Mexican Americans

Matt S. Meier, Feliciano Ribera

Mexican Americans:

Walls and Mirrors David G. Gutiérrez, 1995-03-27 Covering more than one hundred years of American history *Walls and Mirrors* examines the ways that continuous immigration from Mexico transformed and continues to shape the political social and cultural life of the American Southwest Taking a fresh approach to one of the most divisive political issues of our time David Gutiérrez explores the ways that nearly a century of steady immigration from Mexico has shaped ethnic politics in California and Texas the two largest U S border states Drawing on an extensive body of primary and secondary sources Gutiérrez focuses on the complex ways that their pattern of immigration influenced Mexican Americans sense of social and cultural identity and as a consequence their politics He challenges the most cherished American myths about U S immigration policy pointing out that contrary to rhetoric about alien invasions U S government and regional business interests have actively recruited Mexican and other foreign workers for over a century thus helping to establish and perpetuate the flow of immigrants into the United States In addition Gutiérrez offers a new interpretation of the debate over assimilation and multiculturalism in American society Rejecting the notion of the melting pot he explores the ways that ethnic Mexicans have resisted assimilation and fought to create a cultural space for themselves in distinctive ethnic communities throughout the southwestern United States

Mexican Americans/American Mexicans Matt S. Meier, Feliciano Ribera, 1994 Examines Mexican American history from the time of the Spanish conquistadors to the Civil Rights movement and recent immigration laws

Foreigners in Their Native Land David J. Weber, 2003 Dozens of selections from firsthand accounts introduced by David J Weber s essays capture the essence of the Mexican American experience in the Southwest from the time the first pioneers came north from Mexico

Mexican Americans Across Generations Jessica M. Vasquez, 2011-04-18 Studies middle class Mexican American families across three generations and their experiences of racism and assimilation

The Mexican Americans Julie Catalano, 1988 Examines factors such as history culture and religion that encourage emigration from Mexico and discusses the acceptance of this ethnic group in America

North to Aztlán Richard Griswold del Castillo, Arnoldo De León, 1996 In this comprehensive survey Richard Griswold del Castillo and Arnoldo De León explore the complex process of cultural and economic exchange between Mexican Americans Mexican immigrants and a racially and ethnically diverse North American society Jacket

Mexican Americans Scott Ingram, 2006-12-15 Describes why many Mexicans immigrated to the United States and how they adapted to their new environment

Mexican Americans Ellwyn R. Stoddard, 1973

Ethnicity in the Sunbelt Arnoldo De León, 2001 A century after the first wave of Hispanic settlement in Houston the city has come to be known as the Hispanic mecca of Texas Arnoldo De León s classic study of Hispanic Houston now updated to cover recent developments and encompass a decade of additional scholarship showcases the urban experience for Sunbelt Mexican Americans De León focuses on the development of the barrios in Texas largest city from the 1920s to the present Following the generational model he explores issues of

acculturation and identity formation across political and social eras This contribution to community studies urban history and ethnic studies was originally published in 1989 by the Center for Mexican American Studies at the University of Houston With the Center's cooperation it is now available again for a new generation of scholars **Mexican Americans** Peter Skerry, 1993 Mexican Americans constitute one of the oldest fastest growing immigrant ethnic groups in America today In this intimate portrait of the political and social realities of the Mexican community Skerry reveals the paradoxes that characterize this influential group **Mexican Americans and the U.S. Economy** Arturo Gonz lez, 2002 As workers and consumers Mexican Americans are a viable and valuable part of the broad U S economy Despite that many are hindered by low education and consequently low wages and limited opportunities they have continuously struggled for and continue to seek better days and the opportunity to realize their share of the American dream This book examines the problems that Mexican Americans have experienced in attaining economic parity with non Hispanic whites It examines four major topics of particular concern to the economic status of the Mexican American community immigration reviewing the Bracero Program the Immigration Reform and Control Act of 1986 legislation from the 1990s and the problems faced by immigrants today education stressing the importance of economic incentives to invest in education wealth and poverty evaluating opportunities and roadblocks as Mexican Americans aspire to middle class standards of living the labor market covering such topics as employment income and discrimination Arturo Gonz lez has drawn on recent census data to present for the first time in one volume a detailed economic analysis of three generations of Mexican Americans These statistics reveal a people who are steadily improving economically and provide evidence that stereotypes of Mexican Americans are outdated or erroneous Mexican Americans and the U S Economy shows that economics is an important aspect of the Mexican American experience The book helps broaden students understanding of the community's ongoing struggle putting the quest for *buenos d as* in clearer perspective North to Aztlan Arnoldo De Leon, Richard Griswold del Castillo, 2012-06-05 Contemporary observers often quip that the American Southwest has become Mexicanized but this view ignores the history of the region as well as the social reality Mexican people and their culture have been continuously present in the territory for the past four hundred years and Mexican Americans were actors in United States history long before the national media began to focus on them even long before an international border existed between the United States and Mexico North to Aztlan an inclusive readable and affordable survey history explores the Indian roots culture society lifestyles politics and art of Mexican Americans and the contributions of the people to and their influence on American history and the mainstream culture Though cognizant of changing interpretations that divide scholars Drs De Leon and Griswold del Castillo provide a holistic vision of the development of Mexican American society one that attributes great importance to immigration before and after 1900 and the ongoing influence of new arrivals on the evolving identity of Mexican Americans Also showcased is the role of gender in shaping the cultural and political history of La Raza as exemplified by the stories of outstanding Mexicana and Chicana

leaders as well as those of largely unsung female heroes among them ranch and business owners and managers labor leaders community activists and artists and writers In short readers will come away from this extensively revised and completely up to date second edition with a new understanding of the lives of a people who currently compose the largest minority in the nation Completely revised re edited and redesigned featuring a great many new photographs and maps North to Aztlan is certain to take its rightful place as the best college level survey text of Americans of Mexican descent on the market today

Becoming Mexican American George J. Sanchez, 1995-03-23 Twentieth century Los Angeles has been the locus of one of the most profound and complex interactions between variant cultures in American history Yet this study is among the first to examine the relationship between ethnicity and identity among the largest immigrant group to that city By focusing on Mexican immigrants to Los Angeles from 1900 to 1945 George J Sanchez explores the process by which temporary sojourners altered their orientation to that of permanent residents thereby laying the foundation for a new Mexican American culture Analyzing not only formal programs aimed at these newcomers by the United States and Mexico but also the world created by these immigrants through family networks religious practice musical entertainment and work and consumption patterns Sanchez uncovers the creative ways Mexicans adapted their culture to life in the United States When a formal repatriation campaign pushed thousands to return to Mexico those remaining in Los Angeles launched new campaigns to gain civil rights as ethnic Americans through labor unions and New Deal politics The immigrant generation therefore laid the groundwork for the emerging Mexican American identity of their children

Replenished Ethnicity Tomás Roberto Jiménez, 2010 Without a doubt Tomas Jimenez has written the single most important contemporary academic study on Mexican American assimilation Clear headed crisply written and free of ideological bias Replenished Ethnicity is an extraordinary breakthrough in our understanding of the largest immigrant group in the history of the United States Bravo Gregory Rodriguez author of *Mongrels Bastards Orphans and Vagabonds* Mexican Immigration and the Future of Race in America Tomas Jimenez's Replenished Ethnicity brilliantly navigates between the two opposing perils in the study of Mexican Americans pessimistically overracializing them or optimistically overassimilating them This much needed and gracefully written book illuminates the on the ground situations of the later generations of this key American group insightfully identifying and analyzing the unique factor operating in its case more or less continuous immigration for more than a century Jimenez's work provides a landmark for all future studies of Latin American incorporation into U S society Richard Alba author of *Remaking the American Mainstream* Tomas Jimenez's study adds a much needed but long absent element to our understanding of how immigration contributes to the construction and reproduction of Mexican American ethnicity even as it continuously evolves His work provides useful and needed detail that are absent even from the most reliable surveys Rodolfo de la Garza Columbia University In a masterful piece of social science Tomas Jimenez debunks allegations about slow social and cultural assimilation of Mexican Americans through a richly textured ethnographic account of Mexican Americans lived experiences

in two communities with distinct immigration experiences Population replenishment via immigration he claims maintains distinctiveness of established Mexican origin generations via infusion of cultural elixir in varying doses over time and place Ironically it is the vast heterogeneity of Mexican Americans generational depth socioeconomic national origin and legal that both contributes to the population's ethnic uniqueness and yet defies singular theoretical frameworks Jimenez's page turner uses the Mexican American ethnic prism to re-interpret the U.S. ethnic tapestry and revise the canonical view of assimilation Replenished Ethnicity sets a high bar for second generation scholarship about Mexican Americans Marta Tienda The Office of Population Research at Princeton University **Mexican Americans** Mario T. García, 1989-01-01 Profiles people who have emerged from the barrios between 1930 and 1960 to become leaders of the Mexican American community

Mexican-Americans in the United States: a Reader John H. Burma, 1970 The major purpose of this book is to make available in compact form a number of studies concerning Mexican Americans Purposely the authors chosen are both Anglos and Mexican Americans They include sociologists anthropologists historians attorneys and judges doctors economists public administrators social workers educators and journalists among others The aim is to present a multiplicity of aspects and a multiplicity of points of view trusting to the reader to recognize and evaluate each differing approach Preface *Recovering History, Constructing Race* Martha Menchaca, 2002-01-15 An unprecedented tour de force A sweeping historical overview and interpretation of the racial formation and racial history of Mexican Americans Antonia I. Castañeda Associate Professor of History St. Mary's University Winner A Choice Outstanding Academic Book The history of Mexican Americans is a history of the intermingling of races Indian White and Black This racial history underlies a legacy of racial discrimination against Mexican Americans and their Mexican ancestors that stretches from the Spanish conquest to current battles over ending affirmative action and other assistance programs for ethnic minorities Asserting the centrality of race in Mexican American history Martha Menchaca here offers the first interpretive racial history of Mexican Americans focusing on racial foundations and race relations from preHispanic times to the present Menchaca uses the concept of racialization to describe the process through which Spanish Mexican and U.S. authorities constructed racial status hierarchies that marginalized Mexicans of color and restricted their rights of land ownership She traces this process from the Spanish colonial period and the introduction of slavery through racial laws affecting Mexican Americans into the late twentieth century This re-viewing of familiar history through the lens of race recovers Blacks as important historical actors links Indians and the mission system in the Southwest to the Mexican American present and reveals the legal and illegal means by which Mexican Americans lost their land grants Martha Menchaca has begun an intellectual insurrection by challenging the pristine aboriginal origins of Mexican Americans as historically inaccurate Menchaca revisits the process of racial formation in the northern part of Greater Mexico from the Spanish conquest to the present Hispanic American Historical Review **The Mexican Americans** Alma M. García, 2002 An overview of the history and experiences of Mexican Americans covering the history of Mexico U.S. relations and Mexican

immigration Mexican and Mexican American culture and such topics as changing gender relations political identity and naturalization policies **Mexican Americans in Wilmington** Olivia Cueva-Fernandez, 2011-02-21 Under Spanish Mexican and American flags the Los Angeles harbor area has developed many industries and businesses that survived on Mexican labor supporting families of Mexican origin for more than a century Pioneering Mexican Americans have worked the railroads fields canneries plants refineries waterfront and family owned businesses for generations forming strong bonds and lifelong friendships Active in the military and sports as well as involved in the church and community Mexican Americans have overcome poverty hardships and discrimination retained cultural values and customs intermarried and assimilated with other cultures and become the largest ethnic group in Wilmington Many of the early families still have relatives that live and work in Wilmington with sons and daughters achieving successful careers in various realms Through education hard work and determination Wilmington's Mexican Americans have contributed extensively to the harbor's vibrant American way of life

Mexican Americans and the Politics of Diversity Lisa Magaña, 2022-07-26 With Mexican Americans now the nation's fastest growing minority major political parties are targeting these voters like never before During the 2004 presidential campaign both the Republicans and Democrats ran commercials on Spanish language television networks and in states across the nation the Mexican American vote can now mean the difference between winning or losing an election This book examines the various ways politics plays out in the Mexican origin community from grassroots action and voter turnout to elected representation public policy creation and the influence of lobbying organizations Lisa Magaña illustrates the essential roles that Mexican Americans play in the political process and shows how in just the last decade there has been significant political mobilization around issues such as environmental racism immigration and affirmative action Mexican Americans and the Politics of Diversity is directed to readers who are examining this aspect of political action for the first time It introduces the demographic characteristics of Mexican Americans reviewing demographic research regarding this population's participation in both traditional and nontraditional politics and reviews the major historical events that led to the community's political participation and activism today The text then examines Mexican American participation in electoral political outlets including attitudes toward policy issues and political parties considers the reasons for increasing political participation by Mexican American women and explores the issues and public policies that are most important to Mexican Americans such as education community issues housing health care and employment Finally it presents general recommendations and predictions regarding Mexican American political participation based on the demographic cultural and historical determinants of this population looking at how political issues will affect this growing and dynamic population Undoubtedly Mexican Americans are a diverse political group whose interests cannot be easily pigeonholed and after reading this book students will understand that their political participation and the community's public policy needs are often unique Mexican Americans and the Politics of Diversity depicts an important political force that will continue to grow in the coming

decades

Whispering the Techniques of Language: An Emotional Journey through **Mexican Americans**

In a digitally-driven earth where displays reign great and immediate connection drowns out the subtleties of language, the profound strategies and mental subtleties hidden within words usually go unheard.
