

Anticipating challenges to metro governance bodies

- The presence of a metropolitan authority does not guarantee policy co-ordination
- Budgets and staff of metropolitan governance bodies reflect variation in their powers
- Large metropolitan governance authorities are not always understood by residents

Metropolitan Governance Without Metropolitan Government

Y. Dierwechter

Metropolitan Governance Without Metropolitan Government:

Metropolitan Governance Without Metropolitan Government? Donald Phares, 2004 This book examines in detail the issue of the governance of metropolitan regions in North America US Canada Mexico and also provides an overview of the experience in several European cities It considers specific cities in the US and Canada and examines how they have dealt with the issues of providing services in a metropolitan context either through formal government structure or informal governance arrangements The book is unique in the sense that it examines the metropolitan governance issue in a comparative urban context and also in an international context BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Governing Metropolitan Regions in the 21st Century Donald Phares, 2015-01-28 While government provides the structure of public leadership governance is the art of public leadership This timely book examines current trends in metropolitan governance issues It analyzes specific cases from thirteen major metropolitan regions in the United States Canada and Mexico all woven together by an overall framework established in the first three chapters The distinguished contributors address such governance issues as city county consolidation local federal coordination annexation and special districting and private contracting with special attention to lessons learned from both successes and failures As urban governance innovations have clearly outpaced urban government structures in recent years the topics covered here are especially relevant *Governing Metropolitan Areas* David K. Hamilton, 2014-04-24 Interest and research on regionalism has soared in the last decade Local governments in metropolitan areas and civic organizations are increasingly engaged in cooperative and collaborative public policy efforts to solve problems that stretch across urban centers and their surrounding suburbs Yet there remains scant attention in textbooks to the issues that arise in trying to address metropolitan governance *Governing Metropolitan Areas* describes and analyzes structure to understand the how and why of regionalism in our global age The book covers governmental institutions and their evolution to governance but with a continual focus on institutions David Hamilton provides the necessary comprehensive in depth description and analysis of how metropolitan areas and governments within metropolitan areas developed efforts to restructure and combine local governments and governance within the polycentric urban region This second edition is a major revision to update the scholarship and current thinking on regional governance While the text still provides background on the historical development and growth of urban areas and governments efforts to accommodate the growth of metropolitan areas this edition also focuses on current efforts to provide governance through cooperative and collaborative solutions There is also now extended treatment of how regional governance outside the United States has evolved and how other countries are approaching regional governance **Metropolitan Governance in America** Professor Donald F Norris, Prof Dr Don Phares, 2015-09-28 Metropolitan government and metropolitan governance have been ongoing issues for more than sixty years in the United States Based on an extensive survey and a review of existing literature this book offers a comprehensive

overview of these debates It discusses how the centrifugal forces in local government and in particular local government autonomy have produced a highly fragmented governmental landscape throughout America The book uncovers the extent of metropolitan government and governance the possibility for its existence what attempts if any have been made in the past and the problems and issues that have arisen due to the lack of adequate metropolitan governance

Measuring the Effectiveness of Regional Governing Systems David K. Hamilton, 2012-10-23 Regional governance is a topical public policy issue and is receiving increased attention from scholars government officials and civic leaders As countries continue to urbanize and centralize economic functions and population in metropolitan regions the traditional governing system is not equipped to handle policy issues that spill over local government boundaries Governments have utilized four basic approaches to address the regional governing problem consolidating governments adding a regional tier creating regional special districts and functional cooperative approaches The first two are structural approaches that require major radical changes to the governing system The latter two are governance approaches that contemplate marginal changes to the existing governance structure and rely generally on cooperation with other governments and collaboration with the nongovernmental sector Canada and the United States have experimented with these basic forms of regional governance This book is a systematic analysis of these basic forms as they have been experienced by North American cities Utilizing cases from Canada and the United States the book provides an in depth analysis of the pros and cons of each approach to regional governance This research provides an additional perspective on Canadian and U S regional governance and adds to the knowledge of Canadian and United States governing systems This study contributes to the literature on the various approaches to regional governance as well as bringing together the most current literature on regional governance The author develops a framework of the values that a regional governing system should provide and measures to assess how well each basic approach achieves these values Based on this assessment he suggests an approach to regional governance for North American metropolitan areas that best achieves these values

Handbook of Research on Urban Politics and Policy in the United States Ronald K. Vogel, 1997-01-21 A comprehensive reference work which provides a way to access research on urban politics and policy in the United States Experts in the field guide readers through major controversies while evaluating and assessing the subfields of urban politics and policy Each chapter follows the same basic organization with topics such as methodological and theoretical issues current states of the field and directions for future research For students this work provides a starting place to guide them to the most important works in a particular subfield and a context to place their work in a larger body of knowledge For scholars it serves as a reference work for immediately familiarity with subfields of the discipline including classic studies and major research questions For urban policymakers or analysts the handbook provides a wealth of information and allows quick identification of existing academic knowledge and research relevant to the problem at hand

Theories of Urban Politics Jonathan S Davies, David L Imbroscio, 2008-11-18 Anybody who thinks the study of

urban politics is stagnating needs to pick up a copy of *Theories of Urban Politics* Insightful analysis of scholarship on traditional topics is supplemented by chapters on nontraditional topics including the new institutionalism network governance and urban leadership If you want to keep up with cutting edge debates in urban studies the Davies and Imbroscio volume is essential Todd Swanstrom Saint Louis University Connects the best traditions of urban political theory with important new contributions on emerging themes This completely revised second edition is an invaluable book for new students and established scholars It is accessible theoretically rich and maps out an exciting and challenging research agenda It will spend more time open and on the desk than closed and on the bookshelf Professor Chris Skelcher University of Birmingham Many colleagues have told us that our edition of *Theories of Urban Politics* provided great insights and grounding to students and seasoned researchers alike We are delighted that so able a successor has emerged Those that study urban politics need to be challenged and inspired by theory and this book delivers a powerful update for urban scholars David Judge Gerry Stoker and Harold Wolman Editors of the First Edition This long awaited sequel to the pioneering First Edition updates debates and developments through an excellent collection of entirely new essays contributed by some of the leading academics in the field A special feature of the volume is that it links concerns in urban politics in North America and Europe An excellent read Professor David Wilson De Montfort University Expanding and updating the successful first edition *Theories of Urban Politics* Second Edition provides a comprehensive introduction to and evaluation of the theoretical approaches to urban governance Restructured into four new parts Power Governance Citizens and Challenges the second edition reflects developments in the field over the last decade with newly commissioned chapters updating and adding to the theoretical material included in the first edition With contributions from many of the key figures in urban theory today this text will be required reading on all urban politics urban planning and public administration courses

America's Urban Future Ray Tomalty, Alan Mallach, 2015 In this book the authors examine U S policy in the light of the Canadian experience and use that experience as a starting point to generate specific policy recommendations Their recommendations are designed to help the U S further its urban revival build more walkable energy efficient communities and in particular help land use adapt better to the needs of the aging population Publisher's description

Urban Informalities Michael Waibel, 2016-02-11 Bringing together an interdisciplinary and international group of researchers working on a wide variety of cities throughout Asia Latin America and Europe this book addresses rethinks and in some cases abandons the notions of formal and informal urbanism This collection critically interrogates both the ways in which informal and formal are put to work in the governing and politicisation of cities and their conceptual strengths and weaknesses It does so by focusing on a wide variety of topics from specific forms of housing and labour often traditionally linked to the formal informal divide to urban political negotiations cultural practices and ways of being in the city The book takes stock of and reflects on how contemporary urban informality formality relations are being produced and are might be understood and puts forward an

enlarged and comprehensive understanding of urban informality Secondary Cities Mark Pendras, Charles Williams, 2021-06-03 This book explores cities and the intra regional relational dynamics often overlooked by urban scholars and it challenges common representations of urban development successes and failures Gathering leading international scholars from Europe Australia and North America it explores the secondary city concept in urban development theory and practice and advances a research agenda that highlights uneven development concerns By emphasising the subordinate status of secondary cities relative to their dominant neighbours the book raises new questions about regional development in the Global North It considers alternative relations and development strategies that innovatively reimagine the subordinate status of secondary cities and showcase their full potential **Revitalizing the City** Fritz W. Wagner, Timothy E. Joder, Anthony J. Mumphrey, Jr, Krishna M. Akundi, Alan F.J. Artibise, 2016-12-05 This practical work demonstrates that controlling urban growth and reviving central city economies are not mutually exclusive endeavors Rather than re hash theories of urban development the contributors describe and evaluate successful community tested approaches to sustaining our cities Revitalizing the City provides actual case examples of urban success stories ranging from San Diego s smart growth initiative to brownfield redevelopment in Pittsburgh The book is divided into four major sections Urban Growth Metropolitan Development and Administration Central City Redevelopment Strategies and Central City Suburban Cooperation Each chapter includes an analysis of key issues descriptions of specific local initiatives highlights of effective policies or programs and potential pitfalls to avoid Revitalizing the City has broad appeal for the urban policy community as well as for undergraduate and graduate courses in urban sociology geography political science and urban studies and planning *Just Growth* Chris Benner, Manuel Pastor, 2013-03-01 Breaking new ground in its innovative blend of quantitative and qualitative methods the book essentially argues that another sort of growth is indeed possible While offering specific insights for regional leaders and analysts of metropolitan areas the authors also draw a broader and quite timely set of conclusions about how to scale up these efforts to address a U S economy still seeking to recover from economic crisis and ameliorate distributional divisions **Reform of Metropolitan Governments** Steven P. Erie, John J. Kirlin, Francine F. Rabinovitz, Lance Liebman, Charles M. Haar, 2016-03-17 Originally published in 1972 this study aims to explore governmental interaction with people and publics interests and institutions in Metropolitan America These papers discuss issues of how governance can be improved and the federal role in Metropolitanism as well as suggesting ways in which political reform can help This title will be of interest to students of Environmental Economics and professionals *Urban and Regional Policies for Metropolitan Livability* Michael S Hamilton, Patricia Sue Atkins, 2014-12-18 In today s public policy arena the regional level is gaining increased attention as problems in policy and service delivery continue to spill over traditional urban government boundaries This authoritative work focuses on the growing role of regions in addressing and resolving local governance problems Urban and Regional Policies for Metropolitan Livability provides a concise up to date and systematic

treatment of the problems and issues involved in urban and regional policy concerns Each policy chapter is written by a respected expert in the area and the book covers all the key policy issues that confront contemporary metropolitan areas including transportation the environment affordable housing crime employment poverty education and regional governance Each chapter outlines an issue which is followed by current thinking on problem diagnosis and problem solving as well as the prognosis for future policy success

The Practice of Constitutional Development Filippo Sabetti,Barbara Allen,Mark Sproule-Jones,2009-01-01 This edited collection further expands our knowledge about what comprises a successful constitution in both theory and application Building on the research and analysis of Vincent Ostrom who as one of America s leading scholars on constitutions has spent a lifetime writing about constitutions in America and overseas Each chapter shows how particular countries governments and organizations devise constitutions to reflect their visions of governance and sets of rules for their leaders On a higher theoretical level the contributors emphasize the importance of choosing the rules of the political game in order to determine the nature of the game itself Extending Ostrom s intellectual quest to solve constitutional dilemmas the scholars gathered here discuss a wide variety of issues ranging from the problems of water scarcity and local public economies in Africa to the prospect of a new political order in the European North Book jacket

Political Change in the Metropolis Ronald Vogel,2015-10-05 This popular text has been thoroughly updated and revised to sharpen the focus on its bias and change theme include the latest data studies informing the field and cover important new topics e g flood disaster in New Orleans Political Change in the Metropolis Eighth Edition continues to focus on the political changes that have taken place in American cities and the reactions of urban scholars to them In addition to offering scholarly perspectives the text offers students a theoretical framework for interpreting these changing events for themselves This framework analyzes the patterns of bias inherent in the organization and operation of urban politics giving students an in depth look at the fascinating and constantly changing face of urban politics Features Accessible writing style engages students in the material Provides excellent coverage of the impact of immigrants and ethnic groups in the making of the American city An abundance of historical material helps students better understand the origins and development of urban politics and structures Case studies throughout the text give students an opportunity to apply important material The text exposes students to first rate discussions of political phenomena and empirical literature on those phenomena

Fiscal Decentralization and Local Finance in Developing Countries Roy Bahl,Richard M. Bird,2018-03-30 This book draws on experiences in developing countries to bridge the gap between the conventional textbook treatment of fiscal decentralization and the actual practice of subnational government finance The extensive literature about the theory and practice is surveyed and longstanding problems and new questions are addressed It focuses on the key choices that must be made in decentralizing on how economic and political factors shape the choices that countries make and on how by paying more attention to the need for a more comprehensive approach and the critical connections between different components of

decentralization reform everyone involved might get more for their money Leadership and Change in Public Sector Organizations James D. Ward, 2017-04-21 Cover Title Copyright Dedication CONTENTS Acknowledgments About the Contributors List of Figures and Tables 1 Introduction Beyond Reform Leadership Change and the Role of Innovation PART I Ecology of Public Sector Innovation and Performance Literature 2 Reinventing and Redesigning Local Government 3 Innovation and Organizational Survival Research PART II Governance and New Frontiers in Public Policy 4 Cooperative Collaborative Governance in a Networked Age 5 Chaos Theory Disaster Policy and Response Achieving the New Normal PART III Leadership and Change in Governing Systems 6 Public Sector Compensation School District Superintendents Are We Getting Our Monies Worth 7 Implementing an Innovative Dream of Change Lessons From Houston Community Colleges 8 Citizen Advisory Bodies New Wine in Old Bottles 9 Local Government Reform Convergence and the Hybrid Model PART IV Social Justice and Equality 10 Support for Gender Equality Duty Strategies Among Local Government Officials in Texas 11 Can Innovative Leadership Improve Community and Police Relationships Lessons Learned From Youngstown Ohio 12 Choice Points as a Framework for Decision Making 13 Conclusion Scenarios and Common Themes in Leadership and Change Index

Urban Growth Management and Its Discontents Y. Dierwechter, 2008-06-23 This book introduces synthesizes and evaluates spatial planning for growth management in the contemporary USA It discusses the neglected relationship between the actual environmental results of various state growth management systems and the geographically diverse politics of discontent with these various systems **Urban and Regional Policies for Metropolitan Livability** David K. Hamilton, 2008-02-12 In today's public policy arena the regional level is gaining increased attention as problems in policy and service delivery continue to spill over traditional urban government boundaries This authoritative work focuses on the growing role of regions in addressing and resolving local governance problems Urban and Regional Policies for Metropolitan Livability provides a concise up to date and systematic treatment of the problems and issues involved in urban and regional policy concerns Each policy chapter is written by a respected expert in the area and the book covers all the key policy issues that confront contemporary metropolitan areas including transportation the environment affordable housing crime employment poverty education and regional governance Each chapter outlines an issue which is followed by current thinking on problem diagnosis and problem solving as well as the prognosis for future policy success

Thank you very much for downloading **Metropolitan Governance Without Metropolitan Government**. Maybe you have knowledge that, people have look hundreds times for their chosen books like this Metropolitan Governance Without Metropolitan Government, but end up in malicious downloads.

Rather than enjoying a good book with a cup of tea in the afternoon, instead they are facing with some harmful bugs inside their computer.

Metropolitan Governance Without Metropolitan Government is available in our book collection an online access to it is set as public so you can download it instantly.

Our book servers hosts in multiple locations, allowing you to get the most less latency time to download any of our books like this one.

Merely said, the Metropolitan Governance Without Metropolitan Government is universally compatible with any devices to read
