**Mountains of the Pharaohs** Zahi Hawass, 2024-09-24 World renowned archaeologist Zahi Hawass weaves a spellbinding narrative about how the pyramids were built and why. New in paperback. Nearly five thousand years ago, the fourth dynasty of Egypt's Old Kingdom reigned over a highly advanced civilization. Believed to be gods, the royal family lived amid colossal palaces and temples built to honor them and their deified ancestors. In *Mountains of the Pharaohs*, Zahi Hawass brings these extraordinary historical figures to life, detailing a soap opera like saga complete with murder, incest, and the triumphant ascension to the throne of one of only four queens ever to rule Egypt. It was during this dynasty that the magnificent pyramids of Giza were built. These monuments attest not only to the dynasty's supreme power but also to the engineering expertise and architectural sophistication that flourished under its rule. Hawass tells the complete story of the pyramids, weaving archaeological data with a history of Egypt's powerful pharaohs and argues that the pyramids, including the Great Pyramid of Khufu, the only one of the Seven Wonders of the World still standing, were built by skilled craftsmen who took great pride in their work. Illustrated with black and white photographs and drawings, *Mountains of the Pharaohs* is a compelling account of one of civilization's greatest achievements.

**Making Modern Japanese-Style Painting** Chelsea Foxwell, 2015-07-20 The Western discovery of Japanese paintings at nineteenth century world's fairs and export shops catapulted Japanese art to new levels of international popularity. With that popularity, however, came criticism as Western writers began to lament a perceived end to pure Japanese art and a rise in westernized cultural hybrids. The Japanese response, *nihonga*, a traditional style of painting that reframed existing techniques to distinguish them from Western artistic conventions. *Making Modern Japanese Style Painting* explores the visual characteristics and social functions of *nihonga* and traces its relationship to the past, its viewers, and emerging notions of the modern Japanese state. Chelsea Foxwell sheds light on interlinked trends in Japanese nationalist discourse, government art policy, American and European commentary on Japanese art, and the demands of export. The seminal artist Kano Hogai (1828-88) is one telling

example originally a painter for the shogun his art eventually evolved into novel eerie images meant to satisfy both Japanese and Western audiences Rather than simply absorbing Western approaches nihonga as practiced by Hōgai and others broke with pre Meiji painting even as it worked to neutralize the rupture By arguing that fundamental changes to audience expectations led to the emergence of nihonga a traditional interpretation of Japanese art for a contemporary international market Making Modern Japanese Style Painting offers a fresh look at an important aspect of Japan's development into a modern nation
