Mexican Workers In The United States Historical And Political Perspectives

Vernon M. Briggs

Mexican Workers In The United States Historical And Political Perspectives:

Mexican-Origin People in the United States Oscar J. Martínez, 2021-10-12 The history of the United States in the twentieth century is inextricably entwined with that of people of Mexican origin The twenty million Mexicans and Mexican Americans living in the U S today are predominantly a product of post 1900 growth and their numbers give them an increasingly meaningful voice in the political process Oscar J Mart nez here recounts the struggle of a people who have scraped and grappled to make a place for themselves in the American mainstream Focusing on social economic and political change during the twentieth century particularly in the American West Mart nez provides a survey of long term trends among Mexican Americans and shows that many of the difficult conditions they have experienced have changed decidedly for the better Organized thematically the book addresses population dynamics immigration interaction with the mainstream assimilation into the labor force and growth of the Mexican American middle class Mart nez then examines the various forms by which people of Mexican descent have expressed themselves politically becoming involved in community organizations participating as voters and standing for elective office Finally he summarizes salient historical points and offers reflections on issues of future significance Where appropriate he considers the unique circumstances that distinguish the experiences of Mexican Americans from those of other ethnic groups By the year 2000 significant numbers of people of Mexican origin had penetrated the middle class and had achieved unprecedented levels of power and influence in American society at the same time many problems remain unsolved and the masses face new challenges created by the increasingly globalized U S economy This concise overview of Mexican origin people puts these successes and challenges in perspective and defines their contribution to the shaping of modern America Mexican Workers in the United States George C. Kiser, Martha Woody Kiser, 1979 Monograph comprising a collection of readings on issues related to Mexican migrant worker flows including irregular migrants to the USA presents historical and political aspects of foreign worker employment and discusses forced return migration of Mexican nationals during the 1930 s the impact of legal border commuting frontier workers as well as Mexico s reaction to USA migration policy measures against illegal Mexican workers etc Bibliography pp 285 to 289 references and statistical tables **A Companion to Mexican History and Culture** William H. Beezley, 2011-03-16 A Companion to Mexican History and Culture features 40 essays contributed by international scholars that incorporate ethnic gender environmental and cultural studies to reveal a richer portrait of the Mexican experience from the earliest peoples to the present Features the latest scholarship on Mexican history and culture by an array of international scholars Essays are separated into sections on the four major chronological eras Discusses recent historical interpretations with critical historiographical sources and is enriched by cultural analysis ethnic and gender studies and visual evidence The first volume to incorporate a discussion of popular music in political analysis This book is the recipient of the 2013 Michael C Meyer Special Recognition Award from the Rocky Mountain Conference on Latin American Studies The Hispanics In The United

States L. H. Gann, Peter Duignan, L H Gann, 2019-07-11 Hispanic peoples are the fastest growing minority in the United States yet the literature on Hispanics as a group is very sparse This is the first large scale survey to cover the history politics and culture of all major Hispanic groups including Cubans Mexicans Puerto Ricans and Chicanos in the United States The authors begin by examining the Spanish legacy of the Southwest the beginnings of large scale Mexican immigration into the borderlands after the turn of the century socioeconomic changes brought about by World War I and changes in the demographic composition of the nation as a result of later immigration They next discuss in detail the national debate over immigration asking for example whether immigrants compete for jobs and social services whether the Immigration and Naturalization Service is capable of handling the flow of immigrants and whether employer sanctions are just They also describe the immigrants themselves their educational levels occupational backgrounds and experiences in adapting to life in the United States stressing the difference between the various groups in these areas Finally Drs Gann and Duignan look at Hispanic culture including politics education sports and social problems This pioneering study argues that immigration is a positive experience for both the newcomers and the local communities into which they settle

Mexico and its Diaspora in the United States Alexandra Délano, 2011-06-06 In the past two decades changes in the Mexican government's policies toward the 30 million Mexican migrants living in the US highlight the importance of the Mexican diaspora in both countries given its size its economic power and its growing political participation across borders This work examines how the Mexican government's assessment of the possibilities and consequences of implementing certain emigration policies from 1848 to 2010 has been tied to changes in the bilateral relationship which remains a key factor in Mexico's current development of strategies and policies in relation to migrants in the United States Understanding this dynamic gives an insight into the stated and unstated objectives of Mexico's recent activism in defending migrants rights and engaging the diaspora the continuing linkage between Mexican migration policies and shifts in the US Mexico relationship and the limits and possibilities for expanding shared mechanisms for the management of migration within the NAFTA framework

The Oxford Handbook of Mexican Politics Roderic Ai Camp, 2012-02-16 A comprehensive view of the remarkable transformation of Mexico's political system to a democratic model The contributors to this volume assess the most influential institutions actors policies and issues in the country's current evolution toward democratic consolidation

Mexican and Mexican-American Agricultural Labor in the United States Martin Howard Sable, 1987

Proletarians of the North Zaragosa Vargas, 1999-03-02 Between the end of World War I and the Great Depression over 58 000 Mexicans journeyed to the Midwest in search of employment Many found work in agriculture but thousands more joined the growing ranks of the industrial proletariat Relating the experiences of Mexicans in the workplace and neighborhood and showing the roles of Mexican women the Catholic Church and labor unions Vargas enriches our knowledge of immigrant urban life Publisher's description

Social History of the United States Brian Greenberg, Linda S. Watts, Richard A. Greenwald, Gordon

Reavley, Alice L. George, Scott Beekman, Cecelia Bucki, Mark Ciabattari, John C. Stoner, Troy D. Paino, Laurie Mercier, Andrew Hunt, Peter C. Holloran, Nancy Cohen, 2008-10-23 This ten volume encyclopedia explores the social history of 20th century America in rich authoritative detail decade by decade through the eyes of its everyday citizens Social History of the United States is a cornerstone reference that tells the story of 20th century America examining the interplay of policies events and everyday life in each decade of the 1900s with unmatched authority clarity and insight Spanning ten volumes and featuring the work of some of the foremost social historians working today Social History of the United States bridges the gap between 20th century history as it played out on the grand stage and history as it affected and was affected by citizens at the grassroots level Covering each decade in a separate volume this exhaustive work draws on the most compelling scholarship to identify important themes and institutions explore daily life and working conditions across the economic spectrum and examine all aspects of the American experience from a citizen s eye view Casting the spotlight on those whom history often leaves in the dark Social History of the United States is an essential addition to any library collection **U.S. Agriculture and Foreign Workers** Robert D. Emerson, 1988 **The Chicano Experience** Alfredo Mirandé, 2014-02-28 Mirand offers a detailed examination of Chicano social history and culture that includes studies of Chicano labor and the economy the Mexican immigrant and the U S Mexico border conflict the evolution of Chicano criminality the American educational system and its impact on Chicano culture the tensions between the institutional Church and Chicanos and the myths and misconceptions of machismo *U.S. Immigration Policy and the National Interest* United States. Select Commission on Immigration and Refugee Policy, 1981 Determinants Of Emigration From Mexico, Central America, And The Caribbean Sergio Diaz-briquets, 2019-03-07 The Immigration Reform and Control Act of 1986 IRCA was a manifestation of widespread public concern over the volume of undocumented immigration into the United States The principal innovation of this legislation the provision to impose penalties on employers who knowingly hire undocumented immigrants was a response to this concern This effort at restriction was tempered in IRCA by other provisions permitting the legalization of two types of undocumented immigrants those who had resided in the United States since January 1 1982 and what were called special agricultural workers SAWs persons who had worked in perishable crop agriculture for at least 90 days during specified periods from 1983 to 1986 Approximately 3.1 million persons sought legalization what is popularly referred to as amnesty under these two provisions The breakdown was roughly 1.8 million under the regular program and 1.3 million as SAWs Mexicans made up 75 percent of the combined legalization requests **An Analysis of the H-2a Agricultural Guest Worker Program and Recommendations for Future Policy** Paulina M. Irigaray, 2011-03 The majority of the people who make up the United States seasonal agricultural workforce are nonimmigrant Mexican citizens Immigration policies such as the Immigration Reform and Control Act IRCA and the H 2A agricultural guest worker program were meant to encourage growers to employ legal labor workforces A study of the laws and practices that eventually resulted in the H 2A program

shows how and why the demographics are predominantly Mexican In addition such study is revealing as to why the US enacted the H 2A program including definitional details of the program itself However does this program really work This question has radically different answers In theory the program seems to be well designed but in practice it does not function as intended because of its many shortcomings loopholes open ended issues and poor enforcement I will analyze and demonstrate how these inadequacies perpetuate illegal immigration and exploitation of both legal and illegal seasonal agricultural farm workers Lastly I will offer a composite of recommendations for legislative reform of the H 2A program as well as provide pertinent resourceful questions for further research

Encyclopedia of the Developing World Thomas M. Leonard, 2013-10-18 A RUSA 2007 Outstanding Reference Title The Encyclopedia of the Developing World is a comprehensive work on the historical and current status of developing countries Containing more than 750 entries the Encyclopedia encompasses primarily the years since 1945 and defines development broadly addressing not only economics but also civil society and social progress Entries cover the most important theories and measurements of development relate historical events movements and concepts to development both internationally and regionally where applicable examine the contributions of the most important persons and organizations and detail the progress made within geographic regions and by individual countries

No Mexicans, Women, or Dogs Allowed Cynthia E. Orozco, 2022-02-24 A refreshing and pathbreaking study of the roots of Mexican American social movement organizing in Texas with new insights on the struggles of women Devon Pe a Professor of American Ethnic Studies University of Washington Historian Cynthia E Orozco presents a comprehensive study of the League of United Lantin American Citizens with an in depth analysis of its origins Founded by Mexican American men in 1929 LULAC is often judged harshly according to Chicano nationalist standards of the late 1960s and 1970s Drawing on extensive archival research No Mexicans Women or Dogs Allowed presents LULAC in light of its early twentieth century context Orozco argues that perceptions of LULAC as an assimilationist anti Mexican anti working class organization belie the group s early activism Supplemented by oral history this sweeping study probes LULAC s predecessors such as the Order Sons of America blending historiography and cultural studies Against a backdrop of the Mexican Revolution World War I gender discrimination and racial segregation No Mexicans Women or Dogs Allowed recasts LULAC at the forefront of civil rights movements in America

Mass Immigration and the National Interest Vernon M. Briggs, 2003 Briggs labor economics Cornell University describes the country s immigration policies as a hodge podge of counter productive and special interest provisions showing how immigration patterns are in direct conflict with emerging labor market trends and how they threaten the jobs of American workers and offers suggestions for immigration policy reform This third edition is revised and updated drawing on data from the 2000 Census Annotation c 2003 Book News Inc Portland OR booknews com

Picturing Arizona Katherine G. Morrissey, Kirsten Jensen, 2005-10-01 As cultural documents as works of art and as historical records photographs of 1930s Arizona tell a remarkable story They capture enduring visions

of the Depression that linger in cultural memory dust storms Okies on their way to California breadlines and ramshackle tent cities They also reflect a more particular experience and a unique perspective This book places the work of local Arizonans alongside that of federal photographers both to illuminate the impact of the Depression on the state s distinctive racial and natural landscapes and to show the influence of differing cultural agendas on the photographic record The more than one hundred images by well known photographers such as Dorothea Lange and Laura Gilpin as well as by an array of less familiar photographers represent a variety of purposes and perspectives from public to personal political to promotional Six essays and three photo essays bring together prominent authorities in history the arts and other fields who provide diverse perspectives on this period in Arizona and American history Viewed together the words and images capture a Depression era Arizona bustling with activity as federally funded construction projects and seasonal agricultural jobs brought migrants and newcomers to the state They convey the celebrations and the struggles of commercial photographers archaeologists city folks farmers tourists native peoples and others in these hard times As the economic strains of the decade reverberated through the state local photographers documented the lives of Arizona residents including those frequently overlooked by historians As this book persuasively shows photographs can conceal as much as they reveal A young Mexican American girl stands in front of a backdrop that hides the outhouse behind her a deeply moving image for what it suggests about the efforts of her family to conceal their economic circumstances Yet this image is a perfect metaphor for all the photographs in this book stories remain hidden but when viewers begin to question what they cannot see pictures resonate more loudly than ever before This book is a history of Arizona written from the photographic record offering a point of view that may differ from the written record From the images and the insights of the authors we can gain a new appreciation of how one state and its indomitable people weathered our nation s toughest times

Emigration Nations M. Collyer, 2013-10-16 Some states have a long history of reaching out to citizens living in other countries but since 2000 it has become much more common for states to encourage loyalty from current or former citizens living abroad Using detailed case studies this book sets out to explain this significant development with an innovative new theoretical framework

A Democracy That Works Stephen Amberg, 2022-11-25 A Democracy That Works argues that rather than corporate donations Republican gerrymandering and media manipulation the conservative ascendancy reflects the reconstruction of the rules that govern work that has disempowered workers Using six historical case studies from the emergence of the New Deal and its later overtaking by the conservative neoliberal agenda to today s intersectional social justice movements Stephen Amberg deploys situated institutional analysis to show how real actors created the rules that empowered liberal democracy for 50 years and then how Democrats and Republicans undermined democracy by changing those rules thereby organizing working class people out of American politics He draws on multidisciplinary studies to argue that when employees are organized to participate at work they are also organized to participate in politics to press for accountable government In doing so the book opens up

analytical space to understand the unprecedented threat to liberal democracy in the U S A Democracy That Works is a fresh account of the crisis of democracy that illuminates how historical choices about the role of workers in the polity shaped America s liberal democracy during the 20th century It will appeal to scholars of American politics and American political development labor and social movements democracy and comparative politics

Decoding **Mexican Workers In The United States Historical And Political Perspectives**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring.
