Brading, 2001 Juan Diego to whom the Virgin Mary appeared in 1531 miraculously imprinting her likeness on his cape was canonised in Mexico in 2002 by Pope John Paul II In 1999 the revered image of Our Lady of Guadalupe had been proclaimed patron saint of the Americas by the Pope How did a poor Indian and a sixteenth century Mexican painting of the Virgin Mary attract such unprecedented honours Across the centuries the enigmatic power of the image has aroused fervent devotion in Mexico it served as the banner of the rebellion against Spanish rule and despite scepticism and anti clericalism still remains a potent symbol of the modern nation This book traces the intellectual origins the sudden efflorescence and the adamant resilience of the tradition of Our Lady of Guadalupe and will fascinate anyone concerned with the history of religion and its symbols

**Mexican Phoenix** D. A. Brading, 2001 In 1999 Pope John Paul II proclaimed Our Lady of Guadalupe a patron saint of the Americas According to oral tradition and historical documents in 1531 Mary appeared as a beautiful Aztec princess to Juan Diego a poor Indian Speaking to him in his own language she asked him to tell the bishop her name was La Virgen de Guadalupe and that she wanted a church built on the mountain During a second visit the image of the Virgin miraculously appeared on his cape Through the centuries the enigmatic power of this image has aroused such fervent devotion in Mexico that it has served as the banner of the rebellion against Spanish rule and despite skepticism and anticlericalism still remains a potent symbol of the modern nation In *Mexican Phoenix* David Brading traces the intellectual origins the sudden efflorescence and the theology that has sustained the tradition of Our Lady of Guadalupe Brading also documents the interaction of religion and patriotism and describes how the image has served as a banner both for independence and for the Church in its struggle against the Liberal and revolutionary state *Reseña de "Mexican Phoenix, Our Lady of Guadalupe: Image and Tradition Across Five Centuries" de David A. between the Atlantic World and Asia By drawing attention to the trans Pacific trade between the Americas and the Philippines the re exportation of Asian goods from New Spain to Castile and the consumption of Chinese silk Chinese porcelain and Japanese furnishings in New Spain and Seville this book discloses how New Spanish cities and elites were main components of the spread of taste for Asian goods in the Spanish Empire This book reveals how New Spanish family and commercial networks channelled the market formation of Asian goods in the Atlantic World around 1600 From Trent to Vatican II Raymond F. Bulman, Frederick J. Parrella, 2006-05-25 The second Vatican Council was convened by Pope John XXIII between 1962 and 1965 It marked a fundamental shift toward the modern Church and its far reaching innovations replaced or radically changed many of the practices rules and attitudes that had dominated Catholic life and culture since the Council of Trent in the sixteenth century In this book a distinguished team of historians and theologians offers an impartial investigation of the relationship between Vatican II and Trent by examining such issues as Eucharistic theology liturgical change clerical reform the laity the role of women marriage confession devotion to Mary and interfaith understanding As the first book to present such a comprehensive study of the connection between the two great Councils this is an invaluable resource for students theologians and church historians as well as for bishops clergy and religious educators **Brides of Christ** Asunción Lavrin, 2008-05-13 Brides of Christ invites the modern reader to follow the histories of colonial Mexican nuns inside the cloisters where they pursued a religious vocation or sought shelter from the world Lavrin provides a complete overview of conventual life including the early signs of vocation the decision to enter a convent profession spiritual guidelines and devotional practices governance ceremonials relations with male authorities and confessors living arrangements servants sickness and death rituals Individual chapters deal with issues such as sexuality and the challenges to chastity in the cloisters and the little known subject of the nuns own writings as expressions of their spirituality The foundation of convents for indigenous women receives special attention because such religious communities existed nowhere else in the Spanish empire Missing Mary C. Spretnak, 2016-06-07 What ever happened to the Virgin Mary in the modern Catholic Church For the past forty years her presence has been radically minimized In a groundbreaking work Charlene Spretnak cuts across the battle lines delineated by the left and the right within the Church to champion the recovery of the full spiritual presence of Mary Spretnak a liberal Catholic asserts that a deep loss ensues for women in particular when Mary s female embodiment of grace and mystical presence is denied and replaced with a strictly text bound version of her as a Nazarene housewife Complete with a striking insert of contemporary Marian art Missing Mary is a deeply insightful reflection on Mary in the modern age **Stalking the Holy** Michael W. Higgins, 2006 In Stalking the Holy writer and scholar Michael W Higgins explores the Roman Catholic pursuit of saint making the pre eminent Christian model he argues with its elaborate features and arcane cast of players such as the relator and the promotor of the faith He points out that if saints are not actually made so much as recognized by the Church nevertheless this official recognition is a form of manufacture involving motivation
