Transportation Research Board, 2007-11-23 TRB Special Report 289 Building the Road Safety Profession in the Public Sector

examines the growing need for experts at all levels of government to develop and implement systems and science based approaches to road safety management According to the committee that authored the report the lack of professional recognition and comprehensive road safety education and training opportunities is threatening the ability of public agencies to build the knowledgeable and skilled road safety workforce that is needed to make safety advances To address this need the report recommends that the American Association of State Highway and Transportation Officials and the Governors Highway Safety Association forge a broad based alliance of public private and educational organizations to champion the road safety profession The report recommends that the alliance encourage states to take advantage of federal workforce training funds for the purpose of developing road safety professionals and to advocate comprehensive road safety education and training by universities including the many publicly funded transportation and safety research centers In addition the report urges the alliance to explore the creation of one or more specialized institutes to provide comprehensive instruction and training for road safety professionals

Encyclopedia of Public Relations Robert L. Heath, 2013-08-20 When initially published in 2005 the two volume Encyclopedia of Public Relations was the first and most authoritative compilation of the subject It remains the sole reference source for any library serving patrons in business communication and journalism as it explores the evolution of the field with examples describing the events changing practices and key figures who developed and expanded the profession Reader's Guide topics include Crisis Communications Management Cyberspace Ethics Global Public Relations Groups History Jargon Management Media News Organizations Relations Reports Research and Theories Models Led by renowned editor Robert L Heath with advisory editors and contributors from around the world the set is designed to reach a wide array of student readers who will go on to serve as opinion leaders for improving the image and ethics of the practice The Second Edition continues to explore key challenges facing the profession such as earning the trust and respect of critics and the general public Much greater emphasis and space will be placed on a theme that was just emerging when the First Edition appeared the Internet and social media as public relations tools International coverage and representation has been greatly expanded as well Finally biographies which are now widely available on the Web have been deleted to give room to areas of enhanced coverage and biographical material are included where appropriate within the context of topical entries However a long entry on women pioneers in public relations has been included as an appendix
