to him will not soon be taken. This volume has provided the rare opportunity to present related work of several eminent scholars in different fields. Most of the essays were written to honor Professor Randall on the occasion of his 65th birthday. Using Randall's work as a point of departure and reflecting its broad relevance they treat subjects as diverse as religion, Greek philosophy, Kant's philosophy of science, Renaissance Aristotelianism and British Empiricism. Included also are two tributes and memoirs, personal reminiscences of Randall's early career and a valuable bibliography of Randall's published work. History of Philosophy Frederick Charles Copleston, 1963 Challenges the complexities of German philosophy in the wake of post-Kantian idealism in the nineteenth century. **History of Education** V.K. Rao, History Of Education Nirmal Kaur, 2005-01-01

*The Trinitarian Theology of Dr. Samuel Clarke (1675-1729)* Thomas C. Pfizenmaier, 2022-07-04 This volume deals with the trinitarian debate in early eighteenth century England. Samuel Clarke's trinitarian thought represents a reappraisal of that doctrine in the light of early modern philosophy and close Patristic study. This work utilizes current studies on the fourth century debate, recent evaluations of Latitudinarianism and previously unpublished theological manuscripts of Sir Isaac Newton's to shed light on Clarke's treatment of this central Christian doctrine. The conclusion calls for a reclassification of Clarke's thought by historians of doctrine. The volume is organized in three parts. The first examines Clarke's intellectual

milieu the second treats his use of sources and the third evaluates his role in the Trinitarian controversy Students of Latitudinarianism the doctrine of the Trinity and Isaac Newton s thought will all profit from this discussion In addition those interested in the relationship between science and religion will benefit

**Beckett's Critical Complicity** Sylvie Debevic Henning, 2014-10-17 Samuel Beckett s work harbors an inevitable complicity with traditional modes and values His idealist and even nihilist inclinations for example are closely related to the abstracting and systematizing tendencies that have predominated in Western thinking His drama and fiction in reproducing these tendencies also help to reinforce and legitimate them Beckett s work can thus be said to encourage an attitude of stoic resignation or life denying withdrawal Sylvie Debevec Henning s study reveals an important countertendency In examining Beckett s art and literary criticism his novel Murphy plays Krapp s Last Tape and Endgame his only film venture and the late story The Lost Ones she shows that through a variety of double voiced techniques irony parody and satire Beckett also brings a powerful critical light to bear upon our culture s repeated attempts to reduce or eliminate the more problematic aspects of existence and even mocks our desire to do so His disquieting and occasionally uproarious interweaving of contradictory

perspectives somber and carnivalized established and contestory suggests that suffering and anguish are fundamental to life while it affirms their relation to laughter and creative vigor within a richer if less settled cultural context Drawing upon the work of Nietzsche Heidegger Foucault Derrida and particularly Bakhtin Henning argues that Beckett s profound critique of Western intellectual tradition does not necessarily entail the loss of all positive values and beliefs On the contrary his use of carnivalesque and dialogized modes signals a revitalizing capacity that has not been fully appreciated *Exploring the Making of the Modern Mind Through Selected Texts* Frederic Will,2024-09-20 This book is an anthology of small texts chosen from a sequence of significant writers whose work fell between the Renaissance and the later seventeenth century from Ficino to Dryden The study traces a gradual growth of self awareness worldview scepticism and aesthetic exuberance

**The Ingenuity Gap** Thomas Homer-Dixon,2010-01-29

Human beings have been smart enough to turn nature to their ends generate vast wealth for themselves and double their average life span But are they smart enough to solve the problems of the 21st century Thomas Homer Dixon In *The Ingenuity Gap* Thomas Homer Dixon global guru the Toronto Star asks is our world becoming too complex too fast paced to manage The challenges facing us converge intertwine and remain largely beyond our ken Most of suspect the experts don t really know what s going on that as a species we ve released forces that are neither managed nor manageable We are fast approaching a time when we may no longer be able to control a world that increasingly exceeds our grasp This is the ingenuity gap the term coined by Thomas Homer Dixon the critical gap between our need for practical innovative ideas to solve complex problems and our actual supply of those ideas Through gripping narrative stories and incidents that exemplify his arguments he takes us on a world tour that begins with a heartstopping description of the tragic crash of United Airlines Flight 232 from Denver to Chicago and includes Las Vegas in its desert a wilderness beach in British Columbia and his solitary search for a little girl in Patna India He shows how in our complex world while poor countries are particularly vulnerable to ingenuity gaps our own rich countries are not immune and we are caught between a requirement for ingenuity and an increasingly uncertain supply When the gap widens political disintegration and violent upheaval can result reaching into our own economies and daily lives in subtle ways In compelling lucid prose he makes real the problems we face and suggests how we might overcome them David Hume's Argument Against Miracles Francis Beckwith,1989-09-30

In this book the author offers a critical analysis of David Hume s argument against miracles from his *Enquiry Concerning Human Understanding* Of Miracles is one of the most influential works written in defense of the position that belief in supernatural occurrences is not reasonable Using Hume s work as a point of departure the author addresses the two most important epistemological questions asked about miracles Is it ever reasonable to ascribe a divine source to an anomalous event in order to identify it as miraculous and What theoretically entails sufficient evidence that a miracle has actually taken place Contemporary rehabilitations of Hume s argument as put forth by Antony Flew Alastair McKinnon and Patrick Nowell Smith

are evaluated Contents Defining the Miraculous Hume s Argument Part 1 Hume s Argument Part 2 The Rationality of Belief and the Existence of God Contemporary Rehabilitations of Hume s Argument and Miracles and Evidence     **An Emerging Cosmotheandric Religion?** Jyri Komulainen,2005 This study gives a detailed analysis of the theology of religions of Raimon Panikkar b 1918 a Catalan born Hindu Christian His radical pluralism is found to be based on his idiosyncratic cosmotheandricism and even to show signs of inclusivism     *Seeking Communion as Healing Dialogue* Margaret M. Mullan,2021-06-10 Seeking Communion as Healing Dialogue Gabriel Marcel s Philosophy for Today discusses society s problems with interpersonal communication arguing that these issues are more deeply rooted in problems in being Margaret M Mullan draws on the work of Gabriel Marcel to explore the meaning of body of being with and of being at all in today s world answering questions about why we are often unable to dialogue with the people around us why we feel disconnected and alone even in an increasingly technological world and how these changing technologies expose and sometimes exacerbate our weak connections to others Engaging Marcel s reflective method and theory of communion Mullan explores how we seek communion amid technology and proposes that Marcel s reflections are generative contributions to the understanding and study of communication offering a way to seek healing dialogue in present day Scholars of communication philosophy conflict studies and media studies will find this book particularly useful     Positive Preaching and Modern Mind, Second Edition P. T. Forsyth,2008-01-01 Peter Taylor Forsyth 1848 1921 preached and pastored for twenty five years before becoming principal of Hackney College in London where he taught Systematic Theology and Preaching Forsyth converted from theological liberalism to classical Christianity in the mid 1880s The theological transition was in his own words from a lover of love to an object of grace A theologian of the cross Forsyth is well known for his publications The Work of Christ Cruciality of the Cross and The Person and Place of Jesus Christ
